Title: Company-Run Annual Stress Test Reporting Template and

Documentation for Covered Institutions with Total Consolidated Assets of \$50 Billion or More under the Dodd-Frank Wall Street Reform and Consumer Protection Act.

OMB Control No.: 1557-NEW.

Description: Section 165(i)(2) of the Dodd-Frank Wall Street Reform and Consumer Protection Act¹ (Dodd-Frank Act) requires certain financial companies, including national banks and Federal savings associations, to conduct annual stress tests² and requires the primary financial regulatory agency³ of those financial companies to issue regulations implementing the stress test requirements.⁴ A national bank or Federal savings association is a "covered institution" and therefore subject to the stress test requirements if its total consolidated assets are more than \$10 billion. Under section 165(i)(2), a covered institution is required to submit to the Board of Governors of the Federal Reserve System (Board) and to its primary financial regulatory agency a report at such time, in such form, and containing such information as the primary financial regulatory agency may require.⁵ On January 24, 2012, the OCC published in the **Federal Register** a notice of proposed rulemaking (NPR) implementing the section 165(i)(2) annual stress test requirement.⁶ This notice describes the reports and information required to meet the reporting requirements under section
