SUPPLEMENTARY INFORMATION:

I. Abstract

The purpose of this information collection is to assist the National Park Service (NPS) in submitting suitable trails or trail systems to the Secretary of the Interior for designation as National Recreation Trails (NRTs), and in recommending exemplary water trails to the Secretary of the Interior for designation as National Water Trails (NWTs) to be included in the National Water Trails System (NWTS). The information collected will be used by the NPS, U.S. Fish and Wildlife Service, U.S. Bureau of Land Management, U.S. Bureau of Reclamation, and U.S. Army Corps of Engineers to evaluate the applications for adherence to NRT requirements and criteria and for NWTs, to determine if additional best management practices have been met.

The NPS administers the NRT program by authority of section 4 of the National Trails System Act (16 U.S.C. 1243). Secretarial Order No. 3319 established National Water Trails as a class of National Recreation Trails and directed that such trails collectively be considered in a National Water Trail System.

Designation as a NRT provides national recognition to local and regional trails or trail systems, acknowledging local and state efforts to build and maintain viable trails and trail systems. This recognition function is

shared by the Secretary of Agriculture (for trails on National Forest lands and waters) and the Secretary of the Interior (for all other trails). The Secretary of the Interior has delegated NRT coordination to the NPS, which also maintains the system of record for the more than 1,200 NRTs and 9 NWTs designated to date.

The NWTS is focused on building a national network of exceptional water trails that can be sustained by an ever growing and vibrant water trail community. The NWTS connects Americans to the nation's waterways and strengthens the conservation and restoration of those waterways. Best management practices provide high quality water-based outdoor recreational opportunities.
