k. *Description of Application:* Duke Energy Carolinas, LLC requests after-the-fact Commission approval to amend the layout of Stutts Marina on Lake Norman. The Commission originally approved this commercial marina in 1983. In 2006, Duke Energy Carolinas, LLC authorized modifications to the marina, which now consists of two multi-slip docks, one accommodating 12 watercraft and the other accommodating 19 watercraft (including one houseboat), as well as a gasoline service dock, customer service dock, and boat ramp. The modified marina layout is mostly similar to the originally-approved design except that the docks have shifted location slightly and the multi-slip docks are longer and skinnier than approved, but with shorter access ramps.

l. *Locations of the Application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street NE., Room 2A, Washington, DC 20426, or by calling (202) 502-8371. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.
