must comply with the instructions of the Captain of the Port Jacksonville or a designated representative.

(3) The Coast Guard will provide notice of the regulated area by Local Notice to Mariners, Broadcast Notice to Mariners, and on-scene designated representatives.

(d) Effective Date and Enforcement Periods. This rule is effective from 10 a.m. on October 19, 2012, through 4 p.m. on October 21, 2012. This rule will be enforced daily from 10 a.m. to 4 p.m. on October 19, 2012 through October 21, 2012.

Dated: July 26, 2012.

R.E. Holmes,
Commander, U.S. Coast Guard, Acting Captain of the Port Jacksonville.

ARCHITECTURAL AND TRANSPORTATION BARRIERS COMPLIANCE BOARD

36 CFR Part 1192

[Docket No. ATBCB 2010–0004]

RIN 3014–AA38

Americans With Disabilities Act (ADA) Accessibility Guidelines for Transportation Vehicles

AGENCY: Architectural and Transportation Barriers Compliance Board.

ACTION: Notice of public information meeting and reopening of comment period.

SUMMARY: The Architectural and Transportation Barriers Compliance Board (Access Board) is holding a public information meeting in Washington, DC on September 19, 2012 on the pending rulemaking to revise and update its accessibility guidelines for buses, over-the-road buses, and vans. The purpose of the meeting is to discuss issues related to the design and slope of bus ramps and the space needed at the top of ramps by individuals who use wheeled mobility devices to access the fare collection device and to turn into the main aisle. The Access Board is also reopening the comment period on the rulemaking.

DATES: The public information meeting in Washington, DC will be held from 9:30 a.m. to 1:30 p.m. on September 19, 2012. Persons planning to attend the meeting should contact Scott Windley at (202) 272–0025 (voice), (202) 272–0028 (TTY), or windley@access-board.gov. More information and any updates to the rulemaking will be posted on the Access Board’s Web site at http://www.access-board.gov/transit/. The reopened comment period on the rulemaking will extend from August 20, 2012 through October 31, 2012.

ADDRESSES: Submit comments by any of the following methods:

• Email: docket@access-board.gov.
Include docket number ATBCB 2010–0004 in the subject line of the message.
• Fax: (202) 272–0081.
• Mail or Hand Delivery/Courier: Office of Technical and Information Services, Access Board, 1331 F Street NW., Suite 1000, Washington, DC 20004–1111.

All comments will be posted without change to http://www.regulations.gov, including any personal information provided. All comments previously received are also available at this site. The public information meeting location is Access Board Conference Room, 1331 F Street NW., Suite 800, Washington, DC 20004.

FOR FURTHER INFORMATION CONTACT: Scott Windley, Office of Technical and Information Services, Architectural and Transportation Barriers Compliance Board, 1331 F Street NW., Suite 1000, Washington, DC 20004–1111. Telephone (202) 272–0025 (voice) or (202) 272–0028 (TTY), Email address windley@access-board.gov.

SUPPLEMENTARY INFORMATION:

On July 26, 2010, the Architectural and Transportation Barriers Compliance Board (Access Board) issued a notice of proposed rulemaking (NPRM) to revise and update its accessibility guidelines for buses, over-the-road buses, and vans. See 75 FR 43748, July 26, 2010. The NPRM revised both the substance and structure of the guidelines. In addition to a new organization and format, the NPRM included revisions to technical requirements for ramp slopes, onboard circulation routes, wheelchair spaces, and securement systems. The NPRM also included a new requirement for automated stop and route announcements in systems with 100 or more buses and requirements specific to bus rapid transit systems. The comment period on the NPRM ended on November 23, 2010. The NPRM proposed that bus ramps have slopes not steeper than 1:6 (16 percent) when deployed to the boarding and alighting areas without station platforms and to the roadway. See T303.8.1 in the NPRM. Some bus and ramp manufacturers currently provide ramps that meet this proposed provision. To minimize the ramp extension beyond the doorway, some manufacturers provide a fixed ramp slope inside the bus creating the potential for a grade break, or change in ramp slope, within a single ramp run. These designs also can reduce the level floor space at the top of the ramp. After the comment period on the NPRM ended, the Access Board received correspondence from Lane Transit District, Santa Clara Valley Transportation Authority, and Douglas Cross Transportation Consulting that raises issues regarding the usability of these ramps. The Access Board staff met with representatives from Lane Transit District and Douglas Cross Transportation Consulting to discuss these issues. The correspondence and a report on the meeting have been placed in the docket at http://www.regulations.gov.

The Access Board will hold a public information meeting in Washington, DC from 9:30 a.m. to 1:30 p.m. on September 19, 2012 to discuss issues related to the design and slope of bus ramps and the space at the top of ramps needed by individuals who use wheeled mobility devices to access fare collection devices and to turn into main aisles. The Access Board plans to hold an additional public information meeting on the same issues at the annual meeting of the American Public Transportation Association (APTA) in Seattle, Washington during the first week of October 2012. A notice will be published in the Federal Register announcing the specific date and location of the public information meeting at the APTA annual meeting. The Access Board is interested in receiving information on the following questions at the public information meetings:

1. Can a bus ramp with a slope of 1:6 be provided without a grade break and without compromising the available level space within the bus at the top of the ramp? How might bus kneeling affect these designs?
2. If the ramp slope were required to be uniform for the length of the ramp with no grade breaks, how would such a requirement affect bus and ramp designs, manufacturers, transit operators, and transit users, including those with disabilities?
3. How much level space, measured when the bus is sitting on a level surface, can be provided beyond the top of the ramp? How can this space be configured to permit individuals who use wheeled mobility devices to access fare collection devices and to turn into
the main aisle? How does the slope of the ramp, the location of the fare collection device, and the configuration of the handrail affect the availability of this space?

4. If level space were required at the top of the ramp to permit access to fare collection devices and to facilitate turning into main aisles, how would such a requirement affect bus designs, manufacturers, transit operators, and transit users, including those with disabilities?

Bus and ramp manufacturers, transit operators, researchers, disability organizations, and interested individuals are invited to participate in the public information meetings. Transcripts of the meetings will be placed in the docket and will be available on the Access Board’s Web site at http://www.access-board.gov/transit/.

The information meetings will be accessible to persons with disabilities. An assistive listening system, computer assisted real-time transcription (CART), and sign language interpreters will be provided. Persons attending the information meetings are requested to refrain from using perfume, cologne, and other fragrances for the comfort of other participants (see www.access-board.gov/about/policies/fragrance.htm for more information).

The Access Board is reopening the comment period to allow interested persons to respond to the recent correspondence from Lane Transit District, Santa Clara Valley Transportation Authority, and Douglas Cross Transportation Consulting and information presented at the public information meetings, or to submit other comments on the rulemaking.

David M. Capozzi, Executive Director.

BILLING CODE 8150–01–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 300

National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List: Deletion of the W.R. Grace & Co., Inc./Wayne Interim Storage (USDOE) Superfund Site

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule; notice of intent.

SUMMARY: The Environmental Protection Agency (EPA) Region II is issuing a Notice of Intent to Delete the W.R. Grace & Co., Inc./Wayne Interim Storage (USDOE) Superfund Site located at 868 Black Oak Ridge Road, Wayne Township, NJ 07470, from the National Priorities List (NPL) and requests public comments on this proposed action. The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is an appendix of the National Oil and Hazardous Substances Pollution Contingency Plan. The EPA and the State of New Jersey, through the Department of Environmental Protection, have determined that all appropriate response actions under CERCLA, have been completed. However, this deletion does not preclude future actions under Superfund.

DATES: Comments must be received by September 19, 2012.

ADDRESSES: Submit your comments, identified by Docket ID no. EPA–HQ–SFUND–2005–0011, by one of the following methods:

• Email: ingrisano.paul@epa.gov.

• Fax: 212–637–3256.

• Hand Delivery: U.S. EPA Superfund Records Center, Region II, 290 Broadway, 18th Floor, New York, NY 10007–1866. Such deliveries are only accepted during the Docket’s normal hours of operation, and special arrangements should be made for deliveries of box(ed) information.

Instructions: Direct your comments to Docket ID no. EPA–HQ–SFUND–2005–0011. EPA’s policy is that all comments received will be included in the public docket without change and may be made available online at http://www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through http://www.regulations.gov or email. The http://www.regulations.gov Web site is an “anonymous access” system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an electronic comment directly to EPA without going through http://www.regulations.gov, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD–ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: All documents in the docket are listed in the http://www.regulations.gov index. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in the hard copy. Publicly available docket materials are available either electronically in http://www.regulations.gov or in hard copy at: U.S. EPA Superfund Records Center, Region II, 290 Broadway, 18th Floor, New York, NY 10007–1866. Business hours: 9 a.m. to 5 p.m., Monday through Friday. Phone 212–637–4308.

Wayne Public Library, 461 Valley Road, Wayne, NJ 07470. Business hours: 9 a.m. to 9 p.m., Monday through Thursday; 9 a.m. to 5:30 p.m., Friday; 10 a.m. to 5 p.m., Saturday; closed Sunday, June through August; 1 p.m. to 5 p.m., September through May. Phone 973–694–4272.

SUPPLEMENTARY INFORMATION: In the “Rules and Regulations” Section of today’s Federal Register, we are publishing a direct final Notice of Deletion of W.R. Grace & Co., Inc./Wayne Interim Storage (USDOE) Superfund Site without prior Notice of Intent to Delete because we view this as a noncontroversial revision and anticipate no adverse comment. We have explained our reasons for this deletion in the preamble to the direct
