Title: Nutrition Assistance in Farmers' Markets: Understanding Shipping Patterns.

OMB Control Number: 0584–0564.

Summary of Collection: The USDA, Food and Nutrition Service (FNS), is pursuing initiatives to improve access to healthy foods among nutrition assistance program clients. Among these are steps to support access to fresh fruits and vegetables through farmers' markets. The overall objective of this collection is to promote opportunities for nutrition assistance program clients to take advantage of farmers' markets. In order to meet this objective, FNS needs to examine the reasons behind the shopping decision at farmers' markets among recipients of Supplemental Nutrition Assistance Program (SNAP) benefits. FNS will conduct a survey with SNAP participants who purchase food in a catchment area around a nationally representative sample of farmers' markets that redeemed at least \$1,000 of SNAP benefits from July 2010 through June 2011. The collection is authorized under Section 17 (7 U.S.C. 2026) (a)(1) of the Food and Nutrition Act of 2008.

Need and Use of the Information: The objectives of this study are to: (1) Understand the shopping patterns of the SNAP participants redeeming benefits at farmers' markets, (2) understanding why some SNAP households do not shop at farmers' markets, (3) understanding the characteristics of the farmers' markets serving the participants surveyed. The information gathered in the survey and focus groups will be used by FNS to understand the facilitators and barriers for SNAP participants to shop at farmers' markets. If the information collection is not conducted, USDA/FNS will be unable to improve its understanding of what factors influence SNAP shoppers' decisions to shop at farmers' markets, in order to identify policy changes that could attract program participants to healthier and fresher foods.

Description of Respondents: Individuals or households.
