Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule; correction.

SUMMARY: On August 25, 2011, FEMA published in the **Federal Register** a proposed rule that contained an erroneous table. On October 4, 2011, a correction to that original notice was published in the **Federal Register**. This notice provides corrections to that initial table and the correction notice, to be used in lieu of the information published at 76 FR 53082 and at 76 FR 61295. The table provided here represents the flooding sources, location of referenced elevations, effective and modified elevations, and communities affected for Smith County, Texas, and Incorporated Areas. Specifically, it

addresses the flooding sources: Black Fork Creek, Black Fork Creek Tributary BF-1, Black Fork Creek Tributary BF-M-1, Black Fork Creek Tributary D, Black Fork Creek Tributary D-1, Black Fork Creek Tributary D-2, Black Fork Creek Tributary D-3, Butler Creek, Gilley Creek, Gilley Creek Tributary G-1, Harris Creek, Henshaw Creek, Indian Creek, Ray Creek, Shackelford Creek, West Mud Creek, West Mud Creek Tributary 11, West Mud Creek Tributary B, West Mud Creek Tributary M-1, West Mud Creek Tributary M-2, West Mud Creek Tributary M-A, West Mud Creek Tributary M-A.1, West Mud Creek Tributary M-A.2, West Mud Creek Tributary M-C, West Mud Creek Tributary M-C.1, West Mud Creek Tributary M-C.2, Wiggins Creek, and Willow Creek.

DATES: Comments are to be submitted on or before November 20, 2012.

ADDRESSES: You may submit comments, identified by Docket No. FEMA-B-1213, to Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064 or (email) luis.rodriquez3@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064 or (email) luis.rodriquez3@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency

(FEMA) publishes proposed determinations of Base (1% annual-chance) Flood Elevations (BFEs) and modified BFEs for communities participating in the National Flood Insurance Program (NFIP), in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are minimum requirements. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in those buildings.

Correction

In the proposed rule published at 76 FR 53082, in the August 25, 2011 issue of the **Federal Register**, and in the correction notice published at 76 FR 61295, in the October 4, 2011 issue, FEMA published a table and its corrections under the authority of 44 CFR 67.4. The table, entitled "Smith County, Texas, and Incorporated Areas" addressed the flooding sources: Black Fork Creek, Black Fork Creek Tributary BF-1, Black Fork Creek Tributary BF-

M-1, Black Fork Creek Tributary D, Black Fork Creek Tributary D-1, Black Fork Creek Tributary D-2, Black Fork Creek Tributary D-3, Black Fork Creek Tributary D-4, Black Fork Creek Tributary D-5, Butler Creek, Gilley Creek, Gilley Creek Tributary G-1, Harris Creek, Henshaw Creek, Indian Creek, Ray Creek, Shackelford Creek, West Mud Creek, West Mud Creek Tributary 11, West Mud Creek Tributary B, West Mud Creek Tributary M-1, West Mud Creek Tributary M-2, West Mud Creek Tributary M-A, West Mud Creek Tributary M-A.1, West Mud Creek Tributary M-A.2, West Mud Creek

Tributary M-C, West Mud Creek Tributary M-C.1, West Mud Creek Tributary M-C.2, Wiggins Creek, and Willow Creek. That table contained inaccurate information as to the location of referenced elevation, effective and modified elevation in feet, and/or communities affected for the flooding sources: Black Fork Creek Tributary D, Black Fork Creek Tributary D-1, Black Fork Creek Tributary D-2, Black Fork Creek Tributary D-3, Harris Creek, Indian Creek, Shackelford Creek, West Mud Creek, West Mud Creek Tributary 11, West Mud Creek Tributary B, West Mud Creek Tributary M-1, West Mud

Creek Tributary M-A.1, West Mud Creek Tributary M-A.2, West Mud Creek Tributary M-C, West Mud Creek Tributary M-C.1, West Mud Creek Tributary M-C.2, and Willow Creek. The table also contained two flooding sources, Black Fork Creek Tributary D-4 and Black Fork Creek Tributary D-5, which were removed from the original publication. In this notice, FEMA is publishing a table containing the accurate information, to address these prior errors. The information provided below should be used in lieu of that previously published.

RIN 2127-AL22

Withdrawal of Proposed Rule on Insurer Reporting Requirements; List of Insurers Required To File Reports

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Withdrawal of proposed rule.

SUMMARY: This document withdraws a proposed rule published on May 14, 2012, that was intended to implement the requirements contained in Title 49 U.S.C. 33112 of the Insurer Reporting Requirements. This proposed rule required insurers to file reports on their motor vehicle theft loss experiences. An insurer included in any of the appendices that appeared in the proposed rule would be required to file three copies of its report for the 2009

calendar year before October 25, 2012. If the passenger motor vehicle insurers remain listed, they would submit reports by each subsequent October 25. Congress subsequently repealed Title 49 U.S.C. 33112 of the Insurer Reporting Requirements.

DATES: The proposed rule is withdrawn as of August 22, 2012.

FOR FURTHER INFORMATION CONTACT:

Carlita Ballard, Office of International Policy, Fuel Economy and Consumer Programs, NHTSA, 1200 New Jersey Avenue SE., Washington, DC 20590, or by electronic mail to Carlita.Ballard@dot.gov. Ms. Ballard's telephone number is (202) 366-5222. Her fax number is (202) 493-2990.

SUPPLEMENTARY INFORMATION: Congress enacted the Motor Vehicle Theft Law Enforcement Act of 1984 (Pub. L. 98-547). This legislation added a new Title VI to the Motor Vehicle Information and Cost Savings Act which required the Department of Transportation to promulgate a Theft Prevention Standard for selected passenger cars exhibiting high theft rates. Pursuant to Title 49 U.S.C., Section 33112, *Insurer reports and information*, NHTSA requires certain passenger motor vehicle insurers to file an annual report with the agency. Each insurer's report includes information about thefts and recoveries of motor vehicles, the rating rules used by the insurer to establish premiums for comprehensive coverage, the actions taken by the insurer to reduce such premiums, and the actions taken by the insurer to reduce or deter theft. Under the agency's regulation, 49 CFR Part

544, the following insurers are subject to the reporting requirements:

- (1) Issuers of motor vehicle insurance policies whose total premiums account for 1 percent or more of the total premiums of motor vehicle insurance issued within the United States;
- (2) Issuers of motor vehicle insurance policies whose premiums account for 10 percent or more of total premiums written within any one state; and
- (3) Rental and leasing companies with a fleet of 20 or more vehicles not covered by theft insurance policies issued by insurers of motor vehicles, other than any governmental entity.

Section 33112(f)(2) provided that the agency shall exempt small insurers of passenger motor vehicles if NHTSA found that such exemptions would not significantly affect the validity or usefulness of the information in the reports, either nationally or on a state-by-state basis. The term "small insurer" is defined, in Section 33112(f)(1)(A) and (B), as an insurer whose premiums for motor vehicle insurance issued directly or through an affiliate, including pooling arrangements established under state law or regulation for the issuance of motor vehicle insurance, account for less than 1 percent of the total premiums for all forms of motor vehicle insurance issued by insurers within the United States. However, that section also stipulated that if an insurance company satisfied this definition of a "small insurer," but accounted for 10 percent or more of the total premiums for all motor vehicle insurance issued in a particular state, the insurer must report about its operations in that state.
