

policy.” A lead agency request to EPA to reduce time periods or another Federal agency (not the lead agency) request to formally extend a time period should be submitted in writing to the Director, Office of Federal Activities, and outline the reasons for the request. These requests can be submitted by email to: EISfiling@epa.gov. EPA will accept telephone requests; however, agencies should follow up such requests in writing so that the documentation supporting the decision is complete. A meeting to discuss the consequences for the project and any decision to change time periods may be necessary. For this reason, EPA asks that it be made aware of any intent to submit requests of this type as early as possible in the NEPA process. This is to prevent the possibility of the time frame for the decision on the time period modification from interfering with the lead agency’s schedule for the EIS. EPA will notify CEQ of any reduction or extension granted.

6. Retention

Filed EISs are retained in the *e-NEPA* Filing system for two years. After two years the EISs are sent to the National Records Center. After a total of twenty (20) years the EISs are transferred to the National Archives Records Administration (NARA).

Please note that EPA maintains a Web site that will make available copies of the filed EISs to the public. The retention schedule does not affect the availability of these electronic copies.

Dated: August 21, 2012.

Director, NEPA Compliance Division, Office of Federal Activities.
