AGENCY: National Institutes of Health (NIH), Department of Health and Human Services (DHHS).
ACTION: Notification of a proposed exempt new system of records.
SUMMARY: In accordance with the requirements of the Privacy Act of 1974, as amended (Privacy Act), the National Institutes of Health (NIH) is proposing to establish an exempt new system of records, 09–25–0223, “NIH Records Related to Research Misconduct Proceedings, HHS/NIH.” The new system will contain records pertaining to individual respondents who are the subject of research misconduct allegations or proceedings governed by the Public Health Service (PHS) Policies on Research Misconduct (“PHS Policies on Research Misconduct”), 42 CFR Part 93 (“Part 93”). DATES: The new system of records will be effective on the date of publication of this notice, with the exception of the routine uses and the requested exemptions. The routine uses will become effective on October 12, 2012. As detailed in the related rulemaking notices published elsewhere in the Federal Register, unless revised or withdrawn in response to comments, the requested exemptions will become effective 135 days after publication of the rulemaking notices. Submit either electronic or written comments regarding this notice by October 12, 2012.
