Request for Additional Nominations of Candidates for the EPA's Science Advisory Board (SAB), Chemical Assessment Advisory Committee

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: The U.S. Environmental Protection Agency (EPA) invites public nominations of additional scientific experts to be considered for appointment to the EPA's Science Advisory Board (SAB) Chemical Assessment Advisory Committee (CAAC) to provide advice through the chartered SAB regarding Toxicological Reviews of environmental chemicals available on EPA's Integrated Risk Information System (IRIS).

DATES: Nominations should be submitted in time to arrive no later than September 19, 2012.

FOR FURTHER INFORMATION CONTACT: Nominators unable to submit nominations electronically as described below may submit a paper copy to the Designated Federal Officer for the committee, Mr. Aaron Yeow, DFO by email at yeow.aaron@epa.gov or contact him by telephone at 202–564–2050.

Background: The chartered SAB (the Board) was established in 1978 by the Environmental Research, Development and Demonstration Act (42 U.S.C. 4365) to provide independent advice to the Administrator on general scientific and technical matters underlying the Agency's policies and actions. Members of the SAB and its subcommittees constitute a distinguished body of non-EPA scientists, engineers, economists, and social scientists that are nationally and internationally-recognized experts in their respective fields from academia, industry, state, and tribal governments, research institutes, and non-governmental organizations. Members are appointed by the EPA Administrator for a period of three years. The SAB conducts business in accordance with the Federal Advisory Committee Act (FACA) (5 U.S.C. App. 2) and related regulations. Generally, SAB meetings are announced in the **Federal Register**, conducted in public view, and provide opportunities for public input during deliberations. All the work of the SAB subcommittees is performed under the direction of the Board. The chartered Board provides strategic advice to the EPA Administrator on a variety of EPA science and research programs and reviews and approves all SAB subcommittee and panel reports. Additional information about the SAB Federal Advisory Committees may be found on the SAB Web site at <http://www.epa.gov/sab>.

The U.S. EPA SAB Staff Office announced in a **Federal Register** Notice (Vol. 76, No. 223, pp. 71561–62) published on November 18, 2011, that it was forming a new committee under the auspices of the SAB to provide advice to EPA through the chartered SAB regarding the development of IRIS Toxicological Reviews. The SAB Staff Office sought public nominations of nationally and internationally recognized experts with knowledge in human health risk assessment and expertise in a range of disciplines including, but not limited to: public health; epidemiology; toxicology; modeling; biostatistics; and risk assessment. The SAB Staff Office invited public comments on the list of candidates being considered for appointment to the CAAC, which was announced in a **Federal Register** Notice (Vol. 77, No. 40, p. 12302) published on February 29, 2012. The list of candidates is available at: [http://yosemite.epa.gov/sab/sabproduct.nsf/WebBOARD/CAACListofCandidates/\\$File/bio%20list%20of%20candidates-memo022912.pdf](http://yosemite.epa.gov/sab/sabproduct.nsf/WebBOARD/CAACListofCandidates/$File/bio%20list%20of%20candidates-memo022912.pdf). The SAB Staff Office

is seeking additional scientific experts to be considered for appointment to the CAAC.

Expertise Sought: The SAB Staff Office is seeking nominations of additional experts to serve on the SAB CAAC with expertise in health disparities to sensitive and susceptible populations. There is no need to resubmit nominations for individuals already on the list of candidates. For further information, please contact Mr. Aaron Yeow, DFO, by telephone at 202–564–2050 or by email at yeow.aaron@epa.gov.

Selection criteria include:

- Willingness to commit time to the committee and demonstrated ability to work constructively and effectively on committees;
- Absence of financial conflicts of interest;
- Absence of an appearance of a lack of impartiality;

Nominations should be submitted in electronic format (preferred) following the instructions for “Nominating Experts to the Chemical Assessment Advisory Committee” provided on the SAB Web site. The form can be accessed through the “Nomination of Experts” link on the blue navigational bar on the SAB Web site at <http://www.epa.gov/sab>. To be considered, all nominations should include the information requested. EPA values and welcomes diversity. In an effort to obtain nominations of diverse candidates, EPA encourages nominations of women and men of all racial and ethnic groups.
