

TABLE 1 TO § 165.151—Continued

9.3 Village of Island Park Labor Day Celebration Fireworks	<ul style="list-style-type: none"> • Date: September 1, 2012. • Rain Date: September 2, 2012. • Location: Waters off Village of Island Park Fishing Pier, Village Beach, NY in approximate position 40°36'30.95" N, 073°39'22.23" W (NAD 83).
--	--

Under the provisions of 33 CFR 165.151, the fireworks displays listed above are established as safety zones. During these enforcement periods, persons and vessels are prohibited from entering into, transiting through, mooring, or anchoring within the safety zones unless they receive permission from the COTP or designated representative.

This notice is issued under authority of 33 CFR part 165 and 5 U.S.C. 552(a). In addition to this notice in the **Federal Register**, the Coast Guard will provide the maritime community with advance notification of this enforcement period via the Local Notice to Mariners or marine information broadcasts. If the COTP determines that a regulated area need not be enforced for the full duration stated in this notice, a Broadcast Notice to Mariners may be used to grant general permission to enter the regulated area.

Dated: July 31, 2012.

J.M. Vojvodich,

Captain, U.S. Coast Guard, Captain of the Port Sector Long Island Sound.

BILLING CODE 9110-04-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R03-OAR-2011-0866; FRL-9723-3]

Approval and Promulgation of Air Quality Implementation Plans; Maryland; Preconstruction Requirements—Prevention of Significant Deterioration and Nonattainment New Source Review; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; correction.

SUMMARY: This document corrects errors in the final rule document published on August 2, 2012 announcing EPA's final approval of several revisions to the Maryland State Implementation Plan (SIP) pertaining to preconstruction requirements under the Prevention of Significant Deterioration (PSD) and nonattainment New Source Review (NSR) programs. The correction of these

errors neither changes EPA's final action to approve these regulations nor the September 4, 2012 effective date of that final approval.

DATES: *Effective Date:* September 4, 2012.

FOR FURTHER INFORMATION CONTACT: David Talley, (215) 814-2117 or by email at talley.david@epa.gov.

SUPPLEMENTARY INFORMATION: On August 2, 2012 (77 FR 45949), EPA published a final rulemaking action announcing its approval of revisions to the Maryland SIP pertaining to preconstruction requirements under the PSD and nonattainment NSR programs. In this document, a reference on page 45953 to the approval of Maryland's October 24, 2007 SIP revision submittal was inadvertently omitted. The document also inadvertently provided an incorrect state effective date on page 45954 regarding the addition of an entry to paragraph 52.1070(c) for COMAR 26.11.01.01. Finally, the document inadvertently neglected to remove 40 CFR 52.1073(h) containing the Federally-promulgated "Narrowing Rule" for greenhouse gas (GHG) emissions. In its March 19, 2012 notice of proposed rulemaking (77 FR 15985, 15989), EPA stated, "With the regulations submitted in the proposed SIP revision, Maryland has adopted EPA's tailoring approach." In view of its August 2, 2012 final approval of Maryland's SIP revision, EPA has determined that section 52.1073(h) is redundant and should have been removed from the CFR. EPA is correcting that oversight with this corrective action.

In rule document 2012-18656, published in the **Federal Register** on August 2, 2012 (77 FR 45949):

1. On page 45952, in the first column, the first sentence under "IV. Final Action" is revised to read, "EPA is approving MDE's October 24, 2007, July 31, 2009 and June 23, 2011 SIP submittals as a revision to the Maryland SIP."

§ 52.1070 [Corrected]

■ 2. On page 45953, the State effective date in the third column of the table in § 52.1070(c) for the entry "26.11.01.01" (Definitions) is revised to read "5/16/

11." All other amendments to this paragraph remain unchanged.

§ 52.1073 [Corrected]

■ 3. On page 45954, an amendatory instruction is added to the end of the document to read, "3. In § 52.1073, paragraph (h) is removed."

Section 553 of the Administrative Procedure Act, 5 U.S.C. 553(b)(3)(B), provides that, when an agency for good cause finds that notice and public procedure are impracticable, unnecessary or contrary to the public interest, the agency may issue a rule without providing notice and an opportunity for public comment. EPA has determined that there is good cause for making today's rule final without prior proposal and opportunity for comment because it merely corrects an incorrect citation in a previous action. Thus, notice and public procedure are unnecessary. EPA finds that this constitutes good cause under 5 U.S.C. 553(b)(3)(B).

Statutory and Executive Order Reviews

Under Executive Order (E.O.) 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and is therefore not subject to review by the Office of Management and Budget. For this reason, this action is also not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355 (May 22, 2001)). Because the agency has made a "good cause" finding that this action is not subject to notice-and-comment requirements under the Administrative Procedures Act or any other statute as indicated in the Supplementary Information section above, it is not subject to the regulatory flexibility provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq*), or to sections 202 and 205 of the Unfunded Mandates Reform Act of 1995 (UMRA) (Pub. L. 104-4). In addition, this action does not significantly or uniquely affect small governments or impose a significant intergovernmental mandate, as described in sections 203 and 204 of UMRA. This rule also does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of

power and responsibilities between the Federal Government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), nor will it have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of governments, as specified by Executive Order 13132 (64 FR 43255, August 10, 1999). This rule also is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997), because it is not economically significant. This technical correction action does not involve technical standards; thus the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. The rule also does not involve special consideration of environmental justice related issues as required by Executive Order 12898 (59 FR 7629, February 16, 1994). In issuing this rule, EPA has taken the necessary steps to eliminate drafting errors and ambiguity, minimize potential litigation, and provide a clear legal standard for affected conduct, as required by section 3 of Executive Order 12988 (61 FR 4729, February 7, 1996). EPA has complied with Executive Order 12630 (53 FR 8859, March 15, 1998) by examining the takings implications of the rule in accordance with the Attorney General's Supplemental Guidelines for the Evaluation of Risk and Avoidance of Unanticipated Takings issued under the executive order. This rule does not impose an information collection burden under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). The Congressional Review Act (5 U.S.C. 801 *et seq.*), as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. Section 808 allows the issuing agency to make a rule effective sooner than otherwise provided by the CRA if the agency makes a good cause finding that notice and public procedure is impracticable, unnecessary or contrary to the public interest. This determination must be supported by a brief statement. 5 U.S.C. 808(2). As stated previously, EPA had made such a good cause finding, including the reasons therefore, and established an effective date of August 13, 2012. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of

Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This action to correct the document preamble, to correct the revision to § 52.1070(c), and to remove § 52.1073(h) is not a "major rule" as defined by 5 U.S.C. 804(2).

Dated: August 17, 2012.

W.C. Early,

Acting Regional Administrator, EPA Region III.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R05-OAR-2010-1047; FRL-9720-2]

Approval and Promulgation of Air Quality Implementation Plans; Indiana; Volatile Organic Compounds; Architectural and Industrial Maintenance Coatings

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is approving into the Indiana State Implementation Plan (SIP) the addition of a new rule that sets limits on the amount of volatile organic compounds (VOC) in architectural and industrial maintenance (AIM) coatings that are sold, supplied, manufactured, or offered for sale in the State.

DATES: This direct final rule will be effective October 29, 2012, unless EPA receives adverse comments by October 1, 2012. If adverse comments are received, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** informing the public that the rule will not take effect.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R05-OAR-2010-1047, by one of the following methods:

1. *www.regulations.gov*: Follow the on-line instructions for submitting comments.

2. *Email*: blakley.pamela@epa.gov.

3. *Fax*: (312) 692-2450.

4. *Mail*: Pamela Blakley, Chief, Control Strategies Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, 77 West Jackson Boulevard, Chicago, Illinois 60604.

5. *Hand Delivery*: Pamela Blakley, Chief, Control Strategies Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, 77 West Jackson Boulevard, Chicago, Illinois 60604. Such deliveries are only

accepted during the Regional Office normal hours of operation, and special arrangements should be made for deliveries of boxed information. The Regional Office official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding Federal holidays.

Instructions: Direct your comments to Docket ID No. EPA-R05-OAR-2010-1047. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or email. The www.regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA without going through www.regulations.gov your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: All documents in the docket are listed in the www.regulations.gov index. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available either electronically in www.regulations.gov or in hard copy at the Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays. We recommend that you telephone Anthony Maietta, Environmental Protection
