

65K2 MAVERICK All-Up-Round Missiles, 36 TGM-65K2 Captive Air Training Missiles, 3 TGM-65D Maintenance Training Missiles, spare and repair parts, support equipment, tool and test equipment, personnel training and training equipment, publications and technical data, U.S. Government and contractor technical and logistics personnel services and other related elements of program and logistics support. The estimated cost is \$25 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country which has been, and continues to be, an important force for political stability and economic progress in Southeast Asia.

The Indonesian Air Force (IAF) needs these missiles to train its F-16 pilots in basic air-to-ground weapons employment. The quantities in the proposed sale will support the IAF's existing fleet of 10 F-16s, as well as the 24 F-16s being provided as Excess Defense Articles. The proposed sale will foster continued cooperation between the U.S. and Indonesia, making Indonesia a more valuable regional partner in an important area of the world.

The proposed sale of this equipment will not alter the basic military balance in the region.

The principal contractors will be Raytheon Missile Systems in Tucson, Arizona. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of additional U.S. Government or contractor representatives to Indonesia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 12-44

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The AGM-65K MAVERICK is an air-to-ground tactical missile designed for close air support. The missile hardware is Unclassified, but has an overall classification of Secret. The Secret aspects of the MAVERICK system are tactics, information revealing its vulnerability to countermeasures, and counter-countermeasures. Manuals and technical documents that are necessary for operational use and organizational

maintenance have portions that are classified Confidential. Performance and operating logic of the countermeasures circuits are Secret.

2. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures which might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE

Office of the Secretary

Reestablishment of Department of Defense Federal Advisory Committees

AGENCY: Department of Defense, DoD.

ACTION: Reestablishment of Federal Advisory Committee.

SUMMARY: Under the provisions of 10 U.S.C. 2166(e), the Federal Advisory Committee Act of 1972 (5 U.S.C. Appendix), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b), and 41 CFR 102-3.50(a), the Department of Defense gives notice that it is reestablishing the charter for the Board of Visitors, National Defense University (hereafter referred to as "the Board").

The Board shall provide independent advice and recommendations on the overall management and governance of the National Defense University in achieving its mission.

The Board shall report to the Deputy Secretary of Defense and Secretary of Defense through the Chairman of the Joint Chiefs of Staff and the President of the National Defense University. The Chairman of the Joint Chiefs of Staff may act upon the Board's advice and recommendations. The Board shall be comprised of no more than twelve members, who are appointed by the Secretary of Defense. The members are eminent authorities in the fields of defense, management, leadership, academia, national military strategy or joint planning at all levels of war, joint doctrine, joint command and control, or joint requirements and development. The Secretary of Defense may approve the appointment of Board members for one to four year terms of service, with annual renewals; however, no member, unless authorized by the Secretary of Defense, may serve more than two consecutive terms of service. This same term of service limitation also applies to any DoD authorized subcommittees. Board members appointed by the Secretary of Defense, who are not full-time or permanent part-time federal employees, shall be appointed to serve as experts and consultants under the authority of 5 U.S.C. 3109, and to serve as special government employees. In addition, all Board members, with the exception of travel and per diem for official travel, shall serve without compensation. Each Board member is appointed to provide advice on behalf of the government on the basis of his or her best judgment without representing any particular point of view and in a manner that is free from conflict of interest.

The Board Membership shall present recommendations for the Board's Chairperson and the Co-Chairperson from the total Board membership to the Chairman of the Joint Chiefs of Staff, and these individuals shall serve at the discretion of the Secretary of Defense. The Chairman of the Joint Chiefs of Staff may invite other distinguished Government officers to serve as non-voting observers of the Board. In

addition, the Chairman of the Joint Chiefs of Staff may appoint consultants, with special expertise, to assist the Board on an ad hoc basis, who shall be, if approved by the Secretary of Defense, appointed under the authority of 5 U.S.C. 3109. Neither the non-voting observers nor the experts/consultants shall have voting rights on the Board or its subcommittees, shall count toward the Board's total membership, and shall engage in Board deliberations.

The Department, when necessary and consistent with the Board's mission and DoD policies and procedures, may establish subcommittees, task groups, or working groups to support the Board. Establishment of subcommittees will be based upon a written determination, to include terms of reference, by the Secretary of Defense, the Deputy Secretary of Defense, or the Board's sponsor.

These subcommittees shall not work independently of the chartered Board and shall report all of their recommendations and advice to the Board for full deliberation and discussion. Subcommittees have no authority to make decisions on behalf of the chartered Board nor can any subcommittee or any of its members update or report directly to the Department of Defense or to any Federal officers or employees.

All subcommittee members shall be appointed in the same manner as the Board members; that is, the Secretary of Defense shall appoint subcommittee members even if the member in question is already a Board member. Subcommittee members, with the approval of the Secretary of Defense, may serve a term of service on the subcommittee of one to four years; however, no member shall serve more than two consecutive terms of service on the subcommittee. Such individuals shall be appointed to serve as experts and consultants under the authority of 5 U.S.C. 3109, and serve as special government employees, whose appointments must be renewed by the Secretary of Defense on an annual basis. With the exception of travel and per diem for official travel, subcommittee members shall serve without compensation.

All subcommittees operate under the provisions of FACA, the Government in the Sunshine Act, governing Federal statutes and regulations, and governing DoD policies/procedures.

FOR FURTHER INFORMATION CONTACT: Jim Freeman, Deputy Advisory Committee Management Officer for the Department of Defense, 703-692-5952.

SUPPLEMENTARY INFORMATION: The Board shall meet at the call of the Designated Federal Officer, in consultation with the Board's Chairperson. The estimated number of Board meetings is two per year.

In addition, the Designated Federal Officer is required to be in attendance at all Board and subcommittee meetings for the entire duration of each and every meeting; however, in the absence of the Designated Federal Officer, the Alternate Designated Federal Officer shall attend the entire duration of the Board or subcommittee meeting.

Pursuant to 41 CFR 102-3.105(j) and 102-3.140, the public or interested organizations may submit written statements to the Board membership about the Board's mission and functions. Written statements may be submitted at any time or in response to the stated agenda of planned meeting of the Board.

All written statements shall be submitted to the Designated Federal Officer, and this individual will ensure that the written statements are provided to the membership for their consideration. Contact information for the Board's Designated Federal Officer can be obtained from the GSA's FACA Database—<https://www.fido.gov/facadatabase/public.asp>.

The Designated Federal Officer, pursuant to 41 CFR 102-3.150, will announce planned meetings of the Board. The Designated Federal Officer, at that time, may provide additional guidance on the submission of written statements that are in response to the stated agenda for the planned meeting in question.

Dated: August 27, 2012.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Board on Coastal Engineering Research

AGENCY: Department of the Army, DoD.

ACTION: Notice of meeting.

SUMMARY: In accordance with Section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), announcement is made of the following committee meeting:

Name of Committee: Board on Coastal Engineering Research.

Date of Meeting: September 18–20, 2012.

Place: Starboard/Windward Ballroom, Wyndham Jacksonville Riverwalk, 1515 Prudential Drive, Jacksonville, FL 32207.

Time: 8 a.m. to 5:20 p.m. (September 18, 2012).

8:30 a.m. to 12:50 p.m. (September 19, 2012).

8 a.m. to 12 p.m. (September 20, 2012).

FOR FURTHER INFORMATION CONTACT:

Inquiries and notice of intent to attend the meeting may be addressed to COL Kevin J. Wilson, Executive Secretary, U.S. Army Engineer Research and Development Center, Waterways Experiment Station, 3909 Halls Ferry Road, Vicksburg, MS 39180-6199.

SUPPLEMENTARY INFORMATION: The Board provides broad policy guidance and review of plans and fund requirements for the conduct of research and development of research projects in consonance with the needs of the coastal engineering field and the objectives of the Chief of Engineers.

Proposed Agenda: The goal of the meeting is to review the coastal engineering challenges within the southeast Atlantic coastal system, focusing on how Regional Sediment Management can help to bridge multi-purpose and multi-agency missions and to identify the research and technology that is needed to help Districts and the Nation meet those challenges. Presentations and panel presentations on Tuesday, September 18, will include Overview of Florida Projects, Investigating the Effect of Oil Spills on the Environment and Human Health, and panel presentations dealing with Challenges to Ports and Navigation and Challenges to Beaches and Coastal Risk. Presentations dealing with Challenges to Ports and Navigation include Strategic Environmental Issues in Southeastern Dredging Operations; Mobile Bay Sediment Management Program; Charleston Harbor: Lessons Learned and Future Challenges dealing with Coastal and Navigation Structures and Asset Management; GenCade—North Carolina Regional Sediment Management and Ports; and a question and answer portion on the Southeast Ports and Navigation. Presentations dealing with Challenges to Beaches and Coastal Risk include the Wilmington Project; Brevard County, Working with the Federal Coastal Project Process; Florida Regional Sediment Management; Florida Regional Sediment Management; How is State Implementing RSM Now and SAND Report and How Fines (Sand Rule) are Managed; Florida Department
