California State Motor Vehicle Pollution Control Standards; Advanced Clean Car Program; Request for Waiver of Preemption; Opportunity for Public Hearing and Public Comment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Opportunity for Public Hearing and Comment.

SUMMARY: The California Air Resources Board (CARB) has notified EPA that it has developed an Advanced Clean Car program (ACC) which combines the control of smog and soot causing pollutants and greenhouse gas (GHG) emissions into a single coordinated package of requirements for passenger cars, light-duty trucks and medium-duty passenger vehicles (and limited requirements related to heavy-duty vehicles). The ACC program includes revisions to California’s Low Emission Vehicle (LEV) program as well as its Zero Emission Vehicle (ZEV) program. By letter dated June 27, 2012, CARB submitted a request that EPA grant a waiver of preemption under section 209(b) of the Clean Air Act (CAA). 42 U.S.C. 7543(b) for the revisions to the LEV program. CARB also seeks confirmation that the amendments to the ZEV program are within-the-scope of prior waiver decisions issued by EPA, or in the alternative requests a waiver for these revisions. This notice announces that EPA has scheduled a public hearing concerning California’s request and that EPA is accepting written comment on the request.

DATES: EPA has scheduled a public hearing concerning CARB’s request on September 19, 2012, beginning at 9:00 a.m. Any party planning to present oral testimony should notify EPA by September 14, 2012, expressing its interest. EPA will hold the public hearing at EPA’s offices at 1310 L Street NW, Washington, DC 20460. Any party may submit written comments by October 19, 2012.
