

polyester covering. During construction, the polyester covering is sewn to the front and rear covers face to face (outside to outside) so that when the book is closed, the stitching is concealed from the outside. Both free ends (the ends not sewn to the cover and back) are stitched with a turned edge construction. The flexible polyester material forms a covering over the spiral wire to protect it and provide a comfortable grip on the product. The product must bear the valid trademarks FiveStar® Advance™.<sup>9</sup>

- FiveStar Flex™: A notebook, a notebook organizer, or binder with plastic polyolefin front and rear covers joined by 300 denier polyester spine cover extending the entire length of the spine and bound by a 3-ring plastic fixture. The polyolefin plastic covers are of a specific thickness; front cover is 0.019 inches (within normal manufacturing tolerances) and rear cover is 0.028 inches (within normal manufacturing tolerances). During construction, the polyester covering is sewn to the front cover face to face (outside to outside) so that when the book is closed, the stitching is concealed from the outside. During construction, the polyester cover is sewn to the back cover with the outside of the polyester spine cover to the inside back cover. Both free ends (the ends not sewn to the cover and back) are stitched with a turned edge construction. Each ring within the fixture is comprised of a flexible strap portion that snaps into a stationary post which forms a closed binding ring. The ring fixture is riveted with six metal rivets and sewn to the back plastic cover and is specifically positioned on the outside back cover. The product must bear the valid trademark FiveStar Flex™.<sup>10</sup>

Currently, merchandise subject to these orders is typically imported under headings 4810.22.5044, 4811.90.9050, 4820.10.2010, 4820.10.2020, 4820.10.2030, 4820.10.2040, 4820.10.2060, and 4820.10.4000 of the Harmonized Tariff Schedule of the United States (HTSUS). The tariff classifications are provided for convenience and customs purposes; however, the written description of the scope of the orders is dispositive.

Since the issuance of the PRC AD order, the Department has clarified the scope of that order in response to numerous scope inquiries. In addition, on September 23, 2011, the Department

revoked, in part, the PRC AD order with respect to FiveStar® Advance™ notebooks and notebook organizers without PVC coatings.<sup>11</sup>

#### Continuation of the Orders

As a result of the determinations by the Department and the ITC that revocation of these AD and CVD orders would likely lead to continuation or recurrence of dumping or a countervailable subsidy, and of material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the AD and CVD orders on lined paper from India and the AD order on lined paper from the PRC.

U.S. Customs and Border Protection will continue to collect cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of these orders is the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year review of these finding/orders not later than 30 days prior to the fifth anniversary of the effective date of the continuations.

These five-year (sunset) reviews and notice are in accordance with section 751(c) of the Act and published pursuant to sections 751(c) and 777(i)(1) of the Act, as well as 19 CFR 351.218(f)(4).

Dated: August 24, 2012.

## DEPARTMENT OF COMMERCE

### International Trade Administration

[A–560–818, C–560–819]

#### Certain Lined Paper Products From Indonesia: Revocation of Antidumping and Countervailing Duty Orders

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** As a result of the determinations by the International Trade Commission (the ITC) that revocation of the antidumping duty

(AD) and countervailing duty (CVD) orders on certain lined paper products (lined paper) from Indonesia would not be likely to lead to the continuation or recurrence of material injury to an industry in the United States, the Department of Commerce (the Department) is revoking these AD and CVD orders.

**DATES:** *Effective Date:* September 28, 2011.

**FOR FURTHER INFORMATION CONTACT:** Mary Kolberg or Nancy Decker, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–1785 or (202) 482–0196, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Background

On August 1, 2011, the Department initiated and the ITC instituted sunset reviews of the AD and CVD orders on lined paper from Indonesia pursuant to sections 751(c) and 752 of the Tariff Act of 1930, as amended (the Act), respectively.<sup>1</sup> As a result of its reviews, the Department found that revocation of the AD order would likely lead to continuation or recurrence of dumping and that revocation of the CVD order would likely lead to continuation or recurrence of subsidization, and notified the ITC of the margins of dumping and the subsidy rates likely to prevail were the orders revoked.<sup>2</sup>

On August 24, 2012, the ITC published its determination, pursuant to section 751(c) of the Act, that revocation of the AD and CVD orders on lined paper from Indonesia would not be likely to lead to the continuation or recurrence of material injury within a reasonably foreseeable time.<sup>3</sup>

### Scope of the Orders

The products covered by these orders include certain lined paper products, typically school supplies,<sup>4</sup> composed of or including paper that incorporates straight horizontal and/or vertical lines on ten or more paper sheets,<sup>5</sup> including but not limited to such products as single- and multi-subject notebooks, composition books, wireless notebooks, looseleaf or glued filler paper, graph paper, and laboratory notebooks, and with the smaller dimension of the paper measuring 6 inches to 15 inches (inclusive) and the larger dimension of the paper measuring 8¾ inches to 15 inches (inclusive). Page dimensions are measured size (not advertised, stated, or “tear-out” size), and are measured as they appear in the product (*i.e.*, stitched and folded pages in a notebook are measured by the size of the page as it appears in the notebook page, not the size of the unfolded paper). However, for measurement purposes, pages with tapered or rounded edges shall be measured at their longest and widest points. Subject lined paper products may be loose, packaged or bound using any binding method (other than case bound through the inclusion of binders board, a spine strip, and cover wrap). Subject merchandise may or may not contain any combination of a front cover, a rear cover, and/or backing of any composition, regardless of the inclusion of images or graphics on the cover, backing, or paper. Subject merchandise is within the scope of these orders whether or not the lined paper and/or cover are hole punched, drilled, perforated, and/or reinforced. Subject merchandise may contain accessory or informational items including but not limited to pockets, tabs, dividers, closure devices, index cards, stencils, protractors, writing implements, reference materials such as mathematical tables, or printed items such as sticker sheets or miniature calendars, if such items are physically incorporated, included with, or attached to the product, cover and/or backing thereto.

Specifically excluded from the scope of these orders are:

- Unlined copy machine paper;
- Writing pads with a backing (including but not limited to products commonly known as “tablets,” “note pads,” “legal pads,” and “quadrille pads”), provided that they do not have

<sup>4</sup> For purposes of this scope definition, the actual use or labeling of these products as school supplies or non-school supplies is not a defining characteristic.

<sup>5</sup> There shall be no minimum page requirement for looseleaf filler paper.

a front cover (whether permanent or removable). This exclusion does not apply to such writing pads if they consist of hole-punched or drilled filler paper;

- Three-ring or multiple-ring binders, or notebook organizers incorporating such a ring binder provided that they do not include subject paper;

- Index cards;
- Printed books and other books that are case bound through the inclusion of binders board, a spine strip, and cover wrap;

- Newspapers;
- Pictures and photographs;
- Desk and wall calendars and organizers (including but not limited to such products generally known as “office planners,” “time books,” and “appointment books”);

- Telephone logs;
- Address books;
- Columnar pads & tablets, with or without covers, primarily suited for the recording of written numerical business data;

- Lined business or office forms, including but not limited to: preprinted business forms, lined invoice pads and paper, mailing and address labels, manifests, and shipping log books;

- Lined continuous computer paper;
- Boxed or packaged writing stationery (including but not limited to products commonly known as “fine business paper,” “parchment paper,” and “letterhead”), whether or not containing a lined header or decorative lines;

- Stenographic pads (steno pads), Gregg ruled,<sup>6</sup> measuring 6 inches by 9 inches;

Also excluded from the scope of these orders are the following trademarked products:

- Fly<sup>TM</sup> lined paper products: A notebook, notebook organizer, loose or glued note paper, with papers that are printed with infrared reflective inks and readable only by a Fly<sup>TM</sup> pen-top computer. The product must bear the valid trademark Fly<sup>TM</sup>.<sup>7</sup>

- Zwipes<sup>TM</sup>: A notebook or notebook organizer made with a blended polyolefin writing surface as the cover and pocket surfaces of the notebook, suitable for writing using a specially-developed permanent marker and erase system (known as a Zwipes<sup>TM</sup> pen). This system allows the marker portion

<sup>6</sup> “Gregg ruling” consists of a single- or double-margin vertical ruling line down the center of the page. For a six-inch by nine-inch stenographic pad, the ruling would be located approximately three inches from the left of the book.

<sup>7</sup> Products found to be bearing an invalidly licensed or used trademark are not excluded from the scope.

to mark the writing surface with a permanent ink. The eraser portion of the marker dispenses a solvent capable of solubilizing the permanent ink allowing the ink to be removed. The product must bear the valid trademark Zwipes<sup>TM</sup>.<sup>8</sup>

- FiveStar<sup>®</sup> Advance<sup>TM</sup>: A notebook or notebook organizer bound by a continuous spiral, or helical, wire and with plastic front and rear covers made of a blended polyolefin plastic material joined by 300 denier polyester, coated on the backside with PVC (poly vinyl chloride) coating, and extending the entire length of the spiral or helical wire. The polyolefin plastic covers are of specific thickness; front cover is 0.019 inches (within normal manufacturing tolerances) and rear cover is 0.028 inches (within normal manufacturing tolerances). Integral with the stitching that attaches the polyester spine covering, is captured both ends of a 1” wide elastic fabric band. This band is located 2¾” from the top of the front plastic cover and provides pen or pencil storage. Both ends of the spiral wire are cut and then bent backwards to overlap with the previous coil but specifically outside the coil diameter but inside the polyester covering. During construction, the polyester covering is sewn to the front and rear covers face to face (outside to outside) so that when the book is closed, the stitching is concealed from the outside. Both free ends (the ends not sewn to the cover and back) are stitched with a turned edge construction. The flexible polyester material forms a covering over the spiral wire to protect it and provide a comfortable grip on the product. The product must bear the valid trademarks FiveStar<sup>®</sup> Advance<sup>TM</sup>.<sup>9</sup>

- FiveStar Flex<sup>TM</sup>: A notebook, a notebook organizer, or binder with plastic polyolefin front and rear covers joined by 300 denier polyester spine cover extending the entire length of the spine and bound by a 3-ring plastic fixture. The polyolefin plastic covers are of a specific thickness; front cover is 0.019 inches (within normal manufacturing tolerances) and rear cover is 0.028 inches (within normal manufacturing tolerances). During construction, the polyester covering is sewn to the front cover face to face (outside to outside) so that when the book is closed, the stitching is concealed from the outside. During construction, the polyester cover is

<sup>8</sup> Products found to be bearing an invalidly licensed or used trademark are not excluded from the scope.

<sup>9</sup> Products found to be bearing an invalidly licensed or used trademark are not excluded from the scope.

sewn to the back cover with the outside of the polyester spine cover to the inside back cover. Both free ends (the ends not sewn to the cover and back) are stitched with a turned edge construction. Each ring within the fixture is comprised of a flexible strap portion that snaps into a stationary post which forms a closed binding ring. The ring fixture is riveted with six metal rivets and sewn to the back plastic cover and is specifically positioned on the outside back cover. The product must bear the valid trademark FiveStar Flex™.<sup>10</sup>

Currently, merchandise subject to these orders is typically imported under headings 4811.90.9035, 4811.90.9080, 4820.30.0040, 4811.90.9050, 4810.22.5044, 4811.90.9090, 4820.10.2010, 4820.10.2020, 4820.10.2030, 4820.10.2040, 4820.10.2050, 4820.10.2060 and 4820.10.4000 of the Harmonized Tariff Schedule of the United States (HTSUS). The tariff classifications are provided for convenience and customs purposes; however, the written description of the scope of the orders is dispositive.

#### Determination

As a result of the determinations by the ITC that revocation of these AD and CVD orders would not be likely to lead to continuation or recurrence of material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department is revoking the AD and CVD orders on lined paper from Indonesia. Pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(2)(i), the effective date of revocation is September 28, 2011 (*i.e.*, the fifth anniversary of the effective date of publication in the **Federal Register** of these orders).<sup>11</sup>

The Department will notify U.S. Customs and Border Protection, 15 days after publication of this notice, to terminate suspension of liquidation and collection of cash deposits on entries of the subject merchandise, entered or withdrawn from warehouse, on or after September 28, 2011. Entries of subject merchandise prior to the effective date of revocation will continue to be subject to suspension of liquidation and antidumping and countervailing duty deposit requirements.

<sup>10</sup> Products found to be bearing an invalidly licensed or used trademark are not excluded from the scope.

<sup>11</sup> See *Notice of Amended Final Determination of Sales at Less Than Fair Value: Certain Lined Paper Products from the People's Republic of China; Notice of Antidumping Duty Orders: Certain Lined Paper Products from India, Indonesia and the People's Republic of China; and Notice of Countervailing Duty Orders: Certain Lined Paper Products from India and Indonesia*, 71 FR 56949 (September 28, 2006).

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return/destruction or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO which may be subject to sanctions.

These five-year (sunset) reviews and notice are in accordance with section 751(d)(2) the Act and published pursuant to section 777(i)(1) of the Act.

Dated: August 24, 2012.

## DEPARTMENT OF COMMERCE

### International Trade Administration

[A-570-827]

#### **Certain Cased Pencils From the People's Republic of China: Final Results of Antidumping Duty Changed Circumstances Review, and Determination To Revoke Order, in Part**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On July 18, 2012, the Department of Commerce ("the Department") published a notice of initiation and preliminary results of a changed circumstance review and intent to revoke, in part, the antidumping duty ("AD") order of certain cased pencils from the People's Republic of China ("PRC"). The final results do not differ from the preliminary results of review, and we are revoking the order, in part, with respect to novelty drumstick pencils. This partial revocation is effective June 1, 2011.

**DATES:** *Effective Date:* June 1, 2011.

**FOR FURTHER INFORMATION CONTACT:** Mahnaz Khan at (202) 482-0914 or Yasmin Nair at (202) 482-3813; AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.

#### **Background**

On December 28, 1994, the Department published in the **Federal Register** the AD order on certain cased pencils from the PRC. See *Antidumping Duty Order: Certain Cased Pencils from the People's Republic of China*, 59 FR

66909 (December 28, 1994) ("AD order"). On May 23, 2012, in accordance with section 751(b) and 751(d)(1) of the Tariff Act of 1930, as amended ("the Act"), 19 CFR 351.216(b), and 19 CFR 351.222(g)(1), ThinkGeek, a U.S. importer of subject merchandise, requested revocation, in part, of the AD order with respect to its novelty pencil, which is shaped like a drumstick. ThinkGeek's novelty drumstick pencil is made to look like a pencil, except that it is shaped as a drumstick. This pencil is longer than regular wooden pencils and does not contain an eraser. ThinkGeek requested that the Department conduct the changed circumstances review on an expedited basis pursuant to 19 CFR 351.221(c)(3)(ii).

On July 18, 2012, the Department published its concurrent initiation and preliminary results of this changed circumstances review. See *Certain Cased Pencils From the People's Republic of China: Initiation and Preliminary Results of Antidumping Duty Changed Circumstances Review, and Intent To Revoke Order in Part*, 77 FR 42276 (July 18, 2012) ("*Preliminary Results*"). The Department preliminary determined to revoke, in part, the AD order on certain cased pencils from the PRC with respect to novelty drumstick pencils. In the *Preliminary Results*, we stated that interested parties could submit comments to the Department no later than 14 days after the publication of the *Preliminary Results* in the **Federal Register**. No interested parties submitted comments on the changed circumstances review.

#### **Scope of the Order**

Imports covered by the order are shipments of certain cased pencils of any shape or dimension (except as described below) which are writing and/or drawing instruments that feature cores of graphite or other materials, encased in wood and/or man-made materials, whether or not decorated and whether or not tipped (*e.g.*, with erasers, *etc.*) in any fashion, and either sharpened or unsharpened. The pencils subject to the order are currently classifiable under subheading 9609.10.00 of the Harmonized Tariff Schedule of the United States ("HTSUS"). Specifically excluded from the scope of the order are mechanical pencils, cosmetic pencils, pens, non-cased crayons (wax), pastels, charcoals, chalks, and pencils produced under U.S. patent number 6,217,242, from paper infused with scents by the means covered in the above-referenced patent, thereby having odors distinct from those that may emanate from pencils lacking
