established standards for air and sound emissions beyond those required for BAT, the group size of snowmobiles would be allowed to increase from an average of 7 to an average of 8 per transportation event, and snowcoaches would be allowed to increase from one to two snowcoaches per transportation event. These changes would allow for an increase in visitation while reducing transportation-generated noise and air impacts. Sylvan Pass would remain open.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it has instituted reviews pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)) (the Act) to determine whether revocation of the countervailing and antidumping duty orders on certain pasta from Italy and Turkey would be likely to lead to continuation or recurrence of material injury. Pursuant to section 751(c)(2) of the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission; 1 to be assured of consideration, the deadline for responses is October 4, 2012. Comments on the adequacy of responses may be filed with the Commission by November 19, 2012. For further information concerning the conduct of these reviews and rules of general application, consult the Commission’s Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207), as most recently amended at 74 FR 2847 (January 16, 2009).

DATES: Effective Date: September 4, 2012.

SUPPLEMENTARY INFORMATION: Background.— On July 24, 1996, the Department of Commerce issued countervailing and antidumping duty orders on imports of certain pasta from Italy and Turkey (61 FR 38544). Following the first five-year reviews by Commerce and the Commission, effective November 16, 2001, Commerce issued a continuation of the countervailing and antidumping duty orders on imports of certain pasta from Italy and Turkey (66 FR 57703). Following the second five-year reviews by Commerce and the Commission, effective October 12, 2007, Commerce issued a continuation of the countervailing and antidumping duty orders on certain pasta from Italy and Turkey (72 FR 58052). The Commission is now conducting third reviews to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission’s determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to these reviews:

(1) Subject Merchandise is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by the Department of Commerce.

(2) The Subject Countries in these reviews are Italy and Turkey.

(3) The Domestic Like Product is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the Subject Merchandise. In its original and subsequent five-year review determinations, the Commission defined the Domestic Like Product as all dry pasta. One Commissioner defined the Domestic Like Product differently in the original and expedited first five-year review determinations.

(4) The Domestic Industry is the U.S. producers as a whole of the Domestic Like Product, or those producers whose collective output of the Domestic Like Product constitutes a major proportion of the total domestic production of the product. One Commissioner defined the Domestic Industry differently in the original and expedited first five-year review determinations.

(5) An Importer is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the Subject Merchandise into the United States from a foreign country.
