

most heavily visited times of the winter season. If the park does not open as scheduled on December 15, 2012, it would create unnecessary hardship for visitors who have already planned trips, and would likely result in economic losses for some visitors if reservations had to be cancelled. Significant revenue loss for businesses in and around the park would also occur. Many businesses in the gateway communities surrounding the park, and the people who rely upon them for their livelihoods, are highly dependent upon the park being open for the entire duration of the approximately 90-day season.

(4) Snowmobile and snowcoach operators have made business decisions and investments for the winter season premised on an opening date of December 15, 2012. Such actions include purchasing new snowmobiles and snowcoaches for their fleets, making offers of employment, preparing advertising and other materials, and purchasing snowmobile accessories such as suits, helmets, boots, mittens, etc. A late opening would shorten an already-brief winter season, thereby depriving these businesses and others that depend on the winter season (such as hotels, restaurants, service stations, and other hospitality-oriented businesses) of revenue that is important to their livelihoods.
