

Eastern Service Center, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-6364.

SUPPLEMENTARY INFORMATION:

History

On July 10, 2012, the FAA published a final rule, in the **Federal Register** changing the name of the airport associated with the Class D and E airspace at Lakehurst, NJ, to Lakehurst Naval Support Activity/Maxfield Field (Joint Base McGuire-Dix-Lakehurst) (77 FR 40488). After publication, the FAA found that the geographic coordinates of the airport and Lakehurst (Navy) NDB navigation aid need to be adjusted to be in concert with the FAA's aeronautical database. This action makes the administrative adjustment that does not affect the altitude, boundaries, or operating requirements of the airspace. Therefore, notice and public procedures under 5 U.S.C. 553(b) are unnecessary.

The Class D and E airspace designations are published in Paragraphs 5000 and 6004 respectively of FAA order 7400.9V, dated August 9, 2011, and effective September 15, 2011, which is incorporated by reference in 14 CFR 71.1. The Class D and E airspace designations listed in this document will be published subsequently in the Order.

Correction to Final Rule

Accordingly, pursuant to the authority delegated to me, the geographic coordinates listed in the airspace designation of the Class D and Class E airspace areas for Lakehurst Naval Support Activity/Maxfield Field (Joint Base McGuire-Dix-Lakehurst) and the Lakehurst (Navy) NDB, Lakehurst, NJ, as published in the **Federal Register** of July 10, 2012, (77 FR 40488), FR Doc. 2012-16674, are corrected as follows:

* * * * *

AEA NJ D Lakehurst, NJ [Corrected]

Lakehurst Naval Support Activity/Maxfield Field, NJ (Joint Base McGuire-Dix-Lakehurst)

On page 40488, column 3, line 27, remove, "lat. 40°02'00" N., long. 74°21'13" W", and insert "lat. 40°02'09" N., long. 74°21'05" W".

* * * * *

AEA NJ E4 Lakehurst, NJ [Corrected]

Lakehurst Naval Support Activity/Maxfield Field, NJ (Joint Base McGuire-Dix-Lakehurst)

On page 40488, column 3, line 45, remove "lat. 40°02'00" N., long. 74°21'13" W", and insert "lat. 40°02'09" N., long. 74°21'05" W", and on page 40488, column 3, line 47, under Lakehurst (Navy) NDB, remove "lat. 40°02'41" N., long. 74°20'09" W" and insert "lat. 40°02'42" N., long. 74°20'08" W"

Issued in College Park, Georgia, on August 24, 2012.

Barry A. Knight,

Manager, Operations Support Group, Eastern Service Center, Air Traffic Organization.

14 CFR Part 71

[Docket No. FAA-2012-0749; Airspace Docket No. 11-ANM-29]

RIN 2120-AA66

Revocation of Jet Route J-528; WA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action removes Jet Route J-528 because the route is too short to serve a useful navigation or air traffic control purpose and is causing flight plan rejections in the air traffic control automation system.

DATES: Effective date 0901 UTC, November 15, 2012. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Paul Gallant, Airspace, Regulations and ATC Procedures Group, Office of Airspace Services, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

Background

Jet Route J-528 is currently depicted on United States High Altitude En Route Navigation charts as a three-mile long segment that extends between the Whatcom, WA, VORTAC and the United States/Canadian border. J-528 is described in FAA Order 7400.9V as extending from Whatcom, WA, to Williams Lake, BC, Canada, excluding the airspace within Canada. The current FAA air traffic control automation system does not recognize J-528 beyond the Seattle Air Route Traffic Control Center and Vancouver Area Control Center boundary. This results in numerous rejected international flight plans and additional air traffic controller workload. Since J-528 parallels another existing Jet Route, J-534 that originates in U.S. airspace and proceeds to Williams Lake, BC, Canada,

removing J-528 will not adversely affect NAS operations. In addition, NavCanada has advised that the designator J-528 is used for a route that exists entirely within Canadian airspace.

The Rule

The FAA is amending Title 14 Code of Federal Regulations (14 CFR) part 71 by removing Jet Route J-528 in Washington state. Due to its short length, the route serves no useful navigation or air traffic control purpose and causes flight plan error problems for the air traffic control automation system. Another Jet Route, J-534, that already exists through the same area, provides routing into Canada; therefore, removing J-528 will not result in any adverse impact to the NAS.

Because this action removes a redundant route segment that does not serve a useful navigation purpose, but causes problems for the air traffic control automation system, I find that notice and public procedures under 5 U.S.C. 553(b) are impractical and contrary to the public interest.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as

it removes a Jet Route that no longer serves a purpose in the NAS.

Jet routes are published in paragraph 2004 of FAA Order 7400.9V, signed August 9, 2011 and effective September 15, 2011, which is incorporated by reference in 14 CFR 71.1. The jet route listed in this document will be removed subsequently from the Order.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with 311a, FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures." This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9V, Airspace Designations and Reporting Points, signed August 9, 2011, and effective September 15, 2011, is amended as follows:

Paragraph 2004 Jet Routes.

BILLING CODE 4910–13–P

SECURITIES AND EXCHANGE COMMISSION

17 CFR Part 232

[Release Nos. 33–9353; 34–67747; 39–2485; IC–30185]

Adoption of Updated EDGAR Filer Manual

AGENCY: Securities and Exchange Commission.

ACTION: Final rule.

SUMMARY: The Securities and Exchange Commission (the Commission) is adopting revisions to the Electronic Data Gathering, Analysis, and Retrieval System (EDGAR) Filer Manual and related rules to reflect updates to the EDGAR system. The revisions are being made primarily to support submission of Confidential Registration Statements; require Form ID authentication documents in PDF format; automate LTID generation for Large Trader registrations; support minor updates to Form D; remove superseded XBRL Taxonomies; remove the OMB expiration date from Form TA–1, TA–2, TA–W, 25–NSE; and request of unused funds. The EDGAR system is scheduled to be upgraded to support this functionality on July 2, 2012.

DATES: *Effective Date:* September 6, 2012. The incorporation by reference of the EDGAR Filer Manual is approved by the Director of the Federal Register as of September 6, 2012.

FOR FURTHER INFORMATION CONTACT: In the Division of Corporation Finance, for questions on Confidential Registration Statement, Form ID, and Forms D contact Jeffrey Thomas, Office of Information Technology, at (202) 551–3600; in the Division of Risk, Strategy, and Financial Innovation for questions concerning XBRL Taxonomies contact Walter Hamscher, at (202) 551–5397; in the Division of Trading and Markets for questions concerning Form 13H contact Richard R. Holley III, at (202) 551–5614, for questions concerning Form TA contact Kenneth Riitho, at (202) 551–5592; and in the Office of Information Technology, contact Rick Heroux, at (202) 551–8800.

SUPPLEMENTARY INFORMATION: We are adopting an updated EDGAR Filer Manual, Volume I and Volume II. The Filer Manual describes the technical formatting requirements for the preparation and submission of electronic filings through the EDGAR system.¹ It also describes the

requirements for filing using EDGARLink Online and the Online Forms/XML Web site. We also are making conforming changes to Rules 10² and 101³ of Regulation S–T⁴ relating to the Form ID authentication process.

The revisions to the Filer Manual reflect changes within Volume I entitled EDGAR Filer Manual, Volume I: "General Information," Version 13 (July 2012) and Volume II entitled EDGAR Filer Manual, Volume II: "EDGAR Filing," Version 20 (July 2012). The updated manual will be incorporated by reference into the Code of Federal Regulations.

The Filer Manual contains all the technical specifications for filers to submit filings using the EDGAR system. Filers must comply with the applicable provisions of the Filer Manual in order to assure the timely acceptance and processing of filings made in electronic format.⁵ Filers may consult the Filer Manual in conjunction with our rules governing mandated electronic filing when preparing documents for electronic submission.⁶

The EDGAR system will be upgraded to Release 12.1 on July 2, 2012 and will introduce the following changes: EDGAR will be updated to support submission of confidential draft registration statements for companies that qualify either under the JOBS Act or the Division of Corporate Finance's foreign private issuer policy. Draft registration statements and amendments must be submitted using submission form types DRS and DRS/A. These confidential submission types can be accessed from the EDGAR Filing Web site, by selecting the "Draft Reg. Statement" link. New filers may select the "Access Codes will be used to submit draft registration" option on the Form ID application to indicate that they are submitting an application for EDGAR access to file Draft Registration Statements. If the filers already have an assigned EDGAR Central Index Key (CIK), then they must use the existing CIK.

EDGAR and Regulation S–T will require the authenticating document for Form ID submissions to be submitted in

¹ We implemented the most recent update to the Filer Manual on March 30, 2012. See Release No. 33–9303 (March 26, 2012) [77 FR 19077].
