

**Abstract:** The affected entities are subject to the General Provisions of the NESHAP at 40 CFR part 63, subpart A, and any changes, or additions to the Provisions specified at 40 CFR part 63, subpart NNNNN.

Owners or operators of the affected facilities must submit initial notification, performance tests, and periodic reports and results. Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. Reports, at a minimum, are required semiannually.

**Burden Statement:** The annual public reporting and recordkeeping burden for this collection of information is estimated to average 565 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

**Respondents/Affected Entities:** Owners or operators of hydrochloric acid production facilities.

**Estimated Number of Respondents:** 81.

**Frequency of Response:** Initially, occasionally, and semiannually.

**Estimated Total Annual Hour Burden:** 105,033.

**Estimated Total Annual Cost:** \$10,789,637, which includes \$10,086,076 in labor costs, \$1,424 in capital/startup costs, and \$702,137 in operation and maintenance (O&M) costs.

**Changes in the Estimates:** There is an increase in burden hours to the respondent as compared to the most recently approved ICR. The increase is due to industry growth in the past three years, resulting in additional number of respondents that are subject to this standard, and corrections to mathematical errors found in the previous ICR. The growth in respondent

universe also results in an increase in the total O&M costs.

In addition, there is an increase in burden costs to both the respondent and the Agency due to an adjustment in labor rates. This ICR uses the most recent labor rates from the Bureau of Labor Statistics in calculating the labor costs.

There is a decrease in capital/startup costs in this ICR as compared to the most recently approved ICR. The previous ICR includes startup costs for all existing and new respondents. This ICR was updated to correctly reflect capital/startup costs associated with new sources only.

### Information Collection Request Submitted to OMB for Review and Approval; Comment Request; Regional Haze Regulations (Renewal)

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency has submitted an information collection request (ICR), "Regional Haze Regulations" (EPA ICR No. 1813.08, OMB Control No. 2060-0421), to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This is a proposed extension of the ICR, which is currently approved through October 31, 2012. Public comments were previously requested via the **Federal Register** (77 FR 24952) on April 26, 2012, during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. **DATES:** Additional comments may be submitted on or before October 12, 2012.

**ADDRESSES:** Submit your comments, referencing Docket ID No. EPA-HQ-OAR-2003-0162, to (1) EPA online using [www.regulations.gov](http://www.regulations.gov) (our preferred method), by email to : *a-and-*

*r-docket@epa.gov*, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Avenue NW., Washington, DC 20460, and (2) OMB via email to *oira\_submission@omb.eop.gov*. Address comments to OMB Desk Officer for EPA.

The EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

**FOR FURTHER INFORMATION CONTACT:** Ms. Gobeil McKinley (919) 541-5246, *mcKinley.gobeil@epa.gov*, Office of Air Quality Planning and Standards, Air Quality Policy Division, Mail Code C539-04, Research Triangle Park, NC 27711.

### SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at [www.regulations.gov](http://www.regulations.gov) or in person at the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Avenue NW., Washington, DC The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

**Abstract:** This ICR is for activities related to the implementation of the EPA's 1999 regional haze rule, for the time period between October 31, 2012 and October 30, 2015, and renews the previous ICR. The regional haze rule, as authorized by sections 169A and 169B of the Clean Air Act (CAA), requires states to develop implementation plans to protect visibility in 156 federally-protected Class I areas. Tribes may choose to develop implementation plans. For this time period, states will be completing their implementation plans to comply with the rule. Before any agency, department, or instrumentality of the federal government engages in, supports in any way, provides financial assistance for, licenses, permits, or approves any activity, that agency has the affirmative responsibility to ensure that such action conforms to the State Implementation Plan (SIP) required under the regional haze rule. Section 176(c) of the CAA requires that all Federal actions conform with the SIP requirements. Depending on the type of action, the federal entities must collect information themselves, hire consultants to collect the

information or require applicants/sponsors of the federal action to provide the information.

*Respondents/affected entities:* Entities potentially affected by this action are state, local, and tribal air quality agencies, regional planning organizations and facilities potentially regulated under the regional haze rule.

*Respondents/affected entities:* States and Federal Land Managers.

*Respondent's obligation to respond:* Mandatory.

*Estimated number of respondents:* 53.

*Frequency of response:* Annual.

*Total estimated burden:* 6,048 hours.

*Total estimated cost:* \$293,631. This includes an estimated labor cost of \$293,631 and an estimated cost of \$0 for capital investment or maintenance and operational costs.

*Changes in the Estimates:* There is a decrease of 25,793 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. The last collection request anticipated the program progressing from the planning stages to implementation. The change in burden reflects changes in labor rates, changes in the activities conducted due to the normal progression of the program, and the fact that the aggregate initial regional haze SIPs and best available retrofit technology (BART) determinations will be acted on by the EPA by November 2012 and the states will be evaluating reasonable progress and implementation stages for the goals in those SIPs.

### Notification of an External Peer Review Meeting for the Draft *Framework for Human Health Risk Assessment to Inform Decision Making*

**AGENCY:** U.S. Environmental Protection Agency.

**ACTION:** Notice of an external peer review meeting.

**SUMMARY:** The EPA Office of the Science Advisor announces that Versar, Inc., a contractor to the EPA, will convene an independent panel of experts to review the draft document, *Framework for Human Health Risk Assessment to Inform Decision Making*. Any member of the public may register to attend this

peer review meeting as an observer. Time will be set aside for observers to give brief oral comments on the draft document at the meeting. The draft document is available via the internet on the Risk Assessment Forum web page (<http://www.epa.gov/raf/frameworkhhra.htm>).

**DATES:** The peer review panel meeting on the draft document, *Framework for Human Health Risk Assessment to Inform Decision Making* will be held on October 9, 2012, from 9:00 a.m. to approximately 5:00 p.m. Eastern Daylight Time, with registration beginning at 8:30 a.m.

**ADDRESSES:** The meeting will be held at the Hyatt Regency Crystal City, 2799 Jefferson Davis Highway, Arlington, VA 22202.

**Internet:** The draft document can be downloaded from <http://www.epa.gov/raf/frameworkhhra.htm>.

**Instructions:** To attend the peer review meeting as an observer, register no later than October 2, 2012 by calling Kathy Coon at Versar, Inc., on (703) 750-3000 ext. 545 or toll free on (800) 283-7727; sending a facsimile to (703) 642-6809 (subject line: HHRA Framework Meeting; and include your name, title, affiliation, full address and contact information in the body of the facsimile), or sending an email to [saundkat@versar.com](mailto:saundkat@versar.com) (subject line: HHRA Framework Meeting; and include your name, title, affiliation, full address and contact information in the body of the email). Space is limited, and registrations will be accepted on a first-come, first-served basis. There will be a limited time for comments from the public at the peer review meeting. Please inform Versar, Inc., in your registration request, if you wish to make oral comments during the meeting.

**FOR FURTHER INFORMATION CONTACT:** Julie Fitzpatrick, Office of the Science Advisor, Mail Code 8105-R, U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW., Washington, DC 20460; telephone number: (202) 564-4212; fax number: (202) 564-2070, email: [fitzpatrick.julie@epa.gov](mailto:fitzpatrick.julie@epa.gov).

**SUPPLEMENTARY INFORMATION:** The EPA has an established history of conducting human health risk assessments. The final *Framework* is intended to foster increased implementation of existing agency guidance for conducting human health risk assessments and improve the utility of risk assessment in the decision-making process.

In developing the draft *Framework*, the relevant recommendations presented in the National Research Council's report *Science and Decisions: Advancing Risk Assessment* have been

taken into consideration. Specifically, the recommendations that the EPA formalize and implement planning, scoping and problem formulation early in the risk assessment process and that the agency adopt a framework for risk-based decision-making are included in this *Framework*.

The draft *Framework* highlights the important roles of planning and scoping as well as problem formulation in designing a human health risk assessment process. In accord with long-standing agency policy, it also emphasizes the importance of both scientific review and public involvement. The *Framework* presents the concept of "fit for purpose" to address the development of risk assessments and associated products that are for informing risk management decisions. The final *Framework* will also highlight the agency's emphasis on the importance of transparency in human health risk assessment and decision-making processes.

This document is not intended to supersede existing agency guidance; instead, by citing and discussing existing guidance in the context of the proposed framework, it is intended to foster more effective implementation of that guidance.

The EPA previously announced the release of the draft *Framework* for a 60 day comment period (77 FR 44613), which ends on September 28, 2012. Public comments submitted during the public comment period may be viewed at <http://www.regulations.gov> under Docket ID No. EPA-HQ-ORD-2012-0579. The EPA will forward all public comments to Versar, Inc., for distribution to the members of the review panel. The external review draft does not represent agency policy. As it finalizes the draft document, the EPA intends to consider the comments from the external peer review meeting, along with public comments received by September 28, 2012, in accordance with 77 FR 44613.

Dated: September 6, 2012.
