POSTAL SERVICE

39 CFR Part 111

Holiday Mobile Shopping Promotion

AGENCY: Postal Service™.

ACTION: Final rule.

SUMMARY: The Postal Service will revise the Mailing Standards of the United States Postal Service. Domestic Mail Manual (DMM®) 709.3 to add a new temporary promotion during November of 2012 for Presorted and automation First-Class Mail® cards, letters, and flats, and Standard Mail® letters and flats bearing two-dimensional mobile barcodes. Mailings of automation cards and letters, including Standard Mail letters (other than those with simplified addresses) claiming a carrier route address, will not qualify for the price reduction.

DATES: Effective date: September 13, 2012.

SUPPLEMENTARY INFORMATION: On June 27, 2012, the Postal Service filed a notice with the Postal Regulatory Commission (Docket No. R2012–9) to temporarily reduce the prices for certain types of First-Class Mail and Standard Mail letters and flats containing a transactional two-dimensional barcode (“mobile barcode”) readable by consumer mobile devices. The terms “mobile barcode or mobile barcodes” include equivalent mobile technologies such as watermarks or tags. On August 7, 2012, the PRC approved the Holiday Mobile Shopping Promotion (”Promotion”), which will take place between November 7, 2012 and November 21, 2012 (”promotion period”). The Promotion is designed to spur mobile purchasing by putting mailers’ mobile-optimized offers, coupons, and catalogs into the hands of customers for the Black Friday/Cyber Monday holiday shopping timeframe.

In the example above, if the mailer had sent 500 packages or less via Priority Mail with Delivery Confirmation during the fulfillment period, there would be no rebate. Rebate applications will be due to the program office no later than February 15, 2013. Any earned rebate will be deposited to the participant’s mailing postage payment account.

The price reduction will be taken off the eligible postage amount due at the time of mailing. The Promotion discount does not apply to single-piece First-Class Mail pieces including residual single-piece First-Class Mail pieces claimed on a postage statement for Presorted and automation mailings. The price reduction also does not apply to any Standard Mail residual pieces paying single-piece First-Class Mail prices.

Eligible mailings must be accompanied by electronic documentation, submitted via mail.dat, mail.xml, or Postal Wizard. The electronic documentation must identify the mail owner and mail preparer in the “by/for” fields for all mailings, either by the Customer Registration ID (CRID) or Mailing ID (MID) assigned by USPS®.

Mailers also may qualify for an additional 1 percent rebate on the pre-discount postage of their qualifying mailings if a portion of their orders is fulfilled via Priority Mail® between November 9, 2012, and December 31, 2012 (“fulfillment period”). Priority Mail packages must bear a unique trackable barcode (i.e., Delivery Confirmation barcode or Intelligent Mail package barcode). To claim the rebate, mailers will need to demonstrate that during the fulfillment period, the number of Priority Mail packages delivered to customers exceeded 0.5 percent (“package threshold”) of the total number of qualifying mailpieces sent during the “promotion period” (November 7, 2012, through November 21, 2012). An example of the package threshold calculation is in the table below:

| Promotion Period—Discounted Mail volume | 100,000 pieces. |
| Total postage prior to discount | $21,000. |
| 2% Discount Applied | $420. |
| Total Postage after Discount applied | $20,580. |
| Fulfillment Threshold—0.5% of Discounted Mail volume | 500 packages. |
| Actual number of packages fulfilled via Priority Mail with Delivery Confirmation (11/9–12/31) | 1,225. |
| Additional rebate earned | $210. |

Postage Payment Methods

Postage payment methods will be restricted to permit imprint, metered postage, or precancelled stamps. Pieces with metered postage must bear an exact...
Mailings with postage paid by metered or precancelled stamp postage will have the percentage discount deducted from the additional postage due, except for Value Added Refund mailings, which may include the amount of the discount with the amount to be refunded. The holiday mobile shopping promotion discount cannot be combined with other incentives, with the exception of the full-service Intelligent Mail barcode discount.

### Promotion Dates and More Information

To participate in the promotion, customers must be registered for the Promotion on the Incentive Programs Service through the Business Customer Gateway at [https://gateway.usps.com/bcg/login.htm](https://gateway.usps.com/bcg/login.htm) and specify which permits and CRIDs will participate in the promotion. Registration opens September 15, 2012, and must be completed at least 2 hours prior to the first mailing. The Postal Service will implement the Promotion and temporary price reduction for mailings made on November 7, 2012, through November 21, 2012. Plant-verified drop shipment (PVDS) mailings accepted no later than November 21, 2012, may be entered at destinations through December 6, 2012. Program requirements, including updated FAQs, are available on the RIBBS® Web site at [https://ribbs.usps.gov/index.cfm?page=mobilebarcode](https://ribbs.usps.gov/index.cfm?page=mobilebarcode) or by email to mobilebarcode@usps.gov.

### List of Subjects in 39 CFR Part 111

Administrative practice and procedure, Postal Service.

Accordingly, 39 CFR part 111 is amended as follows:

**PART 111—[AMENDED]**

1. The authority citation for 39 CFR Part 111 continues to read as follows:

2. Revise the following sections of the *Mailing Standards of the United States Postal Service, Domestic Mail Manual* (DMM):

   - **3.0 Holiday Mobile Shopping Promotion**
   - **700 Special Standards**
   - **709 Experimental and Temporary Classifications**

To be eligible for the 2 percent discount, customers must be registered for the promotion on the Incentive Programs Service through the Business Customer Gateway at [https://gateway.usps.com/bcg/login.htm](https://gateway.usps.com/bcg/login.htm), and specify which permits and CRIDs will participate in the promotion. Registration opens September 15, 2012, and must be completed at least 2 hours prior to the first mailing. Mailpieces must be mailed under the following conditions:

a. The mobile barcode or similar image must be on each mailpiece, either on the outside or printed on the contents of the piece. Brief instructions or directional copy must be printed near the mobile barcode to instruct the recipient to scan the barcode or image. See 3.4 for placement restrictions.

b. The mobile barcode must be readable by a mobile device and must lead to a mobile-optimized Web site. The mobile barcode must be relevant to the contents of the mailpiece. Scanning the barcode must lead the consumer to a Web page that allows the recipient to purchase an advertised product on the mobile device. Barcodes with links that direct consumers to sites that allow purchase of a service, payment for prior or future purchases, or that encourage enrollment in online bill payment or paperless statement services are not eligible for the discount. Mailpieces with mobile barcodes that convey postage information, destination, sender, or a machinable serial number for security purposes also are not eligible for the discount.

c. The mailpieces with mobile barcodes must be one of the following:

   1. Presorted or automation First-Class Mail cards, letters, or flats. Automation pieces must bear Intelligent Mail barcodes.
   2. Standard Mail (including Nonprofit) letters or flats. Automation pieces must bear Intelligent Mail barcodes.

   d. Postage must be paid by permit imprint or by affixing metered postage or a precanceled stamp to each piece of mail; the postage statement and mailing

document must be submitted electronically. The mailer's identity must be indicated in the electronic documentation ("eDoc"). The eDoc must identify the mail owner and mail preparer in the by/or fields, either by Customer Registration ID (CRID) or Mailer ID (MID) assigned by the USPS. All Presorted and automation pieces declared on a postage statement must contain a mobile barcode that qualifies for the discount.

3.3 Discounts

Mailers must claim the 2 percent postage discount on the postage statement at the time the statement is electronically submitted. Mailings with postage affixed will deduct the discount amount from the additional postage due, except that mail service providers authorized to submit Value Added Refund ("VAR") mailings may include the discount in the amount to be refunded. Pieces with metered postage must bear an exact amount of postage as stipulated by the class and shape of mail. Affixed postage values for metered mailings may be found in the Federal Register notice preamble available at pe.usps.com. Provisions for additional postage for First-Class Mail pieces over 1 ounce are in 234.2.2a and 334.2.2a, and in 244.2.2 and 344.2.2 for Standard Mail pieces over 3.3 ounces. Mailers may also qualify for an additional one percent rebate on the postage of their qualifying mailpieces if a portion of their orders are fulfilled via Priority Mail between November 9, 2012, and December 31, 2012 (fulfillment period). To claim the rebate, mailers will need to demonstrate that during the fulfillment period, the number of Priority Mail packages (sent with a unique trackable barcode, such as Delivery Confirmation or Intelligent Mail package barcode) delivered to customers exceeded 0.5 percent of the total number of qualifying mailpieces mailed from November 7, 2012, through November 21, 2012.

[Add new 3.4 as follows:]

3.4 Mobile Barcode Placement

The mobile barcode cannot be placed on a detached address label (DAL or DML) or card that is not attached to the mailpiece. The mobile barcode cannot be placed in the (postage) indicia zone or the (Intelligent Mail) barcode clear zone on the outside of the mailpiece. For letters, the barcode clear zone is defined in 202.5.1. For flats, the barcode clear zone for this purpose is the barcode itself and an area that extends an additional ½ inch from any part of the barcode. The indicia zone is defined as follows:

a. The postage "indicia zone" is 2 inches from the top edge by 4 inches from the right edge of the mailpiece;

b. When the postage indicium is not in the area described in 3.4a, the mobile barcode must not be placed within 2 inches of the actual postage indicium.

We will publish an appropriate amendment to 39 CFR Part 111 to reflect these changes.

Stanley F. Mires,
Attorney, Legal Policy and Legislative Advice.

§ 501.15 Computerized Meter Resetting System.

(i) Security and Revenue Protection.

To receive Postal Service approval to continue to operate systems in the CMRS environment, the RC must submit to a periodic examination of its CMRS system and any other applications and technology infrastructure that may have a material impact on Postal Service revenues, as determined by the Postal Service. The examination shall be performed by a qualified, independent audit firm and shall be conducted in accordance with the Statements on Standards for Attestation Engagements (SSAEs) No. 16, Service Organizations, developed by the American Institute of Certified Public Accountants (AICPA), as amended or superseded. Expenses associated with such examination shall be incurred by the RC. The examination shall include testing of the operating effectiveness of relevant RC internal controls (Type II SSAEs 16 Report). If the service organization uses another service organization (sub-service provider), Postal Service management should consider the nature and materiality of the transactions processed by the sub-service organization and the contribution of the sub-service organization’s processes and controls in the achievement of the Postal Service’s...
