and wildlife, the protection of recreational opportunities, and the preservation of other aspects of environmental quality when approving licenses. Finally, 16 U.S.C. 799 stipulates conditions upon which the Commission issues hydroelectric licenses.

The Commission requires all hydroelectric license applications to address a variety of environmental concerns. Many of these concerns address environmental requirements developed by other agencies. The applicants must provide facts in order for the Commission to understand and resolve potential environmental problems associated with the application in the interests of the United States public.

### Types of Respondents: Non-federal hydroelectric plants greater than 5 megawatt capacity (FERC–505); non-federal hydroelectric plants less than 5 megawatts capacity (FERC–505).

### Estimate of Annual Burden:

The Commission estimates the total Public Reporting Burden for each information collection as:

FERC–505: Total estimated annual cost burden to respondents is $1,314,839.32 [19,053 hours × 2080 hours/year ÷ $301,502.90 = 9.16009 years × $143,540/year = $1,314,839.32].

FERC–505: Total estimated annual cost burden to respondents is $301,502.90 [4,369 hours × 2080 hours/year × 2.10048 years × $143,540/year = $301,502.90].

Comments: Comments are invited on:

1. Whether the collections of information are necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility;
2. The accuracy of the agency’s estimate of the burden and cost of the collections of information, including the validity of the methodology and assumptions used;
3. Ways to enhance the quality, utility and clarity of the information collections; and
4. Ways to minimize the burden of the collections of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

1 The Commission defines burden as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For further explanation of what is included in the information collection burden, reference 5 Code of Federal Regulations 1320.3.

2 2080 hours = 52 weeks × 40 hours per week (i.e., 1 year of full-time employment).

3 Average salary plus benefits per full-time equivalent employee.
