(including an amendment or modification thereof) must be published for public comment if it relates to the expenditure of appropriated funds, and has either a significant effect beyond the internal operating procedures of the agency issuing the policy, regulation, procedure or form, or has a significant cost or administrative impact on contractors or offerors. This final rule is not required to be published for public comment, because it only refers to the statutory authorities and provides an internal requirement for contracting officers to contact their designated legal advisor for additional information whenever they become aware of any litigation related to their contracts. The FAR does not address the substance of these authorities. These requirements affect only the internal operating procedures of the Government.

III. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

IV. Regulatory Flexibility Act

The Regulatory Flexibility Act does not apply to this rule because this final rule does not constitute a significant FAR revision, and 41 U.S.C. 1707 does not require publication for public comment.

V. Paperwork Reduction Act

The final rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).

This final rule amends the FAR to delete outdated references to the “DoD Industrial Preparedness Program”, which is no longer in existence. There is no impact to the Government or small business because this program was discontinued in 1992.

Item III—NAICS and Size Standards (FAR Case 2012–021)

This final rule amends the FAR to clarify that new North American Industry Classification System codes are not available for use in Federal contracting until the Small Business Administration publishes corresponding industry size standards. Published size standards are available on the SBA’s Web site and at 13 CFR 121.201. The clarifying language is provided for informational purposes and only addresses internal Government policies and procedures. This rule will not have a significant impact on the Government, and does not impose additional requirements on small businesses.

Item IV—Bid Protest and Appeal Authorities (FAR Case 2012–008)

This final rule amends FAR part 33 to note that there are other Federal-court related protest authorities and dispute-appeal authorities that are not covered by FAR part 33. SUPPLEMENTARY INFORMATION:

Summaries for each FAR rule follow. For the actual revisions and/or amendments made by these FAR cases, refer to the specific item numbers and subjects set forth in the documents following these item summaries. FAC 2005–61 amends the FAR as specified below:

Item I—United States–Korea Free Trade Agreement (FAR Case 2012–004)

This final rule adopts without change the interim rule published in the Federal Register on March 7, 2012 (77 FR 13952), to implement the United States–Korea Free Trade Agreement.
