decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: “Comments to Docket No. FAA–2011–1401/Airspace Docket No. 11–AGL–27.” The postcard will be date/time stamped and returned to the commenter.

Availability of NPRMs

An electronic copy of this document may be downloaded through the Internet at http://www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA’s web page at http://www.faa.gov/airspace/publications/airspace_amendments/. You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Office (see ADDRESSES section for address and phone number) between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. An informal docket may also be examined during normal business hours at the office of the Central Service Center, 2601 Meacham Blvd., Fort Worth, TX 76137.

Persons interested in being placed on a mailing list for future NPRMs should contact the FAA’s Office of Rulemaking (202) 267–9677, to request a copy of Advisory Circular No. 11–2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

The Proposal

This action proposes to amend Title 14, Code of Federal Regulations (14 CFR), Part 71 by amending Class E airspace extending upward from 700 feet above the surface of the earth. The provision extends an existing Class E airspace area in order to accommodate training flights for the Gaylord Regional Airport, Gaylord, MI. The airport name would also be updated from Otsego County Airport to Gaylord Regional Airport, as well as the airport’s geographic coordinates, to coincide with the FAA’s aeronautical database. Controlled airspace is needed for the safety and management of IFR operations at the airport.

Class E airspace areas are published in Paragraph 6005 of FAA Order 7400.9V, dated August 9, 2011 and effective September 15, 2011, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend controlled airspace at Gaylord Regional Airport, Gaylord, MI.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1E, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9V, Airspace Designations and Reporting Points, dated August 9, 2011, and effective September 15, 2011, is amended as follows:

Paragraph 6005 Class E Airspace areas extending upward from 700 feet or more above the surface of the earth.

AGL MI E5 Gaylord, MI [Amended]

Gaylord Regional Airport, MI

(Lat. 45°00′45″ N., long. 84°42′12″ W.)

Gaylord VOR/DME

(Lat. 45°00′45″ N., long. 84°42′15″ W.)

That airspace extending upward from 700 feet above the surface within a 7-mile radius of Gaylord Regional Airport, and within 2 miles each side of the 906° bearing from the airport extending from the 7-mile radius to 10.5 miles east of the airport, and within 8 miles north and 4 miles south of the Gaylord VOR/DME 278° radial extending from the 7-mile radius to 14.1 miles west of the airport, and within 8 miles north and 4 miles south of the Gaylord VOR/DME 270° radial extending from the 7-mile radius to 14.2 miles west of the airport.

Issued in Fort Worth, TX, on August 29, 2012.

David P. Medina.

Manager, Operations Support Group, ATO Central Service Center.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG–2012–0811]

RIN 1625–AA00

Safety Zone, Atlantic Intracoastal Waterway; Oak Island, NC

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to extend the temporary safety zone established on the waters of the Atlantic Intracoastal Waterway at Oak Island,
North Carolina. The safety zone is necessary to provide for the safety of mariners on navigable waters during maintenance on the NC 133 Fixed Bridge crossing the Atlantic Intracoastal Waterway, mile 311.8, at Oak Island, North Carolina. The safety zone extension would temporarily restrict vessel movement within the designated area starting on December 12, 2012 through February 14, 2013.

DATES: Comments and related material must be received by the Coast Guard on or before September 28, 2012.

ADDRESSES: You may submit comments identified by docket number using any one of the following methods:

(2) Fax: 202–493–2251.

(3) Mail or Delivery: Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590–0001. Deliveries accepted between 9 a.m. and 5 p.m., Monday through Friday, except federal holidays. The telephone number is 202–366–9329.

See the “Public Participation and Request for Comments” portion of the SUPPLEMENTARY INFORMATION section below for further instructions on submitting comments. To avoid duplication, please use only one of these three methods.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email CWO4 Joseph M. Edge, U.S. Coast Guard Sector North Carolina; telephone 252–247–4525, email Joseph.M.Edge@uscg.mil. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone (202) 366–9826.

NPRM Notice of Proposed Rulemaking

A. Public Participation and Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related materials. All comments received will be posted without change to http://www.regulations.gov and will include any personal information you have provided.

1. Submitting Comments

If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online at http://www.regulations.gov, or by fax, mail, or hand delivery, but please use only one of these means. If you submit a comment online, it will be considered received by the Coast Guard when you successfully transmit the comment. If you fax, hand deliver, or mail your comment, it will be considered as having been received by the Coast Guard when it is received at the Docket Management Facility. We recommend that you include your name and a mailing address, an email address, or a telephone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to http://www.regulations.gov, type the docket number USCG–2012–0811 in the “SEARCH” box and click “SEARCH.” Click on “Submit a Comment” on the line associated with this rulemaking. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period and may change the rule based on your comments.

2. Viewing Comments and Documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to http://www.regulations.gov, type the docket number USCG–2012–0811 in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

3. Privacy Act

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review a Privacy Act notice regarding our public dockets in the January 17, 2008, issue of the Federal Register (73 FR 3316).

4. Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for one, using one of the methods specified under ADDRESSES. Please explain why you believe a public meeting would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the Federal Register.

B. Regulatory History and Information

The safety zone at issue was initially established in a previous rulemaking under docket number USCG–2012–0431. We published a Notice of Proposed Rulemaking on June 15, 2012 (77 FR 35906), and after receiving no comments, we published a temporary final rule on July 30, 2012 (44 FR 44466).

C. Basis and Purpose

North Carolina Department of Transportation has awarded a contract to Marine Contracting Corporation of Virginia Beach, Virginia to perform bridge maintenance on the NC 133 Fixed Bridge crossing the Atlantic Intracoastal Waterway, mile 311.8, at Oak Island, North Carolina. The contract provides for replacing the fender system to commence on September 12, 2012 with a completion date of December 12, 2012. The contractor has been granted an extension by North Carolina Department of Transportation until February 14, 2013 to complete the bridge maintenance. The contractor will utilize a 140 foot deck barge with a 40 foot beam as a work platform and for equipment staging. A safety zone is needed to provide a safety buffer to mariners and property due to reduction of horizontal clearance.

D. Discussion of Proposed Rule

The proposed temporary safety zone will encompass the waters directly under the NC 133 Fixed Bridge crossing the Atlantic Intracoastal Waterway, mile 311.8, at Oak Island, North Carolina (33°55′18″ N/078°04′22″ W). All vessels transiting this section of the waterway requiring a horizontal clearance of greater than 50 feet will be required to make a one hour advance notification to the work supervisor at the NC 133 Fixed Bridge while the safety zone is in effect. A safety zone is currently in effect from 8 a.m. September 12, 2012 through 8 p.m. December 12, 2012, and
we are proposing to extend its duration until 8 p.m. February 14, 2013.

E. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes or executive orders.

1. Regulatory Planning and Review

This proposed rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders. This rule would not restrict traffic from transiting a portion of the Atlantic Intracoastal Waterway, it would only impose a one hour notification to ensure the waterway is clear of impediment to allow passage to vessels requiring a horizontal clearance of greater than 50 feet.

2. Impact on Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered the impact of this proposed rule on small entities. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule will not have a significant economic impact on a substantial number of small entities. This proposed rule would affect the following entities, some of which may be small entities: the owners or operators of commercial tug and barge companies, recreational and commercial fishing vessels intending to transit the specified portion of Atlantic Intracoastal Waterway from 8 p.m. December 12, 2012 through 8 p.m. February 14, 2013. This safety zone would not have a significant economic impact on a substantial number of small entities for the following reasons. Although the safety zone would apply to this section of the Atlantic Intracoastal Waterway, vessel traffic would be able to request passage by providing a one hour advanced notification. Before the effective period, the Coast Guard would issue maritime advisories widely available to the users of the waterway. If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see ADDRESSES) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT, above. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

4. Collection of Information

This proposed rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This proposed rule would not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity and reduce burden.

10. Protection of Children From Environmental Health Risks

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

11. Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This proposed rule is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

13. Technical Standards

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this proposed rule under Department of Homeland
Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves the establishment of a temporary safety zone. This rule is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. A preliminary environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under ADDRESSES. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

**List of Subjects in 33 CFR Part 165**

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 165 as follows:

### PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for part 165 continues to read as follows:

2. Add § 165.T05–0811 to read as follows:

**§ 165.T05–0811 Safety Zone; Atlantic Intracoastal Waterway, Oak Island, NC.**

(a) Regulated Area. The following area is a safety zone: This zone includes the waters directly under and 100 yards either side of the NC 133 Fixed Bridge crossing the Atlantic Intracoastal Waterway, mile 311.8, at Oak Island, North Carolina (33°55′18″ N/078°04′22″ W).

(b) Regulations. The general safety zone regulations found in 33 CFR 165.23 apply to the safety zone created by this temporary section, § 165.T05–0811. In addition the following regulations apply:

1. All vessels requiring greater than 50 feet horizontal clearance to safely transit through the NC 133 Fixed Bridge crossing the Atlantic Intracoastal Waterway, mile 311.8, at Oak Island,

### ARCHITECTURAL AND TRANSPORTATION BARRIERS COMPLIANCE BOARD

36 CFR Part 1192

[Docket No. ATBCB 2010–0004]

**RIN 3014–AA38**

**Americans With Disabilities Act (ADA) Accessibility Guidelines for Transportation Vehicles**

**AGENCY:** Architectural and Transportation Barriers Compliance Board.

**ACTION:** Notice of information meeting.

**SUMMARY:** The Architectural and Transportation Barriers Compliance Board (Access Board) is holding an information meeting in Seattle, WA on October 2, 2012 on pending rulemaking to revise and update accessibility guidelines for buses, over-the-road buses, and vans. The purpose of the meeting is to discuss issues related to the design and slope of bus ramps and the space needed at the top of ramps by individuals who use wheeled mobility devices to access the fare collection device and to turn into the main aisle.

**DATES:** The information meeting will be held from 2:15 p.m. to 5:30 p.m. on October 2, 2012.

**ADDRESSES:** The information meeting location is Washington State Convention Center, Rooms 611–612 (6th level), 800 Convention Place, Seattle, WA 98101–2350.

**FOR FURTHER INFORMATION CONTACT:**

Scott Windley, Office of Technical and Information Services, Access Board, 1331 F Street NW., Suite 1000, Washington, DC 20004–1111. Telephone (202) 272–0025 (voice) or (202) 272–0028 (TTY). Email address windley@access-board.gov. Persons planning to attend the meeting should contact Scott Windley. More information and any updates to the meeting will be posted on the Access Board’s Web site at http://www.access-board.gov/transit/.

**SUPPLEMENTARY INFORMATION:** In July 2010, the Architectural and Transportation Barriers Compliance Board (Access Board) issued a notice of proposed rulemaking (NPRM) to revise and update its accessibility guidelines for buses, over-the-road buses, and vans. See 75 FR 43748, July 26, 2010. The NPRM revised both the substance and structure of the guidelines. In addition to a new organization and format, the NPRM included revisions to technical requirements for ramp slopes, onboard circulation routes, wheelchair spaces,
