- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Authorization for Release of Medical Information for Black Lung Benefits

ACTION: Notice.

SUMMARY: The Department of Labor (DOL) is submitting the Office of Workers' Compensation Programs (OWCP) sponsored information collection request (ICR) revision titled, "Authorization for Release of Medical Information for Black Lung Benefits," to the Office of Management and Budget (OMB) for review and approval for use in accordance with the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501 *et seq.*).

DATES: Submit comments on or before October 15, 2012.

ADDRESSES: A copy of this ICR with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained from the RegInfo.gov Web site, <http://www.reginfo.gov/public/do/PRAMain>, on the day following publication of this notice or by contacting Michel Smyth by telephone at 202–693–4129 (this is not a toll-free number) or sending an email to DOL_PRA_PUBLIC@dol.gov.

Submit comments about this request to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for DOL–OWCP, Office of Management and Budget, Room 10235, 725 17th Street NW., Washington, DC 20503, Fax: 202–395–6881 (this is not a toll-free number), email: OIRA_submission@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT: Contact Michel Smyth by telephone at 202–693–4129 (this is not a toll-free number) or by email at DOL_PRA_PUBLIC@dol.gov.

Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: The Black Lung Benefits Act as Amended, 30 U.S.C. 901 *et seq.*, and regulations 20 CFR 725.405 require that all relevant medical evidence be considered before a decision can be made regarding a claimant's eligibility for black lung benefits; consequently, a person who files such a claim may submit medical information to the OWCP, Division of Coal Mine Workers' Compensation to help develop the claim. Form CM–936 gives the claimant's consent for the release of that medical information by

any physician, hospital, agency, or other organization to the OWCP.

This information collection is subject to the PRA. This ICR has been characterized as a revision, because the OWCP has reformatted elements of Form CM–936 (e.g., replaced an obsolete logo with the DOL Seal, updated the OMB Control Number, added a notice on rights for persons with disabilities, and removed references to the no longer existent Employment Standards Administration).

A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1240–0034. The current approval is scheduled to expire on November 30, 2012; however, it should be noted that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional information, see the related notice published in the **Federal Register** on May 31, 2012 (77 FR 32140).

New Process Gear, a Division of Magna Powertrain, Including On-Site Leased Workers From ABM Janitorial Service Northeast, Inc., and IS One, Inc., East Syracuse, NY; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974, as amended (“Act”), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on January 7, 2011, applicable to workers of New Process Gear, a division of Magna Powertrain, East Syracuse, New York. The workers produce automotive components. The notice was published in the **Federal Register** on January 26, 2011 (75 FR 77669). The notice was amended on June 21, 2012 to include on-site leased workers from ABM Janitorial Service Northeast, Inc. The amended notice was published in the **Federal Register** on July 16, 2012 (77FR 41807).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The company reports that workers leased from IS One, Inc. were employed on-site at the East Syracuse, New York location of New Process Gear, a division of Magna Powertrain. The Department has

determined that these workers were sufficiently under the control of New Process Gear, a division of Magna Powertrain to be considered leased workers.

Based on these findings, the Department is amending this certification to include workers leased from IS One, Inc. working on-site at the East Syracuse, New York location of New Process Gear, a division of Magna Powertrain.

The amended notice applicable to TA–W–74,940 is hereby issued as follows:

All workers of New Process Gear, a division of Magna Powertrain, including on-site leased workers from ABM Janitorial Service Northeast, Inc., and IS One, Inc., East Syracuse, New York, who became totally or partially separated from employment on or after December 17, 2010, through January 7, 2013, and all workers in the group threatened with total or partial separation from employment on the date of certification through two years from the date of certification, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended.

Signed at Washington, DC, this 31st day of August 2012.

Elliott S. Kushner,

Certifying Officer, Office of Trade Adjustment Assistance.

Notice of Continuation of Certification

[TA–W–80,308]

Roseburg Forest Products, Composite Panel Division, Including On-Site Leased Workers of Robert Half, Orangeburg, SC

[TA–W–80,308A]

Roseburg Forest Products, Composite Panel Division, Including On-Site Leased Workers of Robert Half, Russellville, SC

On August 12, 2011, the Department of Labor (Department) issued a certification regarding workers’ eligibility to apply for Trade Adjustment Assistance (TAA) applicable to workers and former workers of Roseburg Forest Products, Composite Panel Division, Orangeburg, South Carolina (TA–W–80,308) and Russellville, South Carolina (TA–W–80,308A). The Department’s Notice of determination was published in the **Federal Register** on September 2, 2011 (76 FR 54796).

The certification was based on the Department’s findings that aggregate industry imports of articles like or directly competitive with the articles

produced by Roseburg Forest Products, Composite Panel Division, Orangeburg, South Carolina and Russellville, South Carolina had contributed importantly to subject worker group separations.

Subsequent to the issuance of the certification, the Department received information that suggested that the aggregate industry import data on which the certification determination relied may have included related articles that may not be either like or directly competitive with either particleboard or laminated wood panels.

On July 17, 2012, the Department issued a Notice of Investigation Regarding Termination of Certification of workers and former workers of Roseburg Forest Products, Composite Panel Division, Orangeburg, South Carolina and Russellville, South Carolina. The Department’s Notice of Investigation Regarding Termination of Certification was published in the **Federal Register** on July 30, 2012 (77 FR 44683), and the Department conducted what is referred to herein as the “immediate investigation.”

During the immediate investigation, Roseburg Forest Products (subject firm) confirmed that the subject facilities produced particleboard and/or laminated wood panels, and provided additional information regarding the subject facilities’ operations related to particleboard and/or laminated wood panel production and their respective relationships to the subject firm’s customers of particleboard and/or laminated wood panels.

Taking into consideration the new information provided by the subject firm, the Department reviewed previously-submitted aggregate industry import data and the previously-conducted aggregate import analysis. The Department then excluded import data unrelated to particleboard and/or laminated wood panels (and like or directly competitive articles) and conducted another aggregate industry import analysis for the same time period but using the revised aggregate import database.

The Department’s analysis of this database revealed that the import levels of the subject articles and like or directly competitive articles did not increase during the relevant period. Therefore, aggregate data did not provide a basis for certifying the subject worker groups under Section 222 of the Act, 19 U.S.C., 2272, as described in the determination issued on August 12, 2011.

After determining that the basis for certification as described in the determination was not valid, the Department continued the immediate
