Orders Disposition of the Project.

On August 31, 2010, Lockhart Power Company filed an application for a minor license for the project No. 4362, did not file an application for a subsequent license. Inman Mills, the licensee for Project No. 4362, did not file an application for a subsequent license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If, as is the case here, the project’s prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 556(c) (2006), and as set forth at 18 CFR 16.21(b), if, as is also the case here, the licensee of such project has not filed an application for a subsequent license, the licensee may be required to continue to operate the project in accordance with the terms and conditions of the license after the minor license expires, until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

Notice is hereby given that Inman Mills is authorized to continue operation of the Riverdale Hydroelectric Project, until such time as the Commission issues someone else a license for the project or otherwise orders disposition of the project.

Dated: September 12, 2012.

Kimberly D. Bose, Secretary.
