

and 4 hours per response for the Job Training Reporting Form. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 1007.

Frequency of response: Bi-annual for subtitle C recipients; quarterly for subtitle A recipients.

Estimated total average number of responses for each respondent: 20.

Estimated total annual burden hours: 3,167 hours.

Estimated total annual costs: \$308,911. This includes an estimated burden cost of \$308,911 and an estimated cost of \$0 for capital investment or maintenance and operational costs.

Are there changes in the estimates from the last approval?

There is a decrease of one hour in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. This decrease reflects EPA's updating of burden estimates for this collection based on an increase in number of experienced recipients familiar with reporting requirements, a lowered number of responses based on previous data submission, and improvements in the ACREs reporting database.

What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit

additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: September 12, 2012.

Gail A. Cooper,

Acting Director, Office of Brownfields and Land Revitalization.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[Docket ID Number EPA-HQ-OECA-2009-0562]

Clean Water Act Class II: Proposed Administrative Settlement, Penalty Assessment and Opportunity To Comment Regarding New Cingular Wireless PCS, LLC

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA has entered into a Consent Agreement with New Cingular Wireless PCS, LLC to resolve violations of the Clean Water Act (CWA), the Emergency Planning and Community Right-to-Know Act (EPCRA), and the Clean Air Act (CAA) and their implementing regulations.

The Administrator is hereby providing public notice of this Consent Agreement and proposed Final Order (CAFO), and providing an opportunity for interested persons to comment on the CWA, EPCRA, and CAA portions of this Consent Agreement, pursuant to CWA section 311(b)(6)(C), 33 U.S.C. 1321(b)(6)(C).

DATES: Comments are due on or before October 19, 2012.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-OECA-2009-0562, by one of the following methods:

- *www.regulations.gov:* Follow the on-line instructions for submitting comments.

- *Email:* docket.oeca@epa.gov, Attention Docket ID No. EPA-HQ-OECA-2009-0562.

- *Fax:* (202) 566-9744, Attention Docket ID No. EPA-HQ-OECA-2009-0562.

- *Mail:* Enforcement and Compliance Docket Information Center, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave. NW., Washington, DC 20460, Attention Docket ID No. EPA-HQ-OECA-2009-0562.

- *Hand Delivery:* Enforcement and Compliance Docket Information Center in the EPA Docket Center (EPA/DC), EPA West, Room B 3334, 1301 Constitution Avenue NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Enforcement and Compliance Docket is (202) 566-1927. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-HQ-OECA-2009-0562. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov. The www.regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA without going through www.regulations.gov, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket, visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

Docket: All documents in the docket are listed in the www.regulations.gov index. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly

available docket materials are available either electronically at www.regulations.gov or in hard copy at the Enforcement and Compliance Docket Information Center in the EPA Docket Center (EPA/DC), EPA West, Room B 3334, 1301 Constitution Avenue NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Enforcement and Compliance Docket is (202) 566-1927.

FOR FURTHER INFORMATION CONTACT: Michael Calhoun, Special Litigation and Projects Division (2248-A), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW., Washington, DC 20460; telephone (202) 564-6031; fax: (202) 564-9001; email: calhoun.michael@epa.gov.

II. Background

This settlement agreement is the result of an investigation by the Special Litigation and Projects Division (SLPD) in the Office of Civil Enforcement of AT&T Wireless (AWS) for potential EPCRA Section 311 and 312 reporting violations, CWA violations related to Spill Prevention, Control, and Countermeasure (SPCC) Plan requirements and CAA violations related to the permitting of backup generators under State Implementation Plan (SIP) rules. On October 26, 2004, AWS was purchased by Cingular Wireless PCS, LLC (CW). CW was subsequently renamed New Cingular Wireless PCS, LLC (NCW). The scope of this settlement agreement is limited to legacy AWS-owned facilities that were subject to SLPD's investigation from 2001 to 2003.

Pursuant to the settlement agreement, NCW will pay a civil penalty of \$750,000, will expend an additional

\$625,000 for Supplemental Environmental Projects and will conduct CAA and SPCC compliance audits at legacy AWS sites. EPA and NCW negotiated an administrative Consent Agreement in accordance with the Consolidated Rules of Practice, 40 CFR 22.13(b) (*In Re: New Cingular Wireless PCS, LLC*, Docket Nos. CWA-HQ-2009-8001, CAA-HQ-2009-8001, EPCRA-HQ-2009-8001). This Consent Agreement is subject to public notice and comment under CWA section 311(b)(6)(C), 33 U.S.C. 1321(b)(6)(C).

CWA

NCW violated CWA section 311(j) and 40 CFR Part 112, because it inadequately prepared and/or failed to prepare and implement SPCC plans for the 14 facilities listed below between 2001 and 2008. As authorized by CWA section 311(b)(6), 33 U.S.C. 1321(b)(6), EPA has assessed a civil penalty for these violations.

Site	Address	City	State
1. Little Rock	900 S. Shackelford Rd.	Little Rock	AR
2. Signal Peak	I-80 & Rattlesnake Rd.	Soda Springs	CA
3. Paauiilo	Kukaiau Ranch	Paauiilo	HI
4. Urbandale	4157 109th St.	Urbandale	IA
5. Evansville	4510 O'Hara Dr.	Evansville	IN
6. St. Rose	160 James Dr.	St. Rose	LA
7. Southborough	155 Northborough Dr.	Southborough	MA
8. Albany	2 Kross Key Dr.	Albany	NY
9. New Hyde Park	198 Armstrong Rd.	New Hyde Park	NY
10. Oklahoma City	3201 Quail Springs Parkway	Oklahoma City	OK
11. Wilkes Barre	485 Lasley Ave.	Wilkes Barre	PA
12. Allen	800 Venture Dr.	Allen	TX
13. Austin	4400 Staggerbrush Rd.	Austin	TX
14. Milwaukee	5825 99th St.	Milwaukee	WI

Under CWA section 311(b)(6)(A), 33 U.S.C. 1321(b)(6)(A), based on the time period in which the violations occurred, any owner, operator, or person in charge of a vessel, onshore facility, or offshore facility from which oil is discharged in violation of CWA section 311(b)(3), 33 U.S.C. 1321(b)(3), or who fails or refuses to comply with any regulations that have been issued under CWA section 311(j), 33 U.S.C. 1321(j), may be assessed an administrative civil penalty of up to \$157,500 by EPA for violations occurring after March 15, 2004, and up to \$137,500 for violations up to and including that date. Class II proceedings under CWA section 311(b)(6) are conducted in accordance with 40 CFR Part 22.

The procedures by which the public may comment on a proposed Class II penalty order, or participate in a CWA Class II penalty proceeding, are set forth in 40 CFR 22.45. The deadline for submitting public comment on this

proposed final order is October 19, 2012. All comments will be transferred to the Environmental Appeals Board ("EAB") of EPA for consideration. The powers and duties of the EAB are outlined in 40 CFR 22.4(a).

Pursuant to CWA section 311(b)(6)(C), 33 U.S.C. 1321(b)(6)(C), EPA will not issue an order in this proceeding prior to the close of the public comment period.

EPCRA

NCW also violated EPCRA section 311, 42 U.S.C. 11021, and the regulations found at 40 CFR 370.21, when it failed to submit a Material Safety Data Sheet ("MSDS") for a hazardous chemical(s) or, in the alternative, a list of such chemicals, at 51 facilities for varying lengths of time between 2001 and 2003. EPA, as authorized by EPCRA section 325, 42 U.S.C. 11045, has assessed a civil penalty for these violations.

NCW also violated EPCRA section 312, 42 U.S.C. 11022, and the regulations found at 40 CFR Part 370.25, when it failed to prepare and submit emergency and chemical inventory forms to the LEPC, the SERC and/or the fire department with jurisdiction over 314 facilities listed in Attachment A for varying lengths of time between 2001 and 2003. EPA, as authorized by EPCRA section 325, 42 U.S.C. 11045, has assessed a civil penalty for these violations. Attachment A to the proposed CAFO lists the 325 EPCRA sites in violation of EPCRA sections 311 and 312.

Under EPCRA section 325, 42 U.S.C. 11045, the Administrator may issue an administrative order assessing a civil penalty against any person who has violated applicable emergency planning or right to know requirements, or any other requirement of EPCRA. Proceedings under EPCRA section 325

are conducted in accordance with 40 CFR part 22.

CAA

NCW also violated regulations promulgated pursuant to the California SIP involving the two facilities described in the paragraphs below at varying lengths of time between 2001 and 2007. Section 110(a)(1) of the CAA, 42 U.S.C. 7410(a)(2), requires states to submit implementation plans to implement, maintain, and enforce ambient air quality standards. Section 110(a)(2)(C) of the CAA, 42 U.S.C. 7410(a)(2), requires states to include in their implementation plans regulation of the modification and construction of any stationary source covered by the plan. The California State Implementation Plan (SIP) includes requirements from local governments. The California SIP, including the requirements specific to the local governments, was approved by EPA under section 110 of the Act, 42 U.S.C. 7410.

The California air quality control districts' rules for the jurisdictions set forth below include regulations that require construction and/or operating permits for certain stationary sources of air pollution. As detailed below, each of these provisions was incorporated into the California SIP and is therefore federally enforceable.

In the State of California, NCW operates diesel fuel-powered electric generators that are stationary sources within the meaning of CAA section 302(z), 42 U.S.C. 7602(z).

A. Bay Area Air Quality Management District (BAAQMD)—The California SIP includes a provision, Regulation 2, Rule 1 BAAQMD Rules, stating that any person installing any equipment, the use of which may cause the issuance of air contaminants, must first obtain authorization for such construction and subsequent operation. This provision was federally approved and became federally enforceable on January 26, 1999 (64 Fed. Reg. 3850). NCW owns or operates a facility (2 miles off Lynch Road, Suisun, CA) in the BAAQMD that installed a pollution-emitting diesel-powered electric generating unit without written authorization from BAAQMD in violation of Regulation 2, Rule 1.

B. San Joaquin Valley Unified Air Pollution Control District (SJVUAPCD)—The California SIP includes a provision, section 3.0 in SJVUAPCD Rule 2010, stating that any person installing any equipment, the use of which may cause the issuance of air contaminants, must first obtain authorization for such construction and

subsequent operation. This provision was federally approved and became federally enforceable on July 23, 1999 (64 Fed. Reg. 39,920). NCW owns or operates a facility (6855 West Eight Mile Road, Stockton, CA) in the SJVUAPCD that installed two pollution-emitting diesel-powered electric generating units without written authorization from SJVUAPCD in violation of Rule 2010.

NCW violated regulations promulgated pursuant to the California SIP involving the two facilities described in the paragraphs above and is therefore subject to federal enforcement under CAA section 110(a). EPA, as authorized by CAA section 113(d), 42 U.S.C. 7413(d), has assessed a civil penalty for these violations. Under CAA section 113(d), 42 U.S.C. 7413(d), the Administrator may issue an administrative order assessing a civil penalty against any person who has violated an applicable requirement of the CAA, including any rule, order, waiver, permit or plan. Proceedings under CAA section 113(d) are conducted in accordance with 40 CFR Part 22.

EPA will not issue an order in this proceeding prior to the close of the public comment period.

List of Subjects

Environmental protection.

Dated: September 10, 2012.

Bernadette Rappold,

Director, Special Litigation and Projects Division, Office of Enforcement and Compliance Assurance.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9730-1]

Cross-Media Electronic Reporting: Authorized Program Revision Approval, State of Mississippi

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's approval of the State of Mississippi's request to revise/modify certain of its EPA-authorized programs to allow electronic reporting.

DATES: EPA's approval is effective on September 19, 2012.

FOR FURTHER INFORMATION CONTACT: Evi Huffer, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue NW., Washington,

DC 20460, (202) 566-1697, huffer.evi@epa.gov, or Karen Seeh, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue NW., Washington, DC 20460, (202) 566-1175, seeh.karen@epa.gov.

SUPPLEMENTARY INFORMATION: On October 13, 2005, the final Cross-Media Electronic Reporting Rule (CROMERR) was published in the **Federal Register** (70 FR 59848) and codified as part 3 of title 40 of the CFR. CROMERR establishes electronic reporting as an acceptable regulatory alternative to paper reporting and establishes requirements to assure that electronic documents are as legally dependable as their paper counterparts. Subpart D of CROMERR requires that state, tribal or local government agencies that receive, or wish to begin receiving, electronic reports under their EPA-authorized programs must apply to EPA for a revision or modification of those programs and obtain EPA approval. Subpart D provides standards for such approvals based on consideration of the electronic document receiving systems that the state, tribal, or local government will use to implement the electronic reporting. Additionally, § 3.1000(b) through (e) of 40 CFR part 3, subpart D provides special procedures for program revisions and modifications to allow electronic reporting, to be used at the option of the State, Tribe or local government in place of procedures available under existing program-specific authorization regulations. An application submitted under the subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements.

On January 14, 2010, the Mississippi Department of Environmental Quality (MDEQ) submitted an application entitled "Regulatory Services Portal/Hazardous Waste Biennial Reporting" for revisions/modifications of its EPA-authorized programs under title 40 CFR. EPA reviewed MDEQ's request to revise/modify its EPA-authorized programs and, based on this review, EPA determined that the application met the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve Mississippi's request to revise/modify its following EPA-authorized programs to allow electronic
