SUPPLEMENTARY INFORMATION: TSTF-522, Revision 0, is applicable to all nuclear reactor power plants. The proposed change revises the surveillance requirements (SRs) which currently require operating the ventilation system for at least 10 continuous hours with the heaters

operating every 31 days or at a frequency controlled in accordance with the surveillance frequency control program (SFCP). The SRs would be changed to require at least 15 continuous minutes of ventilation system operation with heaters operating every 31 days or at a frequency controlled in accordance with the SFCP.

The NRC staff has reviewed the model application for TSTF-522 and has found it acceptable for use by licensees. Licensees opting to apply for this TS change are responsible for reviewing the NRC's staff SE and the applicable technical bases, providing any necessary plant-specific information, and assessing the completeness and accuracy of their license amendment request (LAR). The NRC will process each amendment application responding to the Notice of Availability according to applicable NRC rules and procedures.

The proposed change does not prevent licensees from requesting an alternate approach or proposing changes other than those proposed in TSTF-522, Revision 0. However, significant deviations from the approach recommended in this notice or the inclusion of additional changes to the license will require additional NRC staff review. This may increase the time and resources needed for the review or result in NRC staff rejection of the LAR. Licensees desiring significant deviations or additional changes should instead submit an LAR that does not claim to adopt TSTF-522, Revision 0.

Dated at Rockville, Maryland, this 12th day of September, 2012.

For the Nuclear Regulatory Commission,
Sheldon D. Stuchell,

*Acting Chief, Licensing Processes Branch,
Division of Policy and Rulemaking, Office
of Nuclear Reactor Regulation.*

- I. Introduction
- II. Notice of Filings
- III. Ordering Paragraphs

I. Introduction

In accordance with 39 U.S.C. 3642 and 39 CFR 3020.30 *et seq.*, the Postal Service filed a formal request and associated supporting information to add Priority Mail Contract 42 to the competitive product list.¹ The Postal Service asserts that Priority Mail Contract 42 is a competitive product “not of general applicability” within the meaning of 39 U.S.C. 3632(b)(3). Request at 1. The Request has been assigned Docket No. MC2012–47.

The Postal Service contemporaneously filed a redacted contract related to the proposed new product under 39 U.S.C. 3632(b)(3) and 39 CFR 3015.5. *Id.* Attachment B. The instant contract has been assigned Docket No. CP2012–57.

Request. To support its Request, the Postal Service filed six attachments as follows:

- Attachment A—a redacted copy of Governors’ Decision No. 11–6, authorizing the new product;
- Attachment B—a redacted copy of the contract;
- Attachment C—proposed changes to the Mail Classification Schedule competitive product list with the addition underlined;
- Attachment D—a Statement of Supporting Justification as required by 39 CFR 3020.32;
- Attachment E—a certification of compliance with 39 U.S.C. 3633(a); and

- Attachment F—an application for non-public treatment of materials to maintain redacted portions of the contract and related financial information under seal.

In the Statement of Supporting Justification, Dennis R. Nicoski, Manager, Field Sales Strategy and Contracts, asserts that the contract will cover its attributable costs; make a positive contribution to covering institutional costs; and increase contribution toward the requisite 5.5 percent of the Postal Service’s total institutional costs. *Id.* Attachment D at 1. Mr. Nicoski contends that there will be no issue of market dominant products subsidizing competitive products as a result of this contract. *Id.*

Related contract. The Postal Service included a redacted version of the related contract with the Request. *Id.* Attachment B. The contract is scheduled to become effective on the day the Commission issues all necessary regulatory approval. *Id.* at 2. The contract will expire 3 years from the effective date unless, among other things, either party terminates the agreement upon 30 days’ written notice to the other party.² *Id.* at 3. The Postal Service represents that the contract is consistent with 39 U.S.C. 3633(a). *Id.* Attachment D.

The Postal Service filed much of the supporting materials, including the related contract, under seal. *Id.* Attachment F. It maintains that the redacted portions of the contract; customer-identifying information; and related financial information, should remain confidential. *Id.* at 3. This information includes the price structure; underlying costs and assumptions; pricing formulas; information relevant to the customer’s mailing profile; and cost coverage projections. *Id.* The Postal Service asks the Commission to protect customer-identifying information from public disclosure indefinitely. *Id.* at 7.

B. Comments are due no later than September 21, 2012. The public portions of these filings can be accessed via the Commission’s Web site (<http://www.prc.gov>).
