spare parts, and this proposed AD does not address spare parts.

- The EASA AD requires a repeat of the tests for helicopters that have been modified in compliance with AD F–2005–100, and this proposed AD does not.
- The EASA AD also applies to the Model AS332C1 helicopter, and this proposed AD does not because this model does not have an FAA-issued type certificate.

Costs of Compliance

We estimate that this proposed AD would affect three helicopters of U.S. registry. We estimate the following costs to comply with this proposed AD:

- We estimate that modification of the control panel, connector, and wiring would take one work hour to complete at $85 per hour, and that parts would cost $293. Performing function tests would take about 4.5 hours to complete, for a total labor cost of $383. Thus, we estimate a total cost per helicopter of $761, and a total cost of $2,283 for the fleet.

We do not control warranty coverage. Accordingly, we have included all costs in our cost estimate.

Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA’s authority to issue rules on aviation safety. Subtitle I, section 106, describes the authority of the FAA Administrator. “Subtitle VII: Aviation Programs,” describes in more detail the scope of the Agency’s authority.

We are issuing this rulemaking under the authority described in “Subtitle VII, Part A, Subpart III, Section 44701: General requirements.” Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

Regulatory Findings

We determined that this proposed AD would not have federalism implications under Executive Order 13132. This proposed AD would not have a substantial direct effect on the States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed, I certify this proposed regulation:

1. Is not a “significant regulatory action” under Executive Order 12866;
2. Is not a “significant rule” under the DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979);
3. Will not affect intrastate aviation in Alaska to the extent that it justifies making a regulatory distinction; and
4. Will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

We prepared an economic evaluation of the estimated costs to comply with this proposed AD and placed it in the AD docket.

The Proposed Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA proposes to amend 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

§ 39.13 [Amended]

1. The FAA amends § 39.13 by adding the following new Airworthiness Directive (AD):

(a) Applicability

This AD applies to Eurocopter Model AS332C, AS332L, and AS332L1 helicopters not modified per modification (MOD) 0723817, MOD 0725670, MOD 332P083218 or MOD 332A088381, with a main landing gear control panel (control panel) 33G, part number (P/N) 332A67–1623–00, -06, -0610, or -0651; certificated in any category.

(b) Unsafe Condition

This AD defines the unsafe condition as an uncommanded landing gear retraction, which could cause the helicopter nose to drop and hit the ground while the rotor blades are spinning.

(c) Compliance

You are responsible for performing each action required by this AD within the specified compliance time unless it has already been accomplished prior to that time.

(d) Required Actions

Within 90 days, modify the control panel 33G and connector 100G, route the 1GA5103E wiring, and perform the tests in accordance with the Accomplishment Instructions, Paragraphs 2.B.2.a. through 2.B.3.d., and as depicted in Figures 1 and 2, of Eurocopter Alert Service Bulletin No 32.00.18, Revision 2, dated July 12, 2010.

(e) Alternative Methods of Compliance (AMOC)

(1) The Manager, Rotorcraft Directorate, Safety Management Group, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. Pennsylvania Regulatory Program

AGENCY: Office of Surface Mining Reclamation and Enforcement (OSM), Interior.
ACTION: Proposed rule; extension of comment period and notice of public hearings.

SUMMARY: We are reopening and extending the public comment period and will be holding two public hearings on the proposed amendment to the Commonwealth of Pennsylvania’s approved regulatory program (the “Pennsylvania program”) published on July 11, 2012. The comment period is being reopened and extended in order to afford the public more time to comment and to allow ample time to conduct two public hearings. This extension was requested by the Citizens Coal Council and the Environmental Integrity Project. We are also notifying the public of the date, time, and locations for the public hearing. Pennsylvania is introducing beneficial use of coal ash into the Pennsylvania statutory scheme via Pennsylvania’s Solid Waste Management Act (“SWMA”), the Clean Streams Law (“CSL”), the Surface Mining Conservation and Reclamation Act, and the Administrative Code. Pennsylvania intends to revise its approved program pursuant to the additional flexibility afforded by the revised Federal regulations and SMCRA, as amended, to ensure Pennsylvania’s proposed provision is consistent with and in accordance with SMCRA and the corresponding regulations.

DATES: We will accept written comments until 4 p.m., eastern standard time (“EST”) on October 19, 2012. Two public hearings will be held on Wednesday, October 17, 2012, at 6 p.m. EST.

ADDRESSES: You may submit comments, identified by “PA–161–FOR; Docket ID: OSM–2012–0009” by either of the following two methods:

SUPPLEMENTARY INFORMATION: On July 11, 2012, (77 FR 40836) we published a proposed rule that would revise the Pennsylvania program. The revisions would add regulations to the Pennsylvania program to regulate coal ash. The key provisions of the rule address the operating requirements for beneficial use of coal ash upon active and abandoned mine land sites. The proposed amendment addition has the following components:

• Chemical and physical certification standards for coal ash to ensure compliance with beneficial use requirements;

• Coal ash monitoring to ensure coal ash meets qualification criteria;

• Water quality monitoring to create a robust dataset to facilitate the evaluation and documentation of water quality at sites where coal ash is beneficially used; A minimum number of monitoring points to characterize the groundwater;

• Recording of the landowner consent for placement of coal ash for beneficial use;

• Reporting of volumes and locations where coal ash is beneficially used;

• Operational and monitoring standards for all types of beneficial use;

• A centralized process to qualify coal ash for beneficial use at mine sites;

• An annual fee payable to the Department to offset some of its costs for coal ash and water quality sampling and testing at mine sites where coal ash is beneficially used; and

• Abatement plan requirements in the event that site assessments indicate groundwater or surface water degradation.

On July 19, 2012, (Administrative Record Number, PA 894.06) we received a request from the Citizens Coal Council to hold a public hearing on the amendment and to extend the public comment period. On July 25, 2012, (Administrative Record Number, PA 894.08), we received a request from the Center for Coalfield Justice to hold a public hearing on the amendment. We are granting the request to extend the public comment period to afford the public more time to comment on the amendment and to allow enough time to schedule and hold the hearings, as requested. The date, time and location for the public hearings may be found under DATES and ADDRESSES above.

The hearings will be open to anyone who would like to attend and/or testify. The primary purpose of the public hearing is to obtain your comments on the proposed rule so that we can prepare a complete and objective analysis of the proposal. The hearing officer will conduct the hearing and receive the comments submitted. Comments submitted during the hearing will be responded to in the preamble to the final rule, not at the hearing. We appreciate all comments, but those most useful and likely to influence decisions on the final rule will be those that either involve personal experience or include citations to, and analyses of, the Surface Mining Control and Reclamation Act of 1977, its legislative history, its implementing regulations, case law, other State or Federal laws and regulations, data, technical literature, or relevant publications.

At the hearing, a court reporter will record and make a written record of the statements presented. This written record will be made part of the

RIN 2900–AO27

Exempting In-Home Video Telehealth From Copayments

AGENCY: Department of Veterans Affairs.

ACTION: Withdrawal of proposed rule.

SUMMARY: The Department of Veterans Affairs (VA) is withdrawing VA’s proposed rulemaking, published in the Federal Register on March 6, 2012, to amend its regulation that governs VA services that are not subject to copayment requirements for inpatient hospital care or outpatient medical care. Specifically, the regulation exempted in-home video telehealth care from having any required copayment. VA received no significant adverse comments concerning the proposed rule or its companion substantially identical direct final rule published on the same date in the Federal Register. In a companion document in this issue of the Federal Register, we are confirming that the direct final rule became effective on May 7, 2012. Accordingly, this document withdraws as unnecessary the proposed rule.

DATES: The proposed rule is withdrawn as of September 25, 2012.

FOR FURTHER INFORMATION CONTACT: Kristin J. Cunningham, Director Business Policy, Chief Business Office, Department of Veterans Affairs, 810 Vermont Ave. NW., Washington, DC 20420; (202) 461–1599. (This is not a toll-free number.)

SUPPLEMENTARY INFORMATION: In a proposed rule published in the Federal Register on March 6, 2012, 77 FR 13236, VA proposed to amend 38 CFR 17.108 to eliminate co-payments for in-home video telehealth. Additionally, VA published a companion substantially identical direct final rule at 77 FR 13195 on the same date. The direct final rule and proposed rule each provided a 30-day comment period that ended on April 5, 2012. No adverse comments were received. Two comments that supported the rulemaking were received from members of the general public.

Because no significant adverse comments were received within the comment period, VA is withdrawing the proposed rule as unnecessary. In a companion document in this issue of the Federal Register, VA is confirming the effective date of the direct final rule, RIN 2900–AO26, published at 77 FR 13195.

Signing Authority

The Secretary of Veterans Affairs, or designee, approved this document and authorized the undersigned to sign and submit the document to the Office of the Federal Register for publication electronically as an official document of the Department of Veterans Affairs. John R. Gingrich, Chief of Staff, Department of Veterans Affairs, approved this document on September 18, 2012, for publication.

Robert C. McFetridge,
