SUPPLEMENTARY INFORMATION: The DOL Iqbal Masih Award for the Elimination of Child Labor, presented by the Secretary of Labor, is intended to recognize exceptional efforts to reduce the worst forms of child labor. The Award was created in response to a Senate Committee mandate directing the Secretary of Labor to establish an annual non-monetary award recognizing extraordinary efforts by an individual, company, organization, or national government to reduce the worst forms of child labor. The DOL is proposing to extend this ICR to allow the public to nominate and provide critical information on proposed candidates for this award who have demonstrated

extraordinary efforts to combat the worst forms of child labor.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid Control Number. The DOL, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before they are submitted to the OMB. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed. Interested parties are encouraged to provide comments to the individual listed in the **ADDRESSES** section above. Comments must be written to receive consideration, and they will be summarized and may be included in the request for OMB approval of the final ICR. The comments will become a matter of public record. To help ensure appropriate consideration, comments should mention OMB Control Number 1290-0007.

The DOL is particularly interested in comments that:

Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
