National Institutes of Health

National Institute of Nursing Research; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as

amended (5 U.S.C. App.), notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute of Nursing Research Initial Review Group.

Date: October 18, 2012.

Time: 8:00 a.m. to 6:00 p.m.

Agenda: To review and evaluate grant applications.

Place: Hyatt Regency Bethesda, One Bethesda Metro Center, 7400 Wisconsin Avenue, Bethesda, MD 20814.

Contact Person: Weiqun Li, MD, Scientific Review Officer, National Institute of Nursing Research, National Institutes of Health, 6701 Democracy Blvd., Ste. 710, Bethesda, MD 20892, (301) 594-5966, wli@mail.nih.gov.

(Catalogue of Federal Domestic Assistance Program Nos. 93.361, Nursing Research, National Institutes of Health, HHS)

Dated: September 25, 2012.

Michelle Trout,

Program Analyst, Office of Federal Advisory Committee Policy.

BILLING CODE 4140-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Prospective Grant of Exclusive License: Terahertz Scanning Systems for Cancer Pathology

AGENCY: National Institutes of Health, Public Health Service, HHS.

ACTION: Notice.

SUMMARY: This is notice, in accordance with 35 U.S.C. 209(c)(1) and 37 CFR 404.7(a)(1)(i), that the National Institutes of Health (NIH), Department of Health and Human Services (HHS), is contemplating the grant of a worldwide exclusive evaluation option license, to practice the inventions embodied in:

HHS REF. NO. E-243-2010/0 "TETRAHERTZ SPATIAL LIGHT MODULATOR FOR COMPUTER-CONTROLLED ADAPTIVE NEAR FIELD IMAGING OF BIOLOGICAL SYSTEMS"

Patent application No.	Territory	Filing date	Status
61/425,007	US	December 20, 2010	Expired.
PCT/US2011/65734	Int'l	December 19, 2011	Pending.

to Transformatix Technologies, Inc., a company incorporated under the laws of the State of California having its headquarters in Davis, California. The United States of America is the assignee of the rights of the above inventions. The contemplated exclusive license may be granted in a field of use limited to terahertz scanning systems for cancer pathology. Upon the expiration or termination of the exclusive evaluation option license, Transformatix will have the right to execute an exclusive patent commercialization license which will supersede and replace the exclusive evaluation option license with no greater field of use and territory than granted in the evaluation license.

DATES: Only written comments and/or applications for a license received by the NIH Office of Technology Transfer on or before October 16, 2012 will be considered.

ADDRESSES: Requests for a copy of the patent application, inquiries, comments

and other materials relating to the contemplated license should be directed to: Michael A. Shmilovich, Esq., CLP, Office of Technology Transfer, National Institutes of Health, 6011 Executive Boulevard, Suite 325, Rockville, MD 20852-3804; Telephone: (301) 435-5019; Facsimile: (301) 402-0220; Email: shmilovm@mail.nih.gov. A signed confidentiality nondisclosure agreement will be required to receive copies of any patent applications that have not been published by the United States Patent and Trademark Office or the World Intellectual Property Organization.

SUPPLEMENTARY INFORMATION: The patent applications (including any patents issuing therefrom or claiming priority thereto) intended for licensure describe and claim a terahertz (THz) imaging system that may overcome the limitations of existing systems by using the near-field effect at THz frequencies to provide micron-scale spatial resolution. Additionally, the THz imaging system describes a sensor head

geometry that eliminates the requirement to mechanically scan samples, and also allows automatic adjustment of image resolution and transmitted power. The claimed system has no moving components and is therefore potentially suitable for medical applications such as cancer diagnosis of living subjects in hospital settings. In one application, such as "one-cut" surgery, the compact sensor head of the system may have the capability of distinguishing healthy cells from cancerous cells with micron-scale spatial resolution by identifying a skin cancer margin without the need for laboratory work or the possibility of additional surgery.

The prospective exclusive license will be royalty bearing and will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7. The prospective exclusive license may be granted unless, within fifteen (15) days from the date of this published notice, NIH receives written evidence and argument that

establishes that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

Properly filed competing applications for a license filed in response to this notice will be treated as objections to the contemplated license. Comments and objections submitted in response to this notice will not be made available for public inspection, and, to the extent permitted by law, will not be released under the Freedom of Information Act, 5 U.S.C. 552.

Dated: September 25, 2012.

Richard Rodriguez,

Director, Division of Technology Development and Transfer, Office of Technology Transfer, National Institutes of Health.

BILLING CODE 4140-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Notice of Listing of Members of the National Institutes of Health's Senior Executive Service 2012 Performance Review Board (PRB)

The National Institutes of Health (NIH) announces the persons who will serve on the National Institutes of Health's Senior Executive Service 2012 Performance Review Board. This action is being taken in accordance with Title 5, U.S.C., Section 4314 (c) (4), which requires that members of performance review boards be appointed in a manner to ensure consistency, stability, and objectivity in performance appraisals and requires that notice of the appointment of an individual to serve as a member be published in the **Federal Register**.

The following persons will serve on the NIH Performance Review Board, which oversees the evaluation of performance appraisals of NIH Senior Executive Service (SES) members:

Colleen Barros, Chair; Courtney Billet; John Czajkowski; Michael Gottesman; Sally Rockey; Mona Rowe; Lawrence Tabak.

For further information about the NIH Performance Review Board, contact the Office of Human Resources, Workforce Relations Division, National Institutes of Health, Building 31, Room B3C07, Bethesda, Maryland 20892, telephone 301-402-9203 (not a toll-free number).

Dated: September 25, 2012.

Francis S. Collins,

Director, National Institutes of Health.

BILLING CODE 4140-01-P

DEPARTMENT OF HOMELAND SECURITY

[DHS Docket No. ICEB-2012-0004]

RIN 1653-ZA01

Extension of Employment Authorization for Haitian F-1 Nonimmigrant Students Experiencing Severe Economic Hardship as a Direct Result of the January 12, 2010 Earthquake in Haiti

AGENCY: U.S. Immigration and Customs Enforcement (ICE), DHS.

ACTION: Notice.

SUMMARY: This notice informs the public of the extension of an earlier notice, which suspended certain requirements for F-1 nonimmigrant students whose country of citizenship is Haiti and who are experiencing severe economic hardship as a direct result of the January 12, 2010 earthquake in Haiti. This notice extends the effective date of that notice.

DATES: This notice is effective October 1, 2012 and will remain in effect through July 22, 2014.

FOR FURTHER INFORMATION CONTACT: Louis Farrell, Director, Student and Exchange Visitor Program; MS 5600, U.S. Immigration and Customs Enforcement; 500 12th Street SW., Washington, DC 20536-5600; (703) 603-3400. This is not a toll-free number. Program information can be found at <http://www.ice.gov/sevis/>.

SUPPLEMENTARY INFORMATION:

What action is DHS taking under this notice?

The Secretary of Homeland Security is exercising her authority under 8 CFR 214.2(f)(9) to extend the suspension of the applicability of certain requirements governing on-campus and off-campus employment for F-1 nonimmigrant students whose country of citizenship is Haiti and who are experiencing severe economic hardship as a direct result of the January 12, 2010 earthquake in Haiti. See 75 FR 56120, September 15, 2010. The original notice was effective from September 15, 2010 until July 22, 2011, with a subsequent notice providing for an 18-month extension from July 22, 2011 until January 22, 2013. See 76 FR 28997, May 19, 2011. Effective with this publication,

suspension of the requirements is extended for an additional 18 months, through July 22, 2014.

F-1 nonimmigrant students granted employment authorization through the notice will continue to be deemed to be engaged in a "full course of study" for the duration of their employment authorization, provided they satisfy the minimum course load requirement described in 75 FR 56120. See 8 CFR 214.2(f)(6)(i)(F).

Who is covered under this action?

This notice applies exclusively to F-1 nonimmigrant students whose country of citizenship is Haiti and who were lawfully present in the United States in F-1 nonimmigrant status on January 12, 2010 under section 101(a)(15)(F)(i) of the Immigration and Nationality Act (INA), 8 U.S.C. 1101(a)(15)(F)(i), and (1) are enrolled in an institution that is Student and Exchange Visitor Program (SEVP)-certified for enrollment of F-1 students, (2) are currently maintaining F-1 status, and (3) are experiencing severe economic hardship as a direct result of the January 12, 2010 earthquake in Haiti.

This notice applies both to undergraduate and graduate students, as well as elementary school, middle school, and high school students. The notice, however, applies differently to elementary school, middle school, and high school students (see the discussion published in 75 FR 56121 in the question, "Does this notice apply to elementary school, middle school, and high school students in F-1 status?").

F-1 students covered by this notice who transfer to other academic institutions that are SEVP-certified for enrollment of F-1 students remain eligible for the relief provided by means of this notice.

Why is DHS taking this action?

The Department of Homeland Security (DHS) took action to provide temporary relief to F-1 nonimmigrant students whose country of citizenship is Haiti and experienced severe economic hardship as a result of the January 12, 2010 earthquake. See 75 FR 56120. It enabled these F-1 students to obtain employment authorization, work an increased number of hours while school was in session, and reduce their course load, while continuing to maintain their F-1 student status.

Haiti continues to struggle, with many people still displaced as a result of the earthquake. As Haiti rebuilds, the country continues to experience significant difficulties in recovering. F-1 nonimmigrant students whose country of citizenship is Haiti may depend on
