Public Notice For Waiver of Aeronautical Land-Use Assurance; Former Willmar Municipal Airport, Willmar, MN

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of intent of waiver with respect to land.

SUMMARY: The Federal Aviation Administration (FAA) is considering a proposal to authorize the release of 138.33 acres of airport property at the former Willmar Municipal Airport, Willmar, MN. The land will be used for an industrial park. The FAA issued a

Categorical Exclusion on August 8, 2012.

The City of Willmar built a new airport in 2006, therefore the acreage being released is not needed for aeronautical use. The 138.33 acres are on the east side of the former Willmar Municipal Airport, more specifically west of County Road 5 and north of Willmar Avenue SW. The acreage was originally acquired with City of Willmar funds. There are no impacts to the airport by allowing the airport to dispose of the property. The fair market value of this land is \$729,100 and will be applied to the new Willmar Municipal Airport for operating and maintaining the airport. Approval does not constitute a commitment by the FAA to financially assist in the disposal of the subject airport property nor a determination of eligibility for grant-in-aid funding from the FAA.

In accordance with section 47107(h) of title 49, United States Code, this notice is required to be published in the **Federal Register** 30 days before modifying the land-use assurance that requires the property to be used for an aeronautical purpose.

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Rescind Notice of Intent to prepare an Environmental Impact Statement.

SUMMARY: The FHWA, on behalf of the California Department of Transportation (Caltrans), is issuing this notice to advise the public that the Notice of Intent (NOI) published on June 03, 2002, to prepare an Environmental Impact statement (EIS) for the proposed highway project in San Joaquin and Stanislaus counties, California, is being rescinded.

FOR FURTHER INFORMATION CONTACT: Scott Smith, Senior Environmental Planner, Central Sierra Environmental Analysis Branch, Caltrans, 855 M. Street, Suite 200, Fresno, California 93721 or call (559) 445-6172.

SUPPLEMENTARY INFORMATION: Effective July 1, 2007, the FHWA assigned, and Caltrans assumed, environmental responsibilities for this project pursuant to 23 U.S.C. 327. Caltrans, in cooperation with San Joaquin and Stanislaus counties, is rescinding the NOI to prepare an EIS for the Vernalis Expressway project along State Route 132.

The proposed project included improvements to State Route 132 from the State Route 132/33 Separation Overhead (Bridge 29-167L) in San Joaquin County to 0.16 km (0.1 mile) west of the San Joaquin Bridge (Bridge 38-45) in Stanislaus County. The project is approximately 5.63 km (3.5 miles) in length. The project was anticipated to improve traffic safety and operations by reducing congestion and accidents. Since the NOI to prepare an EIS was published in the **Federal Register** on June 3, 2002, Caltrans has conducted public involvement and agency coordination, developed a purpose and need for the project, and developed preliminary alternatives to be examined. Preliminary screenings identified sensitive environmental features associated with the proposed
