

requirement does not apply if the agency “certifies that the rule will not, if promulgated, have a significant economic impact on a substantial number of small entities” (5 U.S.C. 603). This rule removes one section from Title 14 of the CFR and, therefore, does not have a significant economic impact on a substantial number of small entities.

Review Under the Paperwork Reduction Act

This direct final rule does not contain any information collection requirements subject to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Review Under EO 13132

EO 13132, “Federalism,” 64 FR 43255 (August 4, 1999) requires regulations be reviewed for Federalism effects on the institutional interest of states and local governments, and if the effects are sufficiently substantial, preparation of the Federal assessment is required to assist senior policy makers. The amendments will not have any substantial direct effects on state and local governments within the meaning of the EO. Therefore, no Federalism assessment is required.

[Document No. NASA—NASA-2012-0005]

RIN 2700-AD86

Update of Existing Privacy Act—NASA Regulations

AGENCY: National Aeronautics and Space Administration.

ACTION: Direct final rule.

SUMMARY: This rule makes non-substantive changes to NASA rules governing implementation of the Privacy Act by updating statute citations, position titles, terminology, and adjusting appellate responsibility for records held by the NASA Office of the Inspector General. This revision is part of NASA’s retrospective plan under EO 13563 completed in August 2011. NASA’s full plan can be accessed on the Agency’s open Government Web site at <http://www.nasa.gov/open/>.

DATES: This rule is effective on December 3, 2012, unless adverse comments are received by November 5, 2012. If adverse comments are received, NASA will publish a timely withdrawal of the rule in the **Federal Register**.

ADDRESSES: Comments must be identified with RIN 2700-AD86 and may be sent to NASA via the *Federal E-Rulemaking Portal*: <http://www.regulations.gov>. Follow the online instructions for submitted comments. Please note that NASA will post all comments on the Internet with changes, including any personal information provided.

FOR FURTHER INFORMATION CONTACT: Patti Stockman, Office of the Chief Information Officer, 202-358-4787.

SUPPLEMENTARY INFORMATION:

Direct Final Rule Adverse Comments

NASA has determined this rulemaking meets the criteria for a direct final rule because it involves nonsubstantive changes to remove sections from the Code of Federal Regulations that are obsolete and no longer used. No opposition to the changes and no significant adverse comments are expected. However, if the Agency receives a significant adverse comment, it will withdraw this direct final rule by publishing a notice in the **Federal Register**. A significant adverse comment is one that explains: (1) Why the direct final rule is inappropriate, including challenges to the rule’s underlying premise or approach; or (2) why the direct final rule will be ineffective or unacceptable without a change. In determining whether a comment necessitates withdrawal of this direct final rule, NASA will consider whether it warrants a substantive response in a notice and comment process.

Background

This rule was last published in the **Federal Register** as an interim final rule (FR 57 4928) on February 11, 1992. That revision changed internal Agency responsibility with regard to the handling of appeals, set forth general

housekeeping policies and procedures, and made changes to comply with statutory requirements.

Statutory Authority

The National Aeronautics and Space Act (the Space Act), 51 U.S.C. 20101(a), authorizes the NASA Administrator to make, promulgate, issue, rescind, and amend rules and regulations governing the manner of its operations and the exercise of the powers vested in it by law.

Regulatory Analysis

Executive Order 12866, Regulatory Planning and Review and Executive Order 13563, Improvement Regulation and Regulation Review

Executive Orders 13563 and 12866 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has been designated as “not significant” under section 3(f) of Executive Order 12866.

Review Under the Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) requires an agency to prepare an initial regulatory flexibility analysis to be published at the time the proposed rule is published. This requirement does not apply if the agency “certifies that the rule will not, if promulgated, have a significant economic impact on a substantial number of small entities” (5 U.S.C. 603). This rule does not have any economic impact on small entities.

Review Under the Paperwork Reduction Act

This direct final rule does not contain any information collection requirements subject to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Review Under Executive Order of 13132

Executive Order 13132, “Federalism,” 64 FR 43255 (August 4, 1999) requires regulations be reviewed for Federalism effects on the institutional interest of states and local governments, and, if the effects are sufficiently substantial, preparation of the Federal assessment is required to assist senior policy makers. The amendments will not have any

direct effects on state and local governments within the meaning of the Executive Order. Therefore, no Federalism assessment is required.
