[30-Day–13–12Qi]

### Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call (404) 639–7570 or send an email to ombr@cdc.gov. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC or by fax to (202) 395–5806. Written comments should be received within 30 days of this notice.

### Proposed Project

EHS-Net National Voluntary Environmental Assessment Information System (NVEAIS)—New—National Center for Environmental Health (NCEH), Centers for Disease Control and Prevention (CDC).

### Background and Brief Description

The CDC is requesting OMB approval for a National Voluntary Environmental Assessment Information System to collect data from foodborne illness outbreak environmental assessments routinely conducted by local, state, territorial, or tribal food safety programs during outbreak investigations. Environmental assessment data are not currently collected at the national level. The data reported through this information system will provide timely data on the causes of outbreaks, including environmental factors associated with outbreaks, and are essential to environmental public health regulators' efforts to respond more effectively to outbreaks and prevent future, similar outbreaks.

The information system was developed by the Environmental Health Specialists Network (EHS-Net), a collaborative project of federal and state public health agencies. The EHS-Net has developed a standardized instrument for reporting data relevant to foodborne illness outbreak environmental assessments.

State, local, tribal, and territorial food safety programs are the respondents for this data collection. Although it is not possible to determine how many programs will choose to participate, as NVEAIS is voluntary, the maximum potential number of program respondents is approximately 3,000.

These programs will be reporting data on outbreaks, not their programs or personnel. It is not possible to determine exactly how many outbreaks will occur in the future, nor where they will occur. However, we can estimate, based on existing data, that a maximum of 1,400 foodborne illness outbreaks will occur annually. Only programs in the jurisdictions in which these outbreaks occur would report to NVEAIS. Consequently, we have based our respondent burden estimate on the number of outbreaks likely to occur each year. Assuming each outbreak occurs in a different jurisdiction, there will be one respondent per outbreak.

There are three activities associated with NVEAIS that require a burden estimate. The first activity is the manager interview that will be conducted at each establishment associated with an outbreak. Most outbreaks are associated with only one establishment; however, some are associated with multiple...
Additionally, all food safety program personnel participating in NVEAIS will have to take training on how to conduct environmental assessments, how to enter data into NVEAIS, and how to conduct the manager interview. We estimate the burden of this training to be a maximum of 12 hours. Respondents will only have to take this training one time. Assuming a maximum number of outbreaks of 1,400, the estimated burden for this training is 16,800.

The total estimated annual burden is 21,467 hours (see Table). There is no cost to the respondents other than their time.

### DEPARTMENT OF HEALTH AND HUMAN SERVICES

**Administration for Children and Families**

[CFDA NUMBER: 93.297]

**Announcement of the Award of Single-Source Expansion Supplement Grants to Nine Personal Responsibility Education Program Innovative Strategies (PREIS) Grantees**

**AGENCY:** Family and Youth Services Bureau, ACYF, ACF, HHS.

**SUMMARY:** The Administration on Children, Youth and Families (ACYF), Family and Youth Services Bureau (FYSB), Division of Adolescent Development and Support (DADS) announces the award of single-source expansion supplement grants to nine PREIS grantees for the purpose of expanding program participation and/or sites to support the increase of data necessary to determine the level of program effectiveness. In FY 2010, FYSB awarded thirteen cooperative agreement grants under Funding Opportunity Announcement (FOA) number: OPHS/OAH/TPP PREP Tier 2–2010. Under this FOA a total of $9.7 million was made available on a competitive basis to implement and test innovative strategies.

Single-source program expansion supplement awards are made to the following PREIS grantees:

**Grantee organization** | **City** | **State** | **Supplement award amount**
---|---|---|---
Child & Family Resources, Inc | Tucson | AZ | $171,981.00
Children's Hospital Los Angeles | Los Angeles | CA | 92,000.00
Cicatelli Associates Inc | New York | NY | 65,000.00
Education Development Center, Inc | Newton | MA | 50,954.00
Lighthouse Outreach | Hampton | VA | 78,769.00
Oklahoma Institute for Child Advocacy | Oklahoma City | OK | 110,815.00
Philadelphia Health Management Corporation | Philadelphia | PA | 61,068.00
Teen Outreach Pregnancy Services | Tucson | AZ | 49,880.00
The Village for Families & Children, Inc | Hartford | CT | 78,409.00

**DATES:** September 30, 2012—September 29, 2013.

**FOR FURTHER INFORMATION CONTACT:** Marc Clark, Program Director, Adolescent Pregnancy Prevention Program, Division of Adolescent Development and Support, Family and Youth Services Bureau, 1250 Maryland Avenue SW, Suite 800, Washington, DC 20024. Telephone: 202–205–8496; Email: marc.clark@acf.hhs.gov.

**SUPPLEMENTARY INFORMATION:** The award of nine single source expansion supplement grants to PREIS grantees is required because of the necessary expansion of the original scope of approved activities. In reviewing grantees’ aggressive program and evaluation plans, combined with recruitment efforts to date, FYSB has determined that that these nine grantees
