

Management Plan (FMP). The New England Fishery Management Council prepared the FMP pursuant to the Magnuson-Stevens Fishery Conservation and Management Act (MSA). The regulations implementing the FMP are specified at 50 CFR part 648 Subpart F. The NE multispecies DAS leasing requirements at § 648.82(k) form the basis for this collection of information.

The NE Multispecies Days-at-Sea (DAS) Leasing Program was implemented in 2004 as a result of Amendment 13 (69 FR 22906) which substantially reduced the number of DAS available for the NE multispecies vessels. To mitigate some of the adverse impact associated with the reduction in DAS, the NE Multispecies Leasing Program was developed to enable vessels to increase their revenue by either leasing additional DAS from another vessel to increase their participation on the fishery, or by leasing their unused allocated DAS to another vessel.

NMFS requests DAS leasing application information in order to process and track requests from allocation holders to transfer DAS to another vessel. This information, upon receipt, results in an increasingly more efficient and accurate database for management and monitoring of fisheries of the Northeastern U.S. EEZ. The DAS leasing downgrade information is collected to allow vessel owners that are eligible to lease NE Multispecies DAS a one-time downgrade in their baseline specifications to their current vessel specifications. This one-time downgrade provides greater flexibility for vessel to lease their DAS.

Affected Public: Business or other for-profit organizations.

Frequency: On occasion, one time.

Respondent's Obligation: Required to obtain or maintain benefits.

OMB Desk Officer:

OIRA_Submission@omb.eop.gov.

Copies of the above information collection proposal can be obtained by calling or writing Jennifer Jessup, Departmental Paperwork Clearance Officer, (202) 482-0336, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at *Jjessup@doc.gov*).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to *OIRA_Submission@omb.eop.gov*.

Dated: October 2, 2012.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Puget Sound Recreational Shellfish Harvesting Survey.

OMB Control Number: None.

Form Number(s): NA.

Type of Request: Regular submission (request for a new information collection).

Number of Respondents: 1,974

Average Hours per Response: Initial telephone contact, 3 minutes; survey, 30 minutes.

Burden Hours: 538.

Needs and Uses: This request is for a new collection of information.

The Puget Sound estuary provides one of the most valuable shellfish habitats in the Pacific Northwest. Shellfish are important economically, ecologically, and socially to the Puget Sound basin. While shellfish bed closures have decreased area-wide, persistent closures continue in certain locations, affecting local growers and restricting commercial and recreational harvest opportunities. The Puget Sound Partnership (Partnership), a Washington State agency established to facilitate the conservation and restoration of Puget Sound, has set a priority to reduce the risks of shellfish growing area closures and adverse effects on human health. The Partnership's Action Agenda, the blueprint for action to restore and protect Puget Sound, has set a goal for a net increase of 10,800 harvestable shellfish acres by 2020.

In support of the Partnership's pursuit of this goal, the Northwest Fisheries Science Center is undertaking an economics research project to assess the behavior of individual shellfish harvesters in response to the opening and closing of individual shellfish beaches for human health reasons, and how these actions affect the value of shellfish harvesting. The Puget Sound Recreational Shellfish Harvesting

Project (PSRSHP) will provide critical economic data related to recreational shellfish harvesting. More specifically, the PSRSHP will collect data needed to assess (1) the socioeconomic characteristics of recreational shellfish harvesting participants; (2) the economic value of access to Puget Sound beaches for recreational shellfish harvesting through statistical estimation of models; and (3) the potential changes in these values stemming from possible changes in management policies related to human health that affect the status of particular shellfish harvesting areas.

Affected Public: Individuals or households.

Frequency: One time.

Respondent's Obligation: Voluntary.

OMB Desk Officer:

OIRA_Submission@omb.eop.gov.

Copies of the above information collection proposal can be obtained by calling or writing Jennifer Jessup, Departmental Paperwork Clearance Officer, (202) 482-0336, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at *Jjessup@doc.gov*).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to

DEPARTMENT OF COMMERCE

Performance Review Board Membership

AGENCY: Economics and Statistics Administration, Department of Commerce.

ACTION: Notice.

SUMMARY: Below is a listing of individuals who are eligible to serve on the Performance Review Board (PRB) in accordance with the Economics and Statistics Administration's Senior Executive Service and Senior Professional Performance Management Systems:

Kenneth A. Arnold
William G. Bostic, Jr.
Joanne Buenzli Crane
Justin R. Ehrenwerth
Ron S. Jarmin
Theodore A. Johnson
Steven J. Jost
