

Department will instruct CBP to liquidate appropriate entries without regard to antidumping duties.⁷

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) For NKS, which has a separate rate, the cash deposit rate will be that established in the final results of this review (except, if the rate is zero or *de minimis*, then zero cash deposit will be required); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the PRC-wide entity; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Certain New Pneumatic Off-the-Road Tires From the People's Republic of China: Antidumping Duty Administrative Review; 2010-2011

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("the Department") is conducting an administrative review of the antidumping duty order on certain new pneumatic off-the-road tires ("OTR tires") from the People's Republic of China ("PRC"). The period of review ("POR") is September 1, 2010, through August 31, 2011. The review covers one exporter of subject merchandise, Hangzhou Zhongce Rubber Co., Ltd. ("Zhongce"). We have preliminarily found that Zhongce made sales of subject merchandise at less than normal value.

DATES: *Effective Date:* October 9, 2012.

FOR FURTHER INFORMATION CONTACT: Andrew Medley, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-4987.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise covered by this order includes new pneumatic tires designed for off-the-road and off-highway use, subject to certain exceptions. The subject merchandise is currently classifiable under Harmonized Tariff Schedule of the United States ("HTSUS") subheadings: 4011.20.10.25, 4011.20.10.35, 4011.20.50.30, 4011.20.50.50, 4011.61.00.00, 4011.62.00.00, 4011.63.00.00, 4011.69.00.00, 4011.92.00.00, 4011.93.40.00, 4011.93.80.00, 4011.94.40.00, and 4011.94.80.00. The HTSUS subheadings are provided for convenience and customs purposes only; the written product description of the scope of the order is dispositive.¹

Partial Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if a party that requested the review withdraws the

request within 90 days of the date of publication of the initiation notice.

For all but five of the 85 companies for which the Department initiated an administrative review, Bridgestone Americas, Inc. and Bridgestone Americas Tire Operations, LLC ("Bridgestone"), a domestic interested party, was the only party that requested the review. On January 6, 2012, Bridgestone timely withdrew all of its review requests. On January 11, 2012, GTC² timely withdrew its three requests for self-review. On January 11, 2012, Tianjin United Tire & Rubber International Co., Ltd. ("TUTRIC") timely withdrew its request for self-review.

For those companies named in the *Initiation Notice*³ for which all review requests have been withdrawn and who previously received separate rate status in prior segments of this case, we are rescinding this administrative review, in accordance with 19 CFR 351.213(d)(I). These companies are listed in Appendix II.

Bridgestone's withdrawal of its timely request for an administrative review, as described above, included requests to conduct administrative reviews of multiple companies that do not have separate rates. While the requests for review of these companies were timely withdrawn, those companies remain a part of the PRC-wide entity. Although the PRC-wide entity is not under review for these preliminary results, the possibility exists that the PRC-wide entity could be under review for the final results of this administrative review. Therefore, we are not rescinding this review with respect to these companies at this time, but we intend to rescind this review with respect to these companies in the final results if the PRC-wide entity is not reviewed. These companies are listed in Appendix III.

Methodology

The Department has conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended ("the Act"). Export prices have been calculated in accordance with section 772 of the Act. Because the PRC is a nonmarket economy within the meaning of section 771(18) of the Act, normal value has been calculated in accordance with section 773(c) of the Act. Preliminary Results of Review

The Department preliminarily determines that the following weighted-average dumping margin exists:

Exporter	Weighted-average dumping margin
Hangzhou Zhongce Rubber Co., Ltd.	132.98

Disclosure and Public Comment

The Department will disclose calculations performed for these preliminary results to the parties within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Interested parties may submit written comments no later than 30 days after the date of publication of these preliminary results of review.⁴ Rebuttals to written comments may be filed no later than five days after the written comments are filed.⁵

Any interested party may request a hearing within 30 days of publication of this notice.⁶ Hearing requests should contain the following information: (1) The party’s name, address, and telephone number; (2) the number of participants; and (3) a list of the issues

to be discussed. Oral presentations will be limited to issues raised in the briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing to be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230.⁷

The Department will issue the final results of this administrative review, which will include the results of its analysis of issues raised in any such comments, within 120 days of publication of these preliminary results, pursuant to section 751(a)(3)(A) of the Act.

Deadline for Submission of Publicly Available Surrogate Value Information

In accordance with 19 CFR 351.301(c)(3)(ii), the deadline for submission of publicly available information to value factors of production under 19 CFR 351.408(c) is 20 days after the date of publication of the preliminary results. In accordance with 19 CFR 351.301(c)(1), if an interested party submits factual information less than ten days before, on, or after (if the Department has extended the deadline), the applicable deadline for submission of such factual information, an interested party may submit factual information to rebut, clarify, or correct the factual information no later than ten days after such factual information is served on the interested party. However, the Department generally will not accept in the rebuttal submission additional or alternative surrogate value information not previously on the record, if the deadline for submission of surrogate value information has passed.⁸ Furthermore, the Department generally will not accept business proprietary information in either the surrogate value submissions or the rebuttals thereto, as the regulation regarding the submission of surrogate values allows only for the submission of publicly available information.⁹

Assessment Rates

Upon issuance of the final results, the Department will determine, and U.S. Customs and Border Protection (“CBP”) shall assess, antidumping duties on all appropriate entries covered by this review.¹⁰ For assessment purposes, we

calculated exporter/importer- (or customer) -specific assessment rates for merchandise subject to this review. Where appropriate, we calculated an *ad valorem* rate for each importer (or customer) by dividing the total dumping margins for reviewed sales to that party by the total entered values associated with those transactions. For duty-assessment rates calculated on this basis, we will direct CBP to assess the resulting *ad valorem* rate against the entered customs values for the subject merchandise.

Where appropriate, we calculated a per-unit rate for each importer (or customer) by dividing the total dumping margins for reviewed sales to that party by the total sales quantity associated with those transactions. For duty-assessment rates calculated on this basis, we will direct CBP to assess the resulting per-unit rate against the entered quantity of the subject merchandise. Where an importer- (or customer) -specific assessment rate is *de minimis* (i.e., less than 0.50 percent), the Department will instruct CBP to assess that importer (or customer’s) entries of subject merchandise without regard to antidumping duties. The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For Zhongce, the cash deposit rate will be the company-specific rate established in the final results of this review, except if the rate is zero or *de minimis* no cash deposit will be required; (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific or exporter/producer-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 210.48 percent;¹¹ and

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Certain Lined Paper Products From the People's Republic of China: Notice of Final Results and Partial Rescission of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On June 1, 2012, the Department of Commerce (the

“Department”) published in the **Federal Register** its preliminary results of the fifth administrative review of certain lined paper products from the People's Republic of China (“PRC”).¹ We invited parties to comment on the *Preliminary Results*, however, no party submitted a case brief to the Department. The current review covers two exporters: Leo's Quality Products Co., Ltd./Denmax Plastic Stationery Factory (“Leo/Denmax”) and Shanghai Lian Li Paper Products Co., Ltd. (“Lian Li”). For Leo/Denmax, we continue to apply adverse facts available (“AFA”); for Lian Li, we are rescinding the review.

DATES: *Effective Date:* October 9, 2012.

Cindy Robinson, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3797.

SUPPLEMENTARY INFORMATION:

Background

In the *Preliminary Results*, the Department preliminarily rescinded this review with respect to Lian Li based on evidence on the record indicating that Lian Li had no shipments of subject merchandise which entered the United States during the period of review (“POR”) of September 1, 2010, through August 31, 2011.² As discussed in the *Preliminary Results*, on December 30, 2011, Lian Li submitted a letter, certifying that they did not export the subject merchandise to the United States during the POR; the Department confirmed this information with U.S. Customs and Border Protection (“CBP”). We invited interested parties to submit comments on our *Preliminary Results*, but we received no comments.

In addition, the Department preliminarily applied AFA with respect to Leo/Denmax because Leo/Denmax did not respond to the Department's questionnaire. As stated above, on June 1, 2012, the Department published its *Preliminary Results*. On June 5, 2012, the Department received a letter dated May 29, 2012, from Leo/Denmax stating that they made no sales of subject merchandise to the United States during the POR and requesting rescission of the review with respect to Leo/Denmax. However, because Leo/Denmax's letter claiming that it made no shipments was
