dumping margin is above \textit{de minimis} (i.e., 0.50 percent) in the final results of this review, the Department will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer’s examined sales and the total entered value of sales, in accordance with 19 CFR 351.212(b)(1). In these preliminary results, the Department applied the assessment rate calculation method adopted in Final Modification for Reviews, i.e., on the basis of monthly average-to-average comparisons using only the transactions associated with that importer with offsets being provided for non-dumped comparisons.

Where the Department calculates a weighted-average dumping margin by dividing the total amount of dumping for reviewed sales to that party by the total sales quantity associated with those transactions, the Department will direct CBP to assess importer-specific assessment amounts based on the resulting per-unit amounts. Where an importer-(or customer-) specific \textit{ad valorem} or per-unit amount is greater than \textit{de minimis}, the Department will instruct CBP to collect the appropriate duties at the time of liquidation.\footnote{See 19 CFR 351.212(b)(1).} Where an importer-(or customer-) specific \textit{ad valorem} or per-unit amount is zero or \textit{de minimis}, the Department will instruct CBP to liquidate appropriate entries without regard to antidumping duties.\footnote{See 19 CFR 351.212(c)(2).}

For the companies for which this review has been preliminarily rescinded, the Department intends to assess antidumping duties at rates equal to the cash deposit rates or per-unit amount required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(2), if the review is rescinded for these companies.

**Cash Deposit Requirements**

The following cash deposit requirements, when imposed, will apply to all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rates for Xiping Opeck, Hi-King Agriculture, China Kingdom, and Nanjing Gensen International Co., Ltd. will be the rates established in the final results of this administrative review (except, if the rate is zero or \textit{de minimis}, i.e., less than 0.5 percent, no cash deposit will be required for that company); (2) for Shanghai Ocean and Xuzhou Jinjiang which claimed no shipments and have separate rates, the cash deposit rate will remain unchanged from the rate assigned to these companies in the most recently completed review of the companies; (3) for previously investigated or reviewed PRC and non-PRC exporters who are not under review in this segment of the proceeding but who have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (4) for all other PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be PRC-wide rate of 223.01 percent; (5) for all non-PRC exporters of subject merchandise the cash deposit rate will be the rate applicable to the PRC entity that supplied that exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

**Notification to Importers**

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This review and notice are in accordance with sections 751(a)(1), 751(a)(2)(B)(iv), 751(a)(3), and 777(i) of the Act.

Dated: October 1, 2012.

Paul Piquado,
Assistant Secretary for Import Administration.

The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review. For any individually examined respondent whose weighted average dumping margin is above de minimis (i.e., 0.50 percent) in the final results of this review, the Department will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumped calculated for the importer’s examined sales and the total entered value of sales, in accordance with 19 CFR 351.212(b)(1). International Trade Administration

[A–570–912]

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (“the Department”) is conducting an administrative review of the antidumping duty order on certain new pneumatic off-the-road tires (“OTR tires”) from the People’s Republic of China (“PRC”). The period of review (“POR”) is September 1, 2010, through August 31, 2011. The review covers one exporter of subject merchandise, Hangzhou Zhongce Rubber Co., Ltd. (“Zhongce”). We have preliminarily found that Zhongce made sales of subject merchandise at less than normal value.

DATES: Effective Date: October 9, 2012.

FOR FURTHER INFORMATION CONTACT: Andrew Medley, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–4987.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise covered by this order includes new pneumatic tires designed for off-road and off-highway use, subject to certain exceptions. The subject merchandise is currently classifiable under Harmonized Tariff Schedule of the United States (“HTSUS”) subheadings: 4011.20.10.35, 4011.20.10.50, 4011.20.30.00, 4011.61.00.00, 4011.62.96.00, 4011.62.99.00, 4011.63.00.00, 4011.63.99.00, 4011.69.10.00, 4011.69.20.00, 4011.69.30.00, 4011.69.39.00.

Partial Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if a party that requested the review withdraws the request within 90 days of the date of publication of the initiation notice.

For all but five of the 85 companies for which the Department initiated an administrative review, Bridgestone Americas, Inc. and Bridgestone Americas Tire Operations, LLC (“Bridgestone”), a domestic interested party, was the only party that requested the review. On January 6, 2012, Bridgestone timely withdrew all of its review requests. On January 11, 2012, GTC timely withdrew its three requests for self-review. On January 11, 2012, Tianjin United Tire & Rubber International Co., Ltd. (“TUTRIC”) timely withdrew its request for self-review. For those companies named in the Initiation Notice, for which all review requests have been withdrawn and who previously received separate rate status in prior segments of this case, we are rescinding this administrative review, in accordance with 19 CFR 351.213(d)(1). These companies are listed in Appendix II.

Bridgestone’s withdrawal of its timely request for an administrative review, as described above, included requests to conduct administrative reviews of multiple companies that do not have separate rates. While the requests for review of these companies were timely withdrawn, those companies remain a part of the PRC-wide entity. Although the PRC-wide entity is not under review for these preliminary results, the possibility exists that the PRC-wide entity could be under review for the final results of this administrative review. Therefore, we are not rescinding this review with respect to these companies at this time, but we intend to rescind this review with respect to these companies in the final results if the PRC-wide entity is not reviewed. These companies are listed in Appendix III.

Methodology

The Department has conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (“the Act”). Export prices have been calculated in accordance with section 772 of the Act. Because the PRC is a nonmarket economy within the meaning of section 771(a)(18) of the Act, normal value has been calculated in accordance with section 773(c) of the Act.
