**CATEGORIES OF RECORDS IN THE SYSTEM:**

(1) Insurance-in-Force (IIF)/ Premiums: HECM insurance-in-force and premium records which include PII data pertaining borrowers' full names, property addresses, birthdates, Social Security Numbers, phone numbers and dates of death; case-level details on the HECM housing counseling certificate, Maximum Claim Amount (MCA), property appraised values, initial and monthly mortgage insurance premiums (IMIP & MMIP), set asides, note interest rates and expected interest rates and case statuses and sub-case statuses; payment plan types, and other financial account data such as Principal Limits, monthly interest accruals, late charge and interest charge fees, historical transaction records for HECM cases, property taxes and hazard insurance amounts, business partners' banking information (routing and account numbers); and accounting data

**AUTHORITY FOR MAINTENANCE OF THE SYSTEM:**

Section 255 of the National Housing Act of 1934 authorizes the FHA reverse mortgage program for the elderly, the Home Equity Conversion Mortgage (HECM) program (12 U.S.C.1715Z-20). The Housing and Community Development Act of 1987 (42 U.S.C. 3543—Sec. 3543) specifically provides authority to collect Social Security Numbers.

**PURPOSES:**

HERMIT provides FHA with a comprehensive service that integrates and automates five operations of the HECM program (insurance servicing; claims payment; notes servicing,

accounting, and reporting). The HECM program promotes continued homeownership for the elderly by allowing elderly borrowers to access the equity in their homes while continuing to live in the property. HERMIT allows the Secretary to maintain the "public trust" over the HECM program by seamlessly, accurately and timely managing the HECM program in an automated environment. HERMIT allows HECM program personnel to collect and maintain the data necessary to support activities related to the endorsement of loans, including collection of initial and monthly premiums. The claims process includes the filing of claims for insurance benefits and disbursement of funds to lenders of loans insured under the HECM program. Servicing activities include maintaining the data necessary to support performance requirements of servicing for FHA insured and Secretary-held first and second mortgages. The major activities include acceptance of assignment and title review, servicing requests for HECM endorsed cases from Mortgagees (due and payable, short sale, over-allowables for preservation and protection costs, subordination extension requests and partial releases), accounting functions, collections according to the Fair Debt Collection Practices Act, disbursement of payment, annual recertification, foreclosure activities, bankruptcy activities, and compliance monitoring. The new HERMIT replacement system will permit HECM mortgagees to: (1) Interact with one, integrated HUD HECM system; (2) Interact with HUD's National Servicing Center (NSC) through a new, automated workflow process; and, (3) Replace manual claims filing processes with an online, automated claims filing procedure.

**ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:**

In addition to those disclosures generally permitted under subsection (b) of the Privacy Act of 1974, 5 U.S.C. 522a(b), other routine uses are as follows:

(1) To servicing mortgagee to give notice of miscalculations or other errors in subsidy computation, to pay claims, or for other servicing-related functions.

(2) To taxing authorities, insurance companies, homeowners associations or condominium associations for maintaining the property while HUD is the servicer of record to ensure property taxes are current.

(3) To the U.S. Department of the Treasury for collection and

disbursement transactions (Pay.gov, ACH and check).

(4) To title insurance companies or financial institutions to allow HUD to respond to inquiries for payoff figures on HECM assigned loans.

(5) To recorders' offices for recording legal documents and responses to bankruptcy courts or other legal responses required during the servicing of the insured loan to allow HUD to release mortgage liens, respond to bankruptcies or deaths of mortgagors to protect the interest of the Secretary of HUD.

(6) To the Federal Bureau of Investigation (FBI) to investigate possible fraud revealed in the course of servicing efforts to allow HUD to protect the interest of the Secretary.

(7) To an Administrative Law Judge and to the interested parties to the extent necessary for conducting administrative proceedings where HUD is a party.

(8) To welfare agencies for fraud investigation to allow HUD to respond to state government inquiries when a HECM mortgagor is committed to a nursing home.

*See also on HUD's privacy Web site, Appendix 1 for discretionary routine uses that may be applicable to this system of records.*
