have calculated importer-specific (or customer-specific) per-unit assessment rates by aggregating the total amount of antidumping duties calculated for the examined sales and dividing this amount by the total quantity of those sales. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any importer-specific assessment rate calculated in the final results of this review is above de minimis (i.e., at or above 0.50 percent). Pursuant to 19 CFR 351.106(c)(2), we will instruct CBP to liquidate, without regard to antidumping duties, any entries for which the assessment rate is de minimis. The Department intends to issue appropriate assessment instructions directly to CBP 15 days after the date of publication of these final results of review.

The Department clarified its “automatic assessment” regulation on May 6, 2003. This clarification applies to entries of subject merchandise during the POR produced by the companies included in these final results of review for which the reviewed company did not know their merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all others rate from the investigation if there is no rate for the intermediate company involved in the transaction. For a full discussion of this clarification, see Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties, 68 FR 23954 (May 6, 2003).

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results of review.

We are issuing and publishing these final results and this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Paul Piquado,
Assistant Secretary for Import Administration.

Application(s) for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89–651, as amended by Public Law 106–36; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be postmarked on or before October 31, 2012. Address written comments to Statutory Import Programs Staff, Room 3720, U.S. Department of Commerce, Washington, DC 20230. Applications may be examined between 8:30 a.m. and 5 p.m. at the U.S. Department of Commerce in Room 3720.

Docket Number: 12–036. Applicant: Michigan State University, 2555 Engineering Building Department of Mechanical Engineering, East Lansing, MI 48824–1226. Instrument: Diode Pumped High speed Nd:YAG laser system. Manufacturer: Edgewave GmbH, Germany. Intended Use: The instrument will be used as a diagnostics equipment to study high temperature combustion occurring in a laboratory combustor with highly turbulent flows, specifically to detect chemical species of combustion in conditions that are similar to actual engine operating conditions. The system will be used to pump a dye laser to generate ultra-violet light which can be used to rack chemical species during combustion, such as hydroxyl (OH) radicals. The

Argonne National Laboratory; Notice of Decision on Application for Duty-Free Entry of Scientific Instruments

This is a decision pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89–651, as amended by Pub. L. 106–36; 80 Stat. 897; 15 CFR 1966 (Pub. L. 89–651, as amended by part 301)). Related records can be viewed between 8:30 a.m. and 5 p.m. in Room 3720, U.S. Department of Commerce, 14th and Constitution Ave. NW., Washington, DC.

Docket Number: 12–007. Applicant: Argonne National Laboratory, 9700 South Cass Ave., Lemont, IL 60439. Instrument: Klystron. Manufacturer: Thales Components Corp., France. Intended Use: See notice at 77 FR 25960, May 2, 2012. Date of Denial without Prejudice to Resubmission: June 1, 2012. Decision: Denied. The applicant has failed to establish that domestic instruments of equivalent scientific value to the foreign instruments for the intended purposes are not available. Reasons: Section 301.5(e)(4) of the regulations requires the denial of applications that have been denied without prejudice to resubmission if they are not resubmitted within the specified time period. This is the case for the above-mentioned docket.

Gregory W. Campbell, Director, Subsidies Enforcement Office, Import Administration.

Call for Applications for the International Buyer Program—Calendar Years 2014 and 2015

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notice and Call for Applications.

SUMMARY: In this notice, the U.S. Department of Commerce (DOC) announces that it will accept applications for the International Buyer Program (IBP) for calendar year 2014 (January 1, 2014 through December 31, 2014). The announcement also sets out the objectives, procedures and application review criteria for the IBP. The purpose of the IBP program is to bring international buyers together with U.S. firms in industries with high export potential at leading U.S. trade shows. Specifically, through the IBP, the DOC selects domestic trade shows which will receive DOC assistance in the form of global promotion in foreign markets, providing export counseling to exhibitors, and providing export counseling and matchmaking services at the trade show. This notice covers selection for IBP participation during calendar year 2014. It also announces a new pilot initiative for the IBP, which will allow up to 20% of the 2014 IBP shows to be preselected for IBP participation in calendar year 2015 (January 1, 2015 through December 31, 2015) without having to reapply for the second year. Eligibility for this pilot initiative is limited to annual trade shows that participated in the IBP in calendar years 2011 or 2012. Applicants interested in being considered for this pilot must indicate so in the application.

DATES: Applications for the IBP must be received by December 10, 2012.

ADDRESSES: The IBP application may be downloaded from http://www.export.gov/IBP. Applications may be submitted by any of the following methods: (1) Mail/Hand Delivery Service: International Buyer Program, Trade Promotion Programs, U.S. and Foreign Commercial Service, International Trade Administration, U.S. Department of Commerce, Ronald Reagan Building, 1300 Pennsylvania Ave. NW., Suite 800M—Mezzanine Level—Atrium North, Washington, DC 20004. Telephone (202) 482–0691; (2) Facsimile: (202) 482–7800; or (3) email: IBP2014@trade.gov. Facsimile and email applications will be accepted as interim applications, but must be followed by a signed original application that is received by the program no later than five (5) business days after the application deadline. To ensure that applications are timely received by the deadline, applicants are strongly urged to send applications by hand delivery service (e.g., U.S. Postal Service Express Delivery, Federal Express, UPS, etc.).

SUPPLEMENTARY INFORMATION: The IBP was established in the Omnibus Trade and Competitiveness Act of 1988 (Pub. L. 100–418, codified at 15 U.S.C. 4724) to bring international buyers together with U.S. firms by promoting leading U.S. trade shows in industries with high export potential. The IBP emphasizes cooperation between the DOC and trade show organizers to benefit U.S. firms exhibiting at selected events and provides practical, hands-on assistance such as export counseling and market analysis to U.S. companies interested in exporting. Shows selected for the IBP will provide a venue for U.S. companies interested in expanding their sales into international markets.

Through the IBP, the DOC selects trade shows that DOC determines to be leading international trade shows with participation by U.S. firms interested in exporting for promotion in overseas markets by U.S. Embassies and Consulates. DOC is authorized to provide successful applicants with assistance in the form of overseas promotion of the show; outreach to show participants about exporting; recruiting potential buyers to attend the events; and through physical staff assistance at the event through setting up international trade centers at the events. Worldwide promotion is executed through the offices of the DOC.
