

increased fee at NYSE, the Exchange proposes to increase the fee charged for SLIM and TRIM orders executed at NYSE from \$0.0022 per share to \$0.0024 per share.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act.⁶ Specifically, the Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,⁷ in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls. The Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The Exchange believes that the proposed changes to certain of the Exchange's non-standard routing fees and strategies are equitably allocated, fair and reasonable, and non-discriminatory in that they are equally applicable to all Members and are designed to provide a reduced fee for orders routed to NYSE through Exchange routing strategies as compared to applicable fees for executions if such routed orders were instead executed directly by the Member at NYSE.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Because the market for order execution is extremely competitive, Members may readily opt to disfavor the Exchange's routing services if they believe that alternatives offer them better value. For an order routed through the Exchange and executed at NYSE through the applicable routing strategies, the proposed fee change is designed to maintain a slight discount compared to the fee the Member would have paid if such routed order was instead executed directly by a Member at NYSE.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Pursuant to Section 19(b)(3)(A)(ii) of the Act⁸ and Rule 19b-4(f)(2) thereunder,⁹ the Exchange has designated this proposal as establishing or changing a due, fee, or other charge applicable to the Exchange's Members and non-members, which renders the proposed rule change effective upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

thereunder,⁴ which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to amend the fee schedule applicable to Members⁵ and non-members of the Exchange pursuant to BATS Rules 15.1(a) and (c). While changes to the fee schedule pursuant to this proposal will be effective upon filing, the changes will become operative on October 1, 2012.

The text of the proposed rule change is available at the Exchange's Web site at <http://www.batstrading.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to modify the "Equities Pricing" section of its fee schedule effective October 1, 2012, in order to amend the fees for certain routing strategies based on a change of fees at the New York Stock Exchange LLC ("NYSE"). NYSE is implementing certain pricing changes effective October 1, 2012, including modification from a fee to remove liquidity of \$0.0023 per share to a fee of \$0.0025 per share.

The Exchange has previously provided a discounted fee for Destination Specific Orders routed to certain of the largest market centers measured by volume (NYSE, NYSE Arca and NASDAQ), which, in each instance

has been \$0.0001 less per share for orders routed to such market centers by the Exchange than such market centers currently charge for removing liquidity (referred to by the Exchange as "One Under" pricing). Based on the changes in pricing at NYSE, BATS is proposing to increase its fee for Destination Specific Orders executed at NYSE so that the fee remains \$0.0001 less per share for orders routed to NYSE. Specifically, the Exchange proposes to increase the fee charged for BATS + NYSE Destination Specific Orders executed at NYSE from \$0.0022 per share to \$0.0024 per share.

In addition, the Exchange offers a variety of routing strategies, including "SLIM" and "TRIM," each of which has a specific fee for an execution that occurs at NYSE. Consistent with its One Under pricing model, the Exchange currently charges \$0.0022 per share for executions that occur at NYSE through SLIM and TRIM. Based on the increased fee at NYSE, the Exchange proposes to increase the fee charged for SLIM and TRIM orders executed at NYSE from \$0.0022 per share to \$0.0024 per share.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act.⁶ Specifically, the Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,⁷ in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls. The Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The Exchange believes that the proposed changes to certain of the Exchange's non-standard routing fees and strategies are equitably allocated, fair and reasonable, and non-discriminatory in that they are equally applicable to all Members and are designed to provide a reduced fee for orders routed to NYSE through Exchange routing strategies as compared to applicable fees for executions if such routed orders were instead executed directly by the Member at NYSE.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Because the market for order execution is extremely competitive, Members may readily opt to disfavor the Exchange's routing services if they believe that alternatives offer them better value. For an order routed through the Exchange and executed at NYSE through the applicable routing strategies, the proposed fee change is designed to maintain a slight discount compared to the fee the Member would have paid if such routed order was instead executed directly by a Member at NYSE.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Pursuant to Section 19(b)(3)(A)(ii) of the Act⁸ and Rule 19b-4(f)(2) thereunder,⁹ the Exchange has designated this proposal as establishing or changing a due, fee, or other charge applicable to the Exchange's Members and non-members, which renders the proposed rule change effective upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-68025; File No. SR-OCC-2012-18]

Self-Regulatory Organizations; The Options Clearing Corporation; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Reduce the Per Contract Clearing Fee for Routing Trades Executed in Accordance With the Options Order Protection and Locked/Crossed Market Plan to \$.01 Per Contract

October 10, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder² notice is hereby given that on September 28, 2012, The Options Clearing Corporation ("OCC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared substantially by OCC. OCC filed the proposal pursuant to Section 19(b)(3)(A)(ii)³ of the Act and Rule 19b-4(f)(2)⁴ thereunder so that the proposal was effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

OCC proposes to reduce the per contract clearing fee for routing trades executed in accordance with the Options Order Protection and Locked/Crossed Market Plan ("Plan") to \$.01 per contract.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, OCC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. OCC has prepared summaries, set forth in sections (A), (B) and (C) below, of the most significant aspects of such statements.⁵

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ 15 U.S.C. 78s(b)(3)(A)(ii).

⁴ 17 CFR 240.19b-4(f)(2).

⁵ The Commission has modified the text of the summaries provided by OCC.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The purpose of this proposed rule change is to amend OCC's Schedule of Fees to set the per contract clearing fee for routing trades executed in accordance with the Plan at \$.01 per contract. (Such fee is identified as a "Linkage Fee" on OCC's Schedule of Fees).

OCC calculates clearing fees for valid trades using its fee schedule, which takes into consideration the type of trade, size of the trade, and any new product discounts that may be applicable. In 2009, OCC's participant exchanges created the Plan, which was designed to promote fair markets by ensuring that public customer orders receive the best price available across participating exchanges. If an exchange receiving a customer option order is not at the National Best Bid/Offer ("NBBO"), the exchange will use a private routing broker to send the order to an exchange at the NBBO. Once the order is filled at the away exchange, the routing broker assumes the other side of the trade at the NBBO and fills the original customer order at the originating exchange. The routing broker in this situation essentially has executed a "scratch trade"⁶ across exchanges ("Routed Broker Scratch Trade"). Such trades are currently subject to OCC's standard fee schedule even though they may be considered scratch trades that serve to facilitate fair and orderly markets.

Conversely, trades originated by market makers or specialists are eligible for a reduction in fees if they deemed "scratch trades" ("Market Maker/Specialist Scratch Trades"). OCC considers Market Maker/Specialist Scratch Trades to be the same day purchase and sale of identical option contracts in the same quantity and price by a market maker on the same exchange or across exchanges. Such trades are subject to a reduced clearing fee of \$.01 per contract in recognition of a market maker's obligation to continuously maintain a fair and orderly market.

In response to a request from its participant exchanges, OCC determined that the same \$.01 per contract Market Maker/Specialist Scratch Trade fee should apply to Routed Broker Scratch Trades since the two trades are both "scratch trades" that facilitate fair and orderly markets. OCC proposes to

⁶ A purchase and sale of the same securities, at the same quantity and price, and at or around the same time (e.g., one day).
