

DEPARTMENT OF HOMELAND SECURITY**U.S. Customs and Border Protection****Agency Information Collection Activities: Protest**

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: 30-Day notice and request for comments; extension of an existing information collection.

SUMMARY: U.S. Customs and Border Protection (CBP) of the Department of Homeland Security will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act: Protest (Form 19). This is a proposed extension of an information collection that was previously approved. CBP is proposing that this information collection be extended with no change to the burden hours. This document is published to obtain comments from the public and affected agencies. This information collection was previously published in the **Federal Register** (77 FR 47420) on August 8, 2012, allowing for a 60-day comment period. This notice allows for an additional 30 days for public comments. This process is conducted in accordance with 5 CFR 1320.10.

DATES: Written comments should be received on or before November 15, 2012.

ADDRESSES: Interested persons are invited to submit written comments on this information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the OMB Desk Officer for U.S. Customs and Border Protection, Department of Homeland Security, and sent via electronic mail to oir_submission@omb.eop.gov or faxed to (202) 395-5806.

FOR FURTHER INFORMATION CONTACT: Requests for additional information should be directed to Tracey Denning, U.S. Customs and Border Protection, Regulations and Rulings, Office of International Trade, 799 9th Street NW., 5th Floor, Washington, DC 20229-1177, at 202-325-0265.

SUPPLEMENTARY INFORMATION: CBP invites the general public and affected Federal agencies to submit written comments and suggestions on proposed and/or continuing information collection requests pursuant to the Paperwork Reduction Act (Pub. L.104-

13). Your comments should address one of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency/component, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agencies/components estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collections of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological techniques or other forms of information.

Title: Protest.

OMB Number: 1651-0017.

Form Number: Form 19.

Abstract: CBP Form 19, *Protest*, is used by an importer, filer, or any party at interest to petition CBP, or protest any action or charge made by the port director with respect to imported merchandise. The information collected on CBP Form 19 is authorized by Sections 514 and 514(a) of the Tariff Act of 1930 and provided for by 19 CFR Part 174. This form is accessible at: http://forms.cbp.gov/pdf/CBP_Form_19.pdf.

Action: CBP proposes to extend the expiration date of this information collection with no change to the burden hours or to CBP Form 19.

Type of Review: Extension (without change).

Affected Public: Businesses.

Estimated Number of Respondents: 3,750.

Estimated Number of Total Annual Responses: 45,000.

Estimated Time per Response: 1 hour.

Dated: October 11, 2012.

Tracey Denning,

Agency Clearance Officer, U.S. Customs and Border Protection.

[Docket No. FR-5603-N-72]

Notice of Submission of Proposed Information Collection to OMB Collection of Information From HUD Lead Hazard Control Grantees To Support a Review of the Federal Dust-lead Standards

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below has been submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

Leaded paint in housing remains as the last major source of lead exposure to young children. Efforts to reduce childhood lead poisoning have focused on controlling lead paint hazards, specifically lead dust and deteriorated lead-based paint. Lead hazard control programs are looking for ways to make this housing safer without placing an undue financial burden on the property owners or tenants. On August 10, 2009, a petition was submitted to EPA www.regulations.gov; search for EPA-HQ-OPPT-2009-0655) to lower the definition of lead-based paint in pre-1978 "target" housing to some value below the current value of 1 mg/cm² or 0.5% by weight (42 U.S.C. 4822(c)), and to lower the lead hazard control standards and clearance standards for lead in dust on floors and window sills in such housing and in pre-1978 child-occupied facilities below the current values of 40 and 250 mg/ft² (micrograms per square foot), respectively (40 CFR 745.65(b) and 745.227(e)(8)(viii), and 24 CFR 35.1320(b)(2)(i)), and below the current clearance standard for window troughs of 400 mg/ft² (40 CFR 45.227(e)(8)(viii), and 24 CFR 35.1320(b)(2)(i)). The HUD Secretary may reduce the level that defines lead-based paint in target housing (42 U.S.C. 4822(c)), and the EPA Administrator identifies the lead-based paint hazard standards (15 U.S.C. 2683), and the lead-based paint standard (15 U.S.C. 2683), and the lead-based paint standard in child-occupied facilities.

In a response dated October 22, 2009, EPA, writing on behalf of itself and HUD, agreed to study the issues and decide whether the lead hazard standards and/or the lead-based paint standard should be changed, and to

collaborate with HUD on this effort. www.epa.gov/oppt/chemtest/pubs/eparesponse.pdf). The Agency and the Department intend to have identical standards for the sake of maximizing their effectiveness in this matter.

One of the issues to be considered is the ability to actually determine "clearance" (a work area is sufficiently clean of lead dust) before allowing reoccupancy. The clearance levels for floors and window sills are the same as the lead hazard standards. This survey will question HUD grantees as to their ability to achieve clearance at the current level for floors and windowsills, and whether it would be technically feasible to achieve clearance at potentially lower levels.

DATES: *Comments Due Date:* November 15, 2012.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB approval Number (2529-Pending) and should be sent to: HUD Desk Officer, Office of Management and Budget, New Executive Office Building, Washington, DC 20503; fax: 202-395-5806. Email: OIRA_Submission@omb.eop.gov; fax: 202-395-5806.

FOR FURTHER INFORMATION CONTACT: Colette Pollard, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 Seventh Street SW., Washington, DC 20410; email Colette Pollard at Colette.Pollard@hud.gov or telephone (202) 402-3400. This is not a toll-free number. Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that the Department of Housing and Urban Development has submitted to OMB a request for approval of the Information

collection described below. This notice is soliciting comments from members of the public and affecting agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This notice also lists the following information:

Title of Proposed: Collection of Information from HUD Lead Hazard Control Grantees to Support a review of the Federal Dust-lead Standards.

OMB Approval Number: 2529-Pending.

Form Numbers: None.

Description of the need for the information and proposed use: Leaded paint in housing remains as the last major source of lead exposure to young children. Efforts to reduce childhood lead poisoning have focused on controlling lead paint hazards, specifically lead dust and deteriorated lead-based paint. Lead hazard control programs are looking for ways to make this housing safer without placing an undue financial burden on the property owners or tenants. On August 10, 2009, a petition was submitted to EPA www.regulations.gov; search for EPA-HQ-OPPT-2009-0655) to lower the definition of lead-based paint in pre-1978 "target" housing to some value

below the current value of 1 mg/cm² or 0.5% by weight (42 U.S.C. 4822(c)), and to lower the lead hazard control standards and clearance standards for lead in dust on floors and window sills in such housing and in pre-1978 child-occupied facilities below the current values of 40 and 250 mg/ft² (micrograms per square foot), respectively (40 CFR 745.65(b) and 745.227(e)(8)(viii), and 24 CFR 35.1320(b)(2)(i)), and below the current clearance standard for window troughs of 400 mg/ft² (40 CFR 45.227(e)(8)(viii), and 24 CFR 35.1320(b)(2)(i)). The HUD Secretary may reduce the level that defines lead-based paint in target housing (42 U.S.C. 4822(c)), and the EPA Administrator identifies the lead-based paint hazard standards (15 U.S.C. 2683), and the lead-based paint standard (15 U.S.C. 2683), and the lead-based paint standard in child-occupied facilities. In a response dated October 22, 2009, EPA, writing on behalf of itself and HUD, agreed to study the issues and decide whether the lead hazard standards and/or the lead-based paint standard should be changed, and to collaborate with HUD on this effort. www.epa.gov/oppt/chemtest/pubs/eparesponse.pdf). The Agency and the Department intend to have identical standards for the sake of maximizing their effectiveness in this matter.

One of the issues to be considered is the ability to actually determine "clearance" (a work area is sufficiently clean of lead dust) before allowing reoccupancy. The clearance levels for floors and window sills are the same as the lead hazard standards. This survey will question HUD grantees as to their ability to achieve clearance at the current level for floors and windowsills, and whether it would be technically feasible to achieve clearance at potentially lower levels.

	Number of respondents	Annual responses	×	Hours per response	=	Burden hours
Reporting Burden	100	1		16		1,600

Total estimated burden hours: 1,600.
Status: New collection.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. 35, as amended.

Dated: *October 10, 2012.*
