

Atmospheric Administration (NOAA), Commerce.

**ACTION:** Final rule; correction.

**SUMMARY:** NMFS is correcting a final rule that published on September 26, 2012, modifying equipment and operational requirements for freezer longliners (catcher/processors) named on License Limitation Program (LLP) licenses endorsed to catch and process Pacific cod at sea with hook-and-line gear in the Bering Sea and Aleutian Islands Management Area (BSAI). This final rule removes Western Alaska Community Development Quota (CDQ) collection-of-information requirements under OMB control number 0648–0269 for the alternative fishing plan and its public reporting burden per response of 4 hours, because the alternative fishing plan regulations are no longer necessary.

**DATES:** Effective October 17, 2012, and is applicable beginning October 26, 2012.

**FOR FURTHER INFORMATION CONTACT:** Patsy A. Bearden, 907–586–7008.

**SUPPLEMENTARY INFORMATION:**

**Need for Correction**

In the final rule modifying equipment and operational requirements for freezer longliners published September 26, 2012, NMFS inadvertently omitted a paragraph in the classification section that addresses OMB Control Number 0648–0269 collection-of-information requirements associated with regulations removed by the final rule.

The final rule removed the regulations at § 679.32(e)(3) that allow CDQ groups to propose to NMFS an alternative fishing plan to use only one observer where two are required, to sort and weigh catch by species on processor vessels, or to use larger sample sizes than those that can be collected by one observer. The final rule standardized the observer coverage and catch monitoring options for longline catcher/processors in both the CDQ and non-CDQ fisheries because the monitoring and enforcement challenges in these fisheries are similar. Because the final rule standardized observer coverage requirements between the CDQ and non-CDQ fisheries, the alternative fishing plan regulations were no longer necessary. All of the language in the regulatory text and preamble text was correct. However, the notice of the removal of the collection-of-information requirements under the Office of Management and Budget control number 0648–0269 was inadvertently omitted from the final rule. This notice corrects that omission.

**Correction**

In rule document 2012–23721 published on September 26, 2012, (77 FR 59053) make the following correction:

1. On page 59059, in column 1, after heading OMB Control No. 0648–0213 and following the paragraph, insert the following heading and text:

“OMB Control No. 0648–0269

This final rule removes collection-of-information requirements subject to the Paperwork Reduction Act (PRA) and which have been approved by the Office of Management and Budget (OMB) under Control Number 0648–0269. The collection-of-information requirement, “alternative fishing plan” and its public reporting burden per response of 4 hours, will be removed from the collection because the alternative fishing plan regulations are no longer necessary.”

**Authority:** 16 U.S.C. 773 *et seq.*; 1801 *et seq.*; 3631 *et seq.*; Pub. L. 108–447; 44 U.S.C. 3501 *et seq.*

**Special Local Regulations; 2012 Ironman 70.3 Miami, Biscayne Bay; Miami, FL**

**AGENCY:** Coast Guard, DHS.

**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing a special local regulation on the waters of Biscayne Bay, east of Bayfront Park, in Miami, Florida during the 2012 Ironman 70.3 Miami, a triathlon. The Ironman 70.3 Miami is scheduled to take place on Sunday, October 28, 2012. Approximately 2,500 participants are anticipated to participate in the swim. No spectators are expected to be present during the event. The special local regulation is necessary to provide for the safety of the

participants, participant vessels, and the general public on the navigable waters of the United States during the event. The special local regulation establishes an area that will encompass the event area. Non-participant persons and vessels will be prohibited from entering, transiting through, anchoring in, or remaining within the regulated area unless authorized by the Captain of the Port Miami or a designated representative.

**DATES:** This rule is effective from 6:45 a.m. until 9:45 a.m. on October 28, 2012.

**ADDRESSES:** Documents indicated in this preamble as being available in the docket are part of docket USCG–2012–0559. To view documents mentioned in this preamble go to <http://www.regulations.gov>, inserting USCG–2012–0559 in the “Search” box, and click “Search.” Click on the Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this rule, call or email Lieutenant Junior Grade Mike H. Wu, Sector Miami Prevention Department, Coast Guard; telephone (305) 535–7576, email [Mike.H.Wu@uscg.mil](mailto:Mike.H.Wu@uscg.mil). If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone (202) 366–9826.

**SUPPLEMENTARY INFORMATION:**

**Table of Acronyms**

DHS Department of Homeland Security  
FR Federal Register  
NPRM Notice of Proposed Rulemaking

**A. Regulatory History and Information**

On July 30, 2012, we published a Notice of Proposed Rulemaking (NPRM) entitled USCG–2012–0559 in the **Federal Register** (77 FR 2012–18455). We received no comments on the proposed rule. No public meeting was requested, and none was held.

**B. Basis and Purpose**

(a) The legal basis for this rule is the Coast Guard’s authority to establish special local regulations pursuant to: 33 U.S.C. 1233.

(b) The purpose of the rule is to provide for the safety of life on navigable waters of the United States during the Ironman 70.3 Miami.

### C. Discussion of Comments, Changes, and the Final Rule

The Coast Guard did not receive any comments to the proposed rule, and no changes were made to the regulatory text.

On October 28, 2012, Miami Tri Events is sponsoring the Ironman 70.3, a triathlon. The swim portion of the event will be held on the waters of Biscayne Bay, Miami, Florida. Approximately 2,500 participants are anticipated to participate in the event. No spectator vessels are expected during the event.

The temporary final rule establishes a special local regulation that will encompass certain waters of Biscayne Bay, Miami, Florida. The special local regulation will be enforced from 6:45 a.m. until 9:45 a.m. on October 28, 2012. The special local regulation will establish an area around the event where all non-participant persons and vessels are prohibited from entering, transiting through, anchoring in, or remaining within. Persons and vessels may request authorization to enter, transit through, anchor in, or remain within the regulated area by contacting the Captain of the Port Miami via telephone at (305) 535-4472, or a designated representative via VHF radio on channel 16. If authorization to enter, transit through, anchor in, or remain within the event area is granted by the Captain of the Port Miami or a designated representative, all persons and vessels receiving such authorization must comply with the instructions of the Captain of the Port Miami or a designated representative. The Coast Guard will provide notice of the special local regulation by Local Notice to Mariners, Broadcast Notice to Mariners, and on-scene designated representatives.

### D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes or executive orders.

#### 1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866, or under section 1 of Executive Order 13563. The Office of Management

and Budget has not reviewed it under those orders.

The economic impact of this rule is not significant for the following reasons: (1) The special local regulation will be enforced for only 3 hours; (2) non-participant persons and vessels may enter, transit through, anchor in, or remain within the event area if authorized by the Captain of the Port Miami or a designated representative; (3) non-participant persons and vessels not authorized by the Captain of the Port Miami or designated representative to enter, transit through, anchor in, or remain within the event area may operate in the surrounding area during the enforcement periods; and (4) the Coast Guard will provide advance notification of the special local regulation to the local maritime community by Local Notice to Mariners and Broadcast Notice to Mariners.

#### 2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601-612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rule. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule may affect the following entities, some of which may be small entities: the owners or operators of vessels intending to enter, transit through, anchor in, or remain within that portion of the Biscayne Bay encompassed within the special local regulation from 6:45 a.m. until 9:45 a.m. on October 28, 2012. For the reasons discussed in the Regulatory Planning and Review section above, this rule will not have a significant economic impact on a substantial number of small entities.

#### 3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person

listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

#### 4. Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

#### 5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

#### 6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

#### 7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

#### 8. Taking of Private Property

This rule will not affect a taking of private property or otherwise have

taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

#### 9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

#### 10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

#### 11. Indian Tribal Governments

This rule does not have Tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian Tribes, on the relationship between the Federal Government and Indian Tribes, or on the distribution of power and responsibilities between the Federal Government and Indian Tribes.

#### 12. Energy Effects

This action is not a "significant energy action" under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

#### 13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

#### 14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f). Due to potential environmental issues, we conducted an environmental analysis for both the issuance of the marine event permit and the establishment of this special local regulation. After completing the environmental analysis for the issuance of the marine event permit and the establishment of these special local regulations, we have determined these actions will not significantly affect the human environment. This rule is categorically

excluded from further review under paragraph 34(h) and 35(b) of Figure 2-1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

#### List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 100 as follows:

#### PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for part 100 continues to read as follows:

**Authority:** 33 U.S.C. 1233.

■ 2. Add a temporary § 100.35T07-0559 to read as follows:

#### § 100.35T07-0559 Special Local Regulation; Ironman 70.3 Miami, Biscayne Bay; Miami, FL.

(a) *Regulated Area.* The following regulated area is a special local regulation. All waters of Biscayne Bay located east of Bayfront Park and encompassed within an imaginary line connecting the following points: starting at Point 1 in position 25°46'44" N, 080°11'00" W; thence southeast to Point 2 in position 25°46'24" N, 080°10'44" W; thence southwest to Point 3 in position 25°46'18" N, 080°11'05" W; thence north to Point 4 in position 25°46'33" N, 080°11'05" W; thence northeast back to origin. All coordinates are North American Datum 1983.

(b) *Definition.* The term "designated representative" means Coast Guard Patrol Commanders, including Coast Guard coxswains, petty officers, and other officers operating Coast Guard vessels, and Federal, state, and local officers designated by or assisting the Captain of the Port Miami in the enforcement of the regulated area.

#### (c) Regulations.

(1) Non-participant persons and vessels are prohibited from entering, transiting through, anchoring in, or remaining within the regulated area unless authorized by the Captain of the Port Miami or a designated representative.

(2) Non-participant Persons and vessels may request authorization to enter, transit through, anchor in, or remain within the regulated area by contacting the Captain of the Port Miami

by telephone at 305-535-4472, or a designated representative via VHF radio on channel 16. If authorization is granted by the Captain of the Port Miami or a designated representative, all persons and vessels receiving such authorization must comply with the instructions of the Captain of the Port Miami or a designated representative.

(3) The Coast Guard will provide notice of the regulated area by Local Notice to Mariners, Broadcast Notice to Mariners, and on-scene designated representatives.

(d) *Enforcement Date.* This rule will be enforced from 6:45 a.m. until 9:45 a.m. on October 28, 2012.

Dated: September 28, 2012.

**Chris P. Scraba,**

*Captain, U.S. Coast Guard, Captain of the Port Miami.*

#### 33 CFR Part 100

[Docket No. USCG-2012-0721]

RIN 1625-AA08

#### Special Local Regulations; Palm Beach World Championship, Atlantic Ocean; Jupiter, FL

**AGENCY:** Coast Guard, DHS.

**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing a special local regulation on the waters of the Atlantic Ocean, between East Indiantown Road and Donald Ross Road, just offshore of Jupiter, Florida during the Palm Beach World Championship, a high speed power boat race. The Palm Beach World Championship is scheduled to take place on Friday, October 19, and Sunday, October 21, 2012. The high speed power boat race event will include approximately 50 high speed power boat participants and 250 spectator vessels. The special local regulation is necessary to provide safety for the participants, spectators, and general public in and near the race area during the event. The special local regulation will encompass the following two areas: a race area, where all persons and vessels, except those persons and vessels participating in or assisting the high speed boat races, are prohibited from entering, transiting through, anchoring in, or remaining within; and
