

and at four public libraries in surrounding communities. A public open house meeting was held on April 10, 2012. The Service received two comment letters. The comments were thoroughly reviewed and the CCP did not change substantially based on public comment.

Selected Alternative

After considering the comments we received, we have selected Alternative C for implementation. Alternative C was selected over the other alternatives because it best meets the Refuge's vision for the future, the purposes for which

the Refuge was established, and the habitat, wildlife and visitor services goals identified in the CCP. This alternative is the basis for the CCP and describes how habitat objectives will be accomplished through a combination of management activities to encourage ecological integrity, promote restoration of bottomland hardwood forest habitat along the Trinity River, control invasive species. This alternative will not adversely impact trust resources, including threatened and endangered species, or their habitat. Opportunities for wildlife-dependent recreation activities, such as hunting, fishing,

observation, photography, environmental education, and interpretation will be enhanced. Future management actions will have a neutral or positive impact on the local economy and the recommendations in the CCP will ensure that refuge management is consistent with the mission of the National Wildlife Refuge System.

Notice of Availability of the Final Environmental Impact Statement for the Mount Hope Project, Eureka County, NV

Correction

In notice document 2012-25182, appearing on pages 62256-62257 in the issue of Friday, October 12, 2012, make the following correction:

On page 62256, in the second column, on the twenty-eighth and twenty-ninth lines, "Eureka County, NE" should read "Eureka County, Nevada".
