amended (19 U.S.C. 81a–81u), the Foreign-
Trade Zones Board (the Board) adopts the
following Order:

Whereas, the Foreign-Trade Zones Act
provides for "* * * the establishment
* * * of foreign-trade zones in ports of
entry of the United States, to expedite
and encourage foreign commerce, and
for other purposes," and authorizes the
Foreign-Trade Zones Board to grant to
qualified corporations the privilege of
establishing foreign-trade zones in or
adjacent to U.S. Customs and Border
Protection ports of entry;

Whereas, the Board adopted the
alternative site framework (ASF) (74 FR
1170–1173, 01/12/2009; correction 74
FR 3987, 01/22/2009; 75 FR 71069–
71070, 11/22/2010) as an option for the
establishment or reorganization of
general-purpose zones;

Whereas, the Northwest Tennessee
Regional Port Authority (the Grantee)
has made application to the Board
(Docket 59–2011, filed 9/29/2011)
requesting the establishment of a
foreign-trade zone under the ASF
with a service area of Dyer, Gibson,
Haywood, Lake, Lauderdale, Madison,
Obion and Tipton Counties, Tennessee,
adjacent to the Memphis U.S. Customs
and Border Protection port of entry, and
proposed Sites 1, 2, 3, 4, 5, 6, 7, 8
(excluding 20 acres recommended for
approval as Site 10) and 9 would be
categorized as magnet sites and Site 10
would be categorized as a usage-driven
site;

Whereas, notice inviting public
comment has been given in the Federal
Register (76 FR 61667–61668, 10/05/
2011) and the application has been
processed pursuant to the FTZ Act and
the Board’s regulations; and,

Whereas, the Board adopts the
findings and recommendations of the
examiner’s report, and finds that the
requirements of the FTZ Act and the
Board’s regulations are satisfied, and
that the proposal is in the public
interest;

Now, therefore, the Board hereby
grants to the Grantee the privilege of
establishing a foreign-trade zone,
designated on the records as Foreign-
Trade Zone No. 283, as described in the
application and examiner’s report, and
subject to the FTZ Act and the Board’s
regulations, including Section 400.13, to
the Board’s standard 2,000-acre
activation limit for the overall
general-purpose zone, to an ASF
settlement provision for magnet sites that
would terminate authority for Site 10 if no foreign-status merchandise is admitted for a bona fide customs
purpose within three years from date of
approval.

Signed at Washington, DC, this 11th day of
October 2012.

Rebecca Blank,
Acting Secretary of Commerce, Chairman
and Executive Officer, Foreign-Trade Zones Board.

Attest:
Elizabeth Whitegan,
Acting Executive Secretary.

Solid Urea From the Russian
Federation: Antidumping Duty
Administrative Review; 2010–2011

AGENCY: Import Administration,
International Trade Administration,
Department of Commerce.

SUMMARY: On July 18, 2012, the
Department of Commerce published the
preliminary results of the administrative
review of the antidumping duty order
on solid urea from the Russian
Federation (Russia). The period of
review is July 1, 2010, through June 30,
2011. We gave interested parties an
opportunity to comment on the
preliminary results, but we received no
comments. The final weighted-average
dumping margin for MCC EuroChem is listed below in the “Final Results of the Review” section of this notice.

DATES: Effective October 22, 2012.

FOR FURTHER INFORMATION CONTACT: Dustin Ross or Minoo Hatten, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–0747 or (202) 482–1690, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 18, 2012, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on solid urea from Russia. See Solid Urea From the Russian Federation: Preliminary Results of Antidumping Duty Administrative Review, 77 FR 42273 (July 18, 2012) (Preliminary Results). We invited interested parties to comment on the Preliminary Results, but we received no comments. The Department has conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise subject to the order is solid urea, a high-nitrogen content fertilizer which is produced by reacting ammonia with carbon dioxide. The product is currently classified under the Harmonized Tariff Schedules of the United States (HTSUS) item number 3102.10.00.00. Such merchandise was classified previously under item number 480.3000 of the Tariff Schedules of the United States. Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise subject to the order is dispositive.

Final Results of the Review

We have made no changes to our calculations announced in the Preliminary Results. As a result of our review, we determine that a weighted-average dumping margin of 0.00 percent exists for MCC EuroChem for the period July 1, 2010, through June 30, 2011.

Assessment Rates

In accordance with the Final Modification, we will instruct U.S. Customs and Border Protection (CBP) to liquidate the reviews entries without regard to antidumping duties.1

The Department clarified its “automatic assessment” regulation on May 6, 2003. This clarification will apply to entries of subject merchandise during the period of review produced by MCC EuroChem for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, see Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties, 68 FR 23954 (May 6, 2003).

The Department intends to issue assessment instructions directly to CBP 15 days after publication of these final results of review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of this notice for all shipments of solid urea from Russia entered, or withdrawn from, warehouse, for consumption on or after the date of publication, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for MCC EuroChem will be 0.00 percent; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in the original less-than-fair-value (LTFV) investigation or previous reviews, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 64.93 percent, the all-others rate established in the LTFV investigation. See Urea From the Union of Soviet Socialist Republics; Final Determination of Sales at Less Than Fair Value, 52 FR 19557, 19561 (May 26, 1987). Following the break-up of the Soviet Union, the antidumping duty order on solid urea from the Soviet Union was transferred to the individual members of the Commonwealth of Independent States. See Solid Urea From the Union of Soviet Socialist Republics; Transfer of the Antidumping Order on Solid Urea From the Union of Soviet Socialist Republics to the Commonwealth of Independent States and the Baltic States and Opportunity to Comment, 57 FR 28828 (June 29, 1992). The rate established in the LTFV investigation for the Soviet Union was applied to each new independent state, including Russia. These cash deposit requirements shall remain in effect until further notice.

Notifications

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to the administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely notification of the destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results and this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Paul Piquado,
Assistant Secretary for Import Administration.
