Notice of Submission of Proposed Information Collection to OMB; Rental Assistance Demonstration (RAD); Supporting Contracts and Processing Requirements

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below has been submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

The Rental Assistance Demonstration allows Public Housing and Moderate Rehabilitation (Mod Rehab) properties to convert to long-term Section 8 rental assistance contracts; and Rent Supplement (Rent Supp), Rental Assistance Payment (RAP), and Mod Rehab properties, upon contract expiration or termination, to convert tenant protection vouchers (TPVs) to project-based vouchers (PBVs). Participation in the initiative will be voluntary. Public Housing Agencies, Mod Rehab owners interested in participating in the Demonstration are required to submit supplementary documentation through these processing requirements to HUD so that HUD can determine throughout the conversion process the physical and financial sustainability of properties. As such, the

processing requirements will demonstrate to HUD that the applicant will be able to leverage private financing to address immediate and long-term capital needs, improve operations, and implement energy efficiency improvements. The processing information request will be in a Webbased portal and will be pre-populated with data HUD is collecting from the RAD Application, which is currently undergoing its 30 day review under cover of a separate PRA. Overall, supplementary documentation and information requested will allow the Department to determine which applicants continue to meet the eligibility requirements and have the capacity to successfully meet RAD's mission delineated in PIH Notice PIH-2012-32: Rental Assistance Demonstration—Final Implementation Notice. Finally, all applicants will be required to sign the appropriate contractual documents to complete conversion and bind both the applicant and HUD, as well as set forth the rights and duties of the applicant and HUD, with respect to the converted project and any payments under that project. This requirement is for all applicants in the Public Housing, Mod Rehab, Rent Supp and RAP programs. To review draft versions of the processing requirements and the contractual documentation please visit the RAD Web site: www.hud.gov/rad/.

DATES: *Comments Due Date:* November 23, 2012.

BILLING CODE 4210-67-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[CACA 049584,
L51010000.FX0000.LVRWB09B3130]

Notice of Intent To Prepare an Environmental Impact Statement, a Possible Land Use Plan Amendment, and a Public Lands Segregation for the Proposed Soda Mountain Solar Project, CA

AGENCY: Bureau of Land Management,
Interior.

ACTION: Notice.

SUMMARY: In compliance with the National Environmental Policy Act of 1969, as amended (NEPA), and the Federal Land Policy and Management Act of 1976, as amended (FLPMA), the Bureau of Land Management (BLM), together with San Bernardino County, intend to prepare a joint Environmental Impact Statement (EIS)/Environmental Impact Report (EIR), which may include an amendment to the California Desert Conservation Area (CDCA) Plan, for the Soda Mountain Solar Project (Project). By this notice, the BLM is announcing the beginning of the scoping process to solicit public comments and identify issues related to the EIS/Plan Amendment (PA).

DATES: This notice initiates the public scoping process for the EIS/EIR/PA. Comments on issues may be submitted in writing until November 23, 2012. The date(s) and location(s) of any scoping meetings will be announced at least 15 days in advance through local media, newspapers, and the BLM Web site at: <http://www.blm.gov/ca/st/en/fo/cdd.html>. In order to be included in the analysis, all comments must be received prior to the close of the 30-day scoping period or 15 days after the last public meeting, whichever is later. We will provide additional opportunities for public participation as appropriate.

ADDRESSES: You may submit comments on issues and planning criteria related to the Soda Mountain Solar Project by any of the following methods:

- *Web site:* <http://www.blm.gov/ca/st/en/fo/cdd.html>.
- *Email:* Sodamtnsolar@blm.gov.
- *Fax:* 951-697-5299.

- *Mail:* ATTN: Jeffery Childers, Project Manager, BLM California Desert District Office, 22835 Calle San Juan de Los Lagos, Moreno Valley, CA 92553-9046.

Documents pertinent to this proposal may be examined at the BLM California Desert District Office at the above address.

FOR FURTHER INFORMATION CONTACT: For further information and/or to have your name added to our mailing list, contact Jeffery Childers; telephone 951-697-5308; address BLM California Desert District Office, 22835 Calle San Juan de Los Lagos, Moreno Valley, California 92553-9046; email jchilders@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The applicant, Soda Mountain Solar, LLC, has requested a right-of-way (ROW) authorization to construct, operate, maintain and decommission a maximum 350 megawatt (MW) photovoltaic facility and necessary ancillary facilities, including a project substation, access road, realignment of an existing designated route (Rasor Road), operations and maintenance buildings, and lay down areas. The project is proposed on 4,397 acres with the solar field occupying approximately 2,691 acres. This Notice informs the public that the BLM intends to prepare a Draft CDCA Plan amendment and associated EIS/EIR with San Bernardino County for the Project and announces the beginning of the scoping process to seek public input on environmental issues and planning criteria.

The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis, including alternatives, and guide the process for developing the EIS/EIR. At present, the BLM has identified the following preliminary issues: Air quality and greenhouse gas emissions; biological resources, including special status species, cultural resources, geology and soils; hazards and hazardous materials; hydrology and water quality; land use; noise; recreation; traffic; visual resources; cumulative effects; and areas with high potential for renewable energy development.

You may submit comments on issues and planning criteria in writing to the BLM at any public scoping meeting, or you may submit them to the BLM using one of the methods listed in the **ADDRESSES** section above. Comments must be received by the close of the 30-day scoping period or within 15 days after the last public meeting, whichever is later.

Pursuant to the BLM's CDCA Plan, sites associated with power generation or transmission not identified in the Plan will be considered through the plan amendment process to determine the suitability of the site for renewable energy development. Since the proposed Project site was not previously identified as suitable, authorization of the Project would require amendment of the CDCA Plan. By this notice, the BLM is complying with requirements in 43 CFR 1610.2(c) to notify the public of potential amendments to the CDCA Plan predicated on the findings in the EIS/EIR. If a land use plan amendment is necessary, the BLM will integrate the land use planning process with the NEPA process for the Project. A preliminary list of the potential planning criteria that will be used to help guide and define the scope of the plan amendment includes:

1. The plan amendment will be completed in compliance with FLPMA, NEPA, and all other relevant Federal laws, executive orders, and BLM policies;
2. Existing valid plan decisions will not be changed and any new plan decisions will not conflict with existing plan decisions; and
3. The plan amendment(s) will recognize valid existing rights.

Pursuant to 43 CFR 2091.3-1(e) and 43 CFR 2804.25(e), the BLM is segregating the following described public lands, located in the State of California, subject to valid existing rights, from operation of the public land laws and mining laws, but not the mineral leasing or the material sale laws.
