**POSTAL SERVICE**

39 CFR Part 20

**International Mailing Services: Proposed Product and Price Changes**

**AGENCY:** Postal Service,™

**ACTION:** Proposed rule.

**SUMMARY:** In October 2012, the Postal Service filed a notice of mailing services price adjustments with the Postal Regulatory Commission (PRC), effective on January 27, 2013. The Postal Service proposes to revise various sections of Mailing Standards of the United States Postal Service, International Mail Manual (IMM)® to reflect new prices and classification changes.

**DATES:** We must receive your comments on or before November 23, 2012.

**ADDRESSES:** Mail or deliver comments to the manager, Product Classification, U.S. Postal Service®, 475 L’Enfant Plaza SW., RM 4446, Washington, DC 20260–5015. You may inspect and photocopy all written comments at USPS® Headquarters Library, 475 L’Enfant Plaza SW., 11th Floor N, Washington DC by appointment only between the hours of 9 a.m. and 4 p.m., Monday
through Friday by calling 1–202–268–2906 in advance. Email comments, containing the name and address of the commenter, may be sent to:
MailingStandards@usps.gov, with a subject line of “International Mailing Services Price Change.” Faxed comments are not accepted.

FOR FURTHER INFORMATION CONTACT: Rick Klutts at 813–877–0372.

SUPPLEMENTARY INFORMATION: Proposed prices are or will be available under Docket Number R2013–1 on the Postal Regulatory Commission’s Web site at www.prc.gov.

This proposed rule includes price and classification changes for First-Class Mail International® and extra services. The proposed rule also reflects price and classification changes that result from the Postal Regulatory Commission granting the Postal Service’s request in Docket No. MC2012–44 to transfer First-Class Mail International packages (small packets) and rolls from the market-dominant product list to the competitive product list.

First-Class Mail International

This proposed rule would increase prices for single-piece First-Class Mail International letters, postcards, and flats by approximately 14.0 percent. Specifically, postcards would be increased by 8.7 percent, letters would be increased by 12.6 percent, and flats would be increased by 18.9 percent. First-Class Mail International packages (small packets) and rolls will be transferred from the market-dominant product list to the competitive product list and no longer available effective January 27, 2013. The rebranded competitive product will be identified as—“First-Class Package International Service™”.

Global Forever Stamp

Building on the success of the domestic USPS Forever® stamp introduced in April, 2007, the Postal Service is proposing to introduce an international Global Forever stamp. Global Forever stamps can be used to mail a 1-ounce letter-size mailpiece anywhere in the world, regardless of when the stamp is purchased and regardless of how prices may change in the future. The Global Forever stamp will ease the transition during price changes, and will always be sold at the price of a single-piece First-Class Mail International 1-ounce machinable letter and have a postage value equivalent to the price of a single-piece First-Class Mail International 1-ounce machinable letter in effect at the time of use (mailing).

For R2013–1, we propose to charge the same price for 1-ounce and 2-ounce letter-size mailpieces to Canada. Consequently, for this price change, the Global Forever may also be used to mail a 2-ounce letter-size mailpiece to Canada.

To help distinguish between the domestic and international forever stamps, the international version will always be round and will always bear the words “Global Forever™”. The initial offering of the Global Forever stamp will feature a picture of a globe. Finally, with the domestic Forever stamp, mailers would have the flexibility to use these stamps as postage for any type of single-piece international or domestic mailpiece.

International Extra Services

The Postal Service proposes to increase prices for market dominant extra services by approximately 11.3 percent, for the following:
• Certificate of Mailing (4.4%)
• Registered Mail™ (10.2%)
• Return Receipt (48.9%)
• International Business Reply Service (16.7%)

Certificate of Mailing

The Postal Service proposes to add the flexibility for mailers who pay for postage with a permit imprint, to now pay the fee using the same permit imprint account. Previously, the only option to pay the fee was for mailers to apply ordinary stamps, meter imprints, or PC Postage® imprints to PS Form 3877, Firm Mailing Book for Accountable Mail, or Form 3606, Certificate of Bulk Mailing.

Restricted Delivery

Due to low quantity demand by customers, the Postal Service proposes to discontinue outbound international restricted delivery service. Currently, restricted delivery is only available on First-Class Mail International items using Registered Mail service. The Postal Service will continue to offer inbound international restricted delivery service.

International Reply Coupons

Due to low quantity demand by customers, the Postal Service proposes to discontinue the sale of international reply coupons. The Postal Service will continue to exchange (redeem) international reply coupons purchased in foreign countries and presented at U.S. Post Office facilities.

The prices and fees proposed in this notice, if adopted, would become effective concurrent with any domestic prices adopted as a result of the current proceedings before the Postal Regulatory Commission (Docket No. R2013–1). All regulatory changes necessary to implement this proposal are provided below.

Global Forever Stamps can be used to mail a 1-ounce machinable letter-size mailpiece anywhere in the world, regardless of when the stamp is purchased and regardless of how prices may change in the future. a. The sender of a letter may prepay a reply by purchasing reply coupons that are sold and exchangeable for postage stamps by participating postal administrations in member countries of the Universal Postal Union.

b. International reply coupons (in French, Coupons-Reponse Internationaux) are printed in blue ink on paper that has the letters “UPU” in large characters in the watermark. The front of each coupon is printed in French. The reverse side of the coupon shows the text relating to its use in German, English, Arabic, Chinese, Spanish, and/or Russian.
381.2 Previously Sold Coupons and Exchange Value

The following standards apply to the exchange of international reply coupons:

a. International reply coupons sold by the United States Postal Service prior to January 27, 2013, are exchangeable in any other member country for a stamp or stamps representing the minimum postage on an unregistered air letter. Unused U.S. coupons (that is, those with the U.S. selling price stamped on them that are not ultimately redeemed by recipients in other countries) may be exchanged only by the original purchaser for United States postage stamps at a discount of 1 cent below the purchase price.

b. With the exceptions noted in 381.3d, international reply coupons purchased in foreign countries are exchangeable at U.S. Post Office facilities toward the purchase of postage stamps and embossed stamped envelopes at the current maximum First-Class Mail International 1-ounce, letter-size price, per coupon, irrespective of the country where they were purchased. See Notice 123, Price List.

d. Reply coupons formerly issued by the Postal Union of the Americas and Spain are no longer valid. These coupons are printed in green ink and bear the caption Cupon Respuesta America-Espanol. Customers possessing any of these coupons should return them to their correspondents in the country of issue for redemption through the selling post office.

New Mailing Standards for Domestic Mailing Services Products  
AGENCY: Postal Service®. ACTION: Proposed rule.  
SUMMARY: In October 2012, the Postal Service filed a notice of mailing services price adjustments with the Postal Regulatory Commission (PRC), effective in January 2013. This proposed rule contains the revisions to Mailing Standards of the United States Postal Service. Domestic Mail Manual (DMM®) that we would adopt to implement the changes coincident with the price adjustments.  
DATES: We must receive comments on or before November 23, 2012.

Proposed Changes for Letters and Flats  
Preparing Residual Mail From First-Class Mail and Standard Mailings  
We propose to revise DMM 235.0, 245.0, 335.0, 345.0, and 705.8.0 to provide new standards for the preparation of pallets, trays, and sacks of First-Class Mail and Standard Mail letters and flats.

The Postal Service continuously reviews the processes and requirements related to the preparation and entry of mail from commercial mailers. In this regard, the Postal Service, working in collaboration with the commercial mailing industry, has identified areas for improved mutual efficiencies from minor changes to its mail preparation standards. These specific revisions were offered by members of the mailing community, adopted and implemented as optional standards in the context of a Postal Bulletin article (22344, August 23, 2012), and incorporated into the DMM on September 4, 2012. The Postal Service now presents this proposal to adopt these current options as mandatory preparation standards.

These changes would generally require mailers to place trays or sacks of residual single-piece First-Class Mail letters and flats on an origin sectional center facility (SCF) pallet; and to place trays or sacks of residual Standard Mail letters and flats, paid at the single-piece First-Class Mail prices, on a mixed network distribution center (NDC) pallet. The Postal Service also would require use of new human-readable texts linked to several existing content identifier number (CIN) codes that specifically identify single-piece mailpieces. This would require new text on origin SCF pallet placers, identifying this pallet level as a working pallet; and barcoded labels for trays of residual pieces.

No Additional Entry Fees for Periodicals  
We propose changing the designation “additional entry” to “additional mailing offices” and eliminating the fees for Periodicals publications to be mailed in multiple locations. Approved Periodicals publications would be able to mail at any Post Office® with PostalOne!® access.

Change in Advertising Percentage Allowed for Periodicals Requester Publications  
Requester publications will be permitted to exceed 75% advertising in no more than 25% of the issues produced in any 12-month period. This will allow publishers greater advertising flexibility during high advertising volume periods.
