**DEPARTMENT OF JUSTICE**

**Notice of Filing of Proposed Settlement Agreement Resolving Bankruptcy Proofs of Claim Relating to the Breslube-Penn Superfund Site**

On October 17, 2012, a proposed Settlement Agreement was filed, on behalf of the United States and others, with the United States Bankruptcy Court for the District of Delaware in the proceeding entitled *In re: Hussey Copper Corp., et al.*, Bkr. Case No. 11-13010 (BLS).

Pursuant to an August 2009 Consent Decree, debtors Hussey Copper Corp. and HCL Liquidation Ltd. f/k/a Hussey Copper Ltd. ("Debtors") are jointly and severally obligated to perform a remedial design and remedial action, and to take certain other actions, related to the Breslube Penn Superfund Site, located near Pittsburgh at 84 Montour Road, Coraopolis, Pennsylvania. Debtors filed bankruptcy petitions on September 27, 2011, and the United States filed proofs of claim numbers 538 and 539 in March 2012. The proposed Settlement Agreement resolves these proofs of claims by providing for an allowed claim in the amount of \$300,000 against each Debtor, as well as release of all

proceeds of a related \$163,507 letter of credit to the remaining parties that are implementing the 2009 Consent Decree. Those parties also filed a proof of claim that is resolved by the proposed Settlement Agreement.

The publication of this notice opens a period for public comment on the proposed Settlement Agreement. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *In re: Hussey Copper Corp., et al.*, Bkr. Case No. 11-13010 (BLS), D.J. Ref. No. 90-11-3-1762/6. All comments must be submitted no later than twenty (20) days after the publication date of this notice. Comments may be submitted either by email or by mail:

**DEPARTMENT OF LABOR**

**Bureau of Labor Statistics**

**Renewal of the Bureau of Labor Statistics Technical Advisory Committee**

The Secretary of Labor is announcing the renewal of a Federal Advisory Committee. In accordance with the provisions of the Federal Advisory Committee Act (FACA), 5 U.S.C. App. 2, the Secretary of Labor has determined that the renewal of the Bureau of Labor Statistics Technical Advisory Committee (the "Committee") is in the public interest in connection with the performance of duties imposed upon the Commissioner of Labor Statistics by 29 U.S.C. 1 and 2. This determination follows consultation with the Committee Management Secretariat, General Services Administration.

The Committee presents advice and makes recommendations to the Bureau of Labor Statistics (BLS) on technical aspects of the collection and formulation of economic measures.

The Committee functions solely as an advisory body to the BLS, on technical topics selected by the BLS. Important aspects of the Committee's responsibilities include, but are not limited to:

a. Provide comments on papers and presentations developed by BLS research and program staff. The

comments will advise BLS as to whether the academic community will regard the work as being technically sound and reflecting best practices in the relevant fields.

b. Conduct research on issues identified by BLS on which an objective technical opinion or recommendation from outside of BLS would be valuable.

c. Recommend BLS conduct internal research projects to address technical problems with BLS statistics that have been identified in the academic literature.

d. Participate in discussions of areas where the types or coverage of economic statistics could be expanded or improved and areas where statistics are no longer relevant.

e. Establish working relationships with professional associations with an interest in BLS statistics, such as the American Statistical Association and the American Economic Association.

The Committee will report to the Commissioner of Labor Statistics.

The Committee consists of approximately sixteen members who serve as Special Government Employees. Members are appointed by the BLS and are approved by the Secretary of Labor. Committee members are economists, statisticians, and behavioral scientists and will be chosen to achieve a balanced membership across those disciplines. They are prominent experts in their fields and recognized for their professional achievements and objectivity.

The Committee will function solely as an advisory body, in compliance with the provisions of the Federal Advisory Committee Act. The Charter will be filed under the Federal Advisory Committee Act.

## NATIONAL SCIENCE FOUNDATION

### Agency Information Collection Activities: Comment Request

**AGENCY:** National Science Foundation.

**ACTION:** Submission for OMB review;  
comment request.

---

**SUMMARY:** The National Science Foundation (NSF) has submitted the following information collection requirement to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. This is the second notice for public comment; the first was published in the **Federal Register** at 77 FR 49832. NSF is forwarding the proposed renewal submission to the Office of Management and Budget (OMB) for clearance simultaneously with the publication of this second notice. The full submission may be found at: <http://www.reginfo.gov/public/do/PRAMain>.

**Comments:** Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; or (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Office of Information and Regulatory Affairs of OMB, Attention: Desk Officer for National Science Foundation, 725-17th Street NW., Room 10235, Washington, DC 20503, and to Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Boulevard, Suite 295, Arlington, Virginia 22230 or send email to [splimpto@nsf.gov](mailto:splimpto@nsf.gov). Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling 703-292-7556.

**FOR FURTHER INFORMATION CONTACT:** Suzanne H. Plimpton at (703) 292-7556 or send email to [splimpto@nsf.gov](mailto:splimpto@nsf.gov). Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including federal holidays).

NSF may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to

the collection of information unless it displays a currently valid OMB control number.

**SUPPLEMENTARY INFORMATION:**

*Title of Collection:* Grantee Reporting Requirements for the Research Experiences for Undergraduates (REU) Program.

*OMB Number:* 3145-NEW.

*Type of Request:* Intent to seek approval to establish an information collection.

**Abstract**

*Proposed Project*

The Research Experiences for Undergraduates (REU) Reporting Module is a component of the NSF Project Reports System that is designed to gather information about students participating in Research Experiences for Undergraduates (REU) Sites and Supplements projects. All NSF projects are required to use the FastLane Project Reports System for developing and submitting annual and final project reports. If NSF cannot collect information about undergraduate participants in undergraduate research experiences, NSF will have no other means to consistently document the number and diversity of participants, types of participant involvement in the research, and types of institutions represented by the participants.

NSF is committed to providing program stakeholders with information regarding the expenditure of taxpayer funds on these types of experiences, which provide training for postsecondary students in basic and applied research in STEM.

*Background*

All NSF grantees are required to use the FastLane Project Reports System for reporting progress, accomplishments, participants, and activities annually and at the conclusion of their project. Information from annual and final reports provides yearly updates on project inputs, activities, and outcomes for agency reporting purposes. If project participants include undergraduate students supported by the Research Experiences for Undergraduates (REU) Sites Program or by an REU Supplement, then the grantees and their students are required to complete the REU Reporting Module.

*Respondents:* Individuals (Principal Investigators and REU undergraduate student participants).

*Number of Principal Investigator*

*Respondents:* 2,000.

*Burden on the Public:* 650 total hours.

*Number of REU Student Participant Respondents:* 7,250.
