The Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management, publishes this notice containing proposed information collection requests at the beginning of the Departmental review of the information collection. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. This portion of the new regulation was disclosed but not submitted for public comment when the negotiated rulemaking legislation was originally announced in the Federal Register in 2009. Therefore, this submission is considered a “revision of a currently approved collection.” Dated: October 17, 2012. Darrin A. King, Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management.
