

treatment. The Commission believes that C2's DPM requirements, including those requiring additional liquidity and competitive quoting, impose sufficient affirmative obligations on the Exchange's DPMs, while allowing public customer orders at the best price to continue to be satisfied before a participation entitlement will be applied. Accordingly, the Commission believes that these requirements are consistent with the Act.

The Commission also finds that C2's proposed DPM qualification requirements are consistent with the Act. In particular, the Exchange's rules provide an objective process by which an applicant can become a DPM on the Exchange and are designed to provide for oversight by C2 to monitor for continued compliance by DPMs with the terms of their application for such status and the Exchange's rules. The proposed rules require that the Exchange consider several factors in determining whether to allow a Participant to act as a DPM, including the applicant's adequacy of capital, operational capacity, trading experience, regulatory history, and willingness and ability to promote the Exchange. These factors should ensure that those organizations approved to act as DPMs have the ability to supply liquidity, quote competitively, and perform their obligations competently.

The Exchange also may condition its approval for an applicant's DPM status, including by imposing conditions on the capital or operations of the applicant or the number of securities allocated to the applicant, which should contribute to the Exchange's ability to ensure that a DPM applicant is able to perform its DPM functions. The Commission believes that the financial requirements for DPMs proposed by the Exchange are designed to promote investor protection by ensuring that DPMs have sufficient capital to maintain an orderly market for their allocated securities.

Finally, the Commission believes that the Exchange's proposed procedures for allocating securities to DPMs should help to ensure that securities traded by the Exchange are allocated in an equitable manner, giving all DPMs a fair opportunity to obtain allocations. In addition, the Commission believes that the Exchange's proposed rule limiting each DPM's term to one year should open opportunities to all Participants to become a DPM.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁶ that the

proposed rule change (SR-C2-2012-024) be, and hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁷

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-68069; File No. SR-ICC-2012-19]

Self-Regulatory Organizations; ICE Clear Credit LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Schedule 502 of the ICC Rules To Update the Contract Reference Obligation ISINs Associated With Eight Single Name Contracts

October 18, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ notice is hereby given that on October 10, 2012, ICE Clear Credit LLC ("ICC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared primarily by ICC. ICC filed the proposal pursuant to Section 19(b)(3)(A)(iii) of the Act² and Rule 19b-4(f)(3)³ thereunder so that the proposal was effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The purpose of the proposed rule change is to update the Contract Reference Obligation International Securities Identification Numbers ("Contract Reference Obligation ISINs") in Schedule 502 of ICC's Rules in order to be consistent with the industry standard reference obligations for eight single name contracts that ICC currently clears (Beam Inc.; AT&T Inc.; Exelon Corporation; Avnet, Inc.; Cardinal Health, Inc.; The Hartford Financial Services Group, Inc.; International Paper Company; and Metlife, Inc.).

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ICC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. ICC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of these statements.⁴

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

ICC is updating the Contract Reference Obligation ISINs in order to remain consistent with the industry standard reference obligations. The Contract Reference Obligation ISINs update does not require any changes to the body of the ICC Rules. Also, the Contract Reference Obligation ISINs update does not require any changes to the ICC risk management framework. The only change being submitted is the update to the Contract Reference Obligation ISINs in Schedule 502 of the ICC Rules.

Section 17A(b)(3)(F) of the Act⁵ requires, among other things, that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivative agreements, contracts, and transactions. ICC believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to ICC, in particular, to Section 17(A)(b)(3)(F), because the update to the Contract Reference Obligation ISINs for Beam Inc.; AT&T Inc.; Exelon Corporation; Avent, Inc.; Cardinal Health, Inc.; The Hartford Financial Services Group, Inc.; International Paper Company, and Metlife, Inc. will facilitate the prompt and accurate settlement of securities transactions and contribute to the safeguarding of securities and funds associated with swap transactions that are in custody of control of ICC or of which it is responsible.

(B) Self-Regulatory Organization's Statement on Burden on Competition

ICC does not believe the proposed rule change would have any impact, or impose any burden, on competition.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received. ICC will notify the Commission of any written comments received by ICC.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act⁶ and Rule 19b-4(f)(3)⁷ thereunder because it is concerned solely with the administration of the self-regulatory organization. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.⁸
