

9141, *Application for Prevailing Wage Determination*. That form is applicable to the H-2B, H-1B, H-1B1, E-3, and PERM programs.

On April 8, 2012, the OMB approved changes to the information collected under Control Number 1205-0466, in accordance with the 2012 H-2B final rule published on February 21, 2012 (77 FR 10038). On April 27, 2012, the DOL received from the OMB a six-month approval to revert to the old information collection requirements. The approval allowed the ETA to comply with a Federal Court for the Northern District of Florida, Pensacola Division, injunction preventing the DOL from implementing the 2012 H-2B Final Rule. (*Bayou Lawn & Landscape Services, et al. v. Hilda L. Solis, et al.*, 12-cv-00183-RV-CJK.). With minor format changes (e.g., form names), these ICRs maintain the existing requirements.

The information collections covered in this notice are subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The current approval for both existing Control Numbers is scheduled to expire on October 31, 2012; however, it should be noted that existing information collections submitted to the OMB receive a month-to-month extension while they undergo review. Changes only take effect upon OMB authorization. For additional information, see the related notice published in the **Federal Register** on August 15, 2012 (77 FR 49025).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within 30 days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention the applicable OMB Control Number or ICR Reference Number as shown in the information collection listing at the end of this notice. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary

for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
