2. Municipal corporations and political subdivisions including irrigation or other districts, municipalities, and other governmental organizations; that have electric utility status by April 1, 2014. “Electric utility status” means that the entity has responsibility to meet load growth, has a distribution system, and is ready, willing, and able to purchase Federal power from Western on a wholesale basis.

3. Electric cooperatives and public utilities other than electric utilities that are recognized as utilities by their applicable legal authorities; are nonprofit in nature, have electrical facilities, and are independently governed and financed.

4. Other eligible applicants.

F. In determining allocations, Western will consider existing Federal power resource allocations of the applicants.

G. Western will base allocations to Native American tribes on actual loads experienced in the most recent calendar year. Western may use estimated load values if actual load data is not available. Western will evaluate and may adjust inconsistent estimates during the allocation process. Western is available to assist tribes in developing load estimates.

H. Western will base allocations to eligible applicants on the actual loads experienced in the most recent calendar year and will apply current marketing criteria to these loads.

I. The minimum allocation will be 1,000 kW. Applicants will be allowed to aggregate their loads to meet minimum requirements provided Western is able to schedule power deliveries in quantities of 1,000 kW or greater to the aggregated group. Western will consider making allocations under the 1,000 kW minimum conditioned upon an applicant’s ability to aggregate to 1,000 kW or greater for scheduling purposes prior to final allocation determinations.

J. Applicants seeking an allocation as an aggregated group must demonstrate to Western’s satisfaction the existence of a contractual arrangement prior to final allocation determinations. Each member of an aggregated group must meet all eligibility requirements.

K. Contractors must execute electric service contracts within six months of receiving a contract offer from Western, unless Western agrees otherwise in writing.

L. If unanticipated obstacles to the delivery of electric service to a Native American tribe arise, Western retains the right to provide the economic benefit of the resource directly to the tribe.

Regulatory Procedure Requirements

Determination Under Executive Order 12866

Western has an exemption from centralized regulatory review under Executive Order 12866; accordingly, no clearance of this notice by the Office of Management and Budget is required.

Environmental Compliance

In accordance with the DOE National Environmental Policy Act Implementing Procedures (10 CFR part 1021), Western has determined that these actions fit within a class of action B4.1 Contracts, policies, and marketing and allocation plans for electric power, in Appendix B to Subpart D to Part 1021—Categorical Exclusions Applicable to Specific Agency Actions.

Anita J. Decker,
Acting Administrator.

BILLING CODE 6450-01-P

ENVIRONMENTAL PROTECTION AGENCY

Agency Information Collection Activities; Submission to OMB for Review and Approval; Comment Request; Tier 1 Screening of Certain Chemicals Under the Endocrine Disruptor Screening Program (EDSP) (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 et seq.), this document announces that an Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval. The ICR, which is abstracted below, describes the nature of the information collection activity and its expected burden and costs.

DATES: Additional comments may be submitted on or before November 29, 2012.

ADDRESSES: Submit your comments, referencing Docket identification (ID) number (No.) EPA–HQ–OPPT–2011–0966, to (1) EPA online using www.regulations.gov (our preferred method) or by mail to: Pollution Prevention and Toxics Docket, Environmental Protection Agency Docket Center (EPA/DC), Mailcode: 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460, and (2) OMB by mail to: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: William Wooge, (7203M), Office of Science Coordination and Policy (OSCP), Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460–0001; telephone number: (202) 564–8476; fax number: (202) 564–8482; email address: wooge.william@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On August 9, 2012 (77 FR 47640), EPA sought comments on this renewal pursuant to 5 CFR 1320.8(d), and the ICR submitted to OMB includes EPA’s responses to the four comments that were received. Any additional comments on the revised ICR should be submitted to EPA and OMB within 30 days of this notice.

EPA has established a public docket for this ICR under Docket ID No. EPA–HQ–OPPT–2011–0966, which is available online at http://www.regulations.gov, or in person at the OPPT Docket in the EPA/DC, EPA West Room 3334, 1301 Constitution Ave. NW., Washington, DC. The EPA/DC Public Reading Room is open from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202–566–1744, and the telephone number for the OPPT Docket is 202–566–0280. Use www.regulations.gov to submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. Once in the system, select “search,” then key in the docket ID number identified for this ICR. Please note that EPA’s policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in www.regulations.gov as EPA receives them and without change, unless the comment contains copyrighted material, confidential business information (CBI), or other information whose public disclosure is restricted by statute. For further information about the docket, go to www.regulations.gov.

Title: Tier 1 Screening of Certain Chemicals Under the Endocrine Disruptor Screening Program (EDSP) (Renewal).
ICR Numbers: EPA ICR No. 2249.03, OMB Control No. 2070–0176.

ICR Status: This is a request to renew an existing approved collection. This ICR is scheduled to expire on October 31, 2012. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA’s regulations in title 40 of the CFR, after appearing in the Federal Register, are listed in 40 CFR part 9 and included on the related collection instrument or form, if applicable.

Abstract: This is a renewal of an existing ICR covering the information collection activities associated with Tier 1 screening of chemicals under EPA's EDSP. The EDSP is established under section 408(p) of the Federal Food, Drug and Cosmetic Act (FFDCA) (21 U.S.C. 346a(p)), which requires EPA to develop a chemical screening program using appropriate validated test systems and other scientifically relevant information to determine whether certain substances may have hormonal effects. The EDSP consists of a two-tiered approach to screen chemicals for potential endocrine disrupting effects. The purpose of Tier 1 screening is to identify substances that have the potential to interact with the estrogen, androgen, or thyroid hormone systems using a battery of assays. Substances that have the potential to interact with estrogen, androgen or thyroid systems may proceed to Tier 2, which is designed to identify any adverse endocrine-related effects caused by the substance, and establish a quantitative relationship between the dose and that endocrine effect. Additional information about the EDSP is available at http://www.epa.gov/endoh.

This ICR addresses the information collection activities for the initial list of chemicals screened under Tier 1 of the EDSP, and covers the full range of information collection activities associated with the issuance of and response to Tier 1 EDSP orders issued by EPA. The initial list was established in 2009, and consists of 67 pesticide active ingredients (PAIs) and pesticide inerts. As the renewal of an ongoing information collection activity approved under the PRA, this ICR addresses the paperwork burden associated with the continuation of the activities over the next three years. As such, the paperwork burden has been adjusted to reflect the planned progression associated with the information collection activities covered by the ICR. In addition, EPA has restructured the ICR to incorporate a presentation of the activities and related burden in a way that would match what is used in the ICR submission system.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to range between 204 and 4,919 hours per response. Burden is defined in 5 CFR 1320.3(b).

Respondents/Affected Entities: Entities potentially affected by this ICR are those that receive an EDSP test order issued by the Agency. Under FFDCA section 408(p)(6)(A), EPA “shall issue” EDSP test orders “to a registrant of a substance for which testing is required * * * or to a person who manufactures or imports a substance for which testing is required.”

Changes in Burden Estimates: There is a decrease of 63,011 hours in the total estimated annualized burden compared with that currently approved by OMB (i.e., from 161,415 hours to 98,404 hours). This is an adjustment that reflects the planned progression of the collection activities associated with the initial chemicals to be screened under Tier 1 of the EDSP.

John Moses, Director, Collection Strategies Division.

FOR FURTHER INFORMATION CONTACT: Pamela Myrick, Deputy Director, Environmental Assistance Division, Office of Pollution Prevention and Toxics, Environmental Protection Agency, Mail Code: 7408–M, 1200 Pennsylvania Ave. NW., Washington, DC 20460; and (2) OMB at: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street NW., Washington, DC 20503.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.10. On January 13, 2012 (77 FR 2058), EPA sought comments on this proposed information collection pursuant to 5 CFR 1320.8(d). EPA received one supportive comment during the comment period. Any comments related to this ICR should be submitted to EPA and OMB within 30 days of this notice.

EPA has established a public docket for this ICR under Docket ID No. EPA–HQ–OPPT–2011–0858, which is available for online viewing at www.regulations.gov, or in person inspection at the OPPT Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202–566–1744, and the telephone number for the Pollution Prevention and Toxics Docket is 202–566–0280. Use www.regulations.gov to submit or view public comments, access the index listing of the contents of the public docket, and to access those.
