and report by census-tract to FHFA under section 10(k) of the Bank Act. It is these few items that comprise the actual information collection requirement to which Bank members and housing associates may be required to respond.

The OMB control number for the information collection, which expires on October 31, 2012, is 2590–0008. The likely respondents are member and non-member financial institutions that sell AMA assets to Banks.

B. Burden Estimate

FHFA estimates that the hour burden associated with the AMA collection will be lower than that estimated when the agency last requested clearance for this control number. FHFA estimates that the total annual average number of AMA loans acquired by all Banks will be 48,000 (640 member respondents x 75 loans per respondent). The estimate average time needed for a respondent to record and transmit the relevant data to the acquiring Bank will be 5 minutes per loan. Accordingly, the estimate for the total annual hour burden on respondents is 4,000 hours (640 x 75 x 5 minutes per loan).

C. Comment Request

In accordance with 5 CFR 1320.8(d), FHFA published a request for public comments regarding this information collection in the Federal Register on August 7, 2012. See 77 FR 47069. The 60-day comment period closed on October 9, 2012. FHFA received no public comments.

FHFA requests written comments on the following: (1) Whether the collection of information is necessary for the proper performance of FHFA functions, including whether the information has practical utility; (2) the accuracy of the FHFA estimates of the burdens of the collection of information; (3) ways to enhance the quality, utility and clarity of the information collected; and (4) ways to minimize the burden of the collection of information, including through the use of automated collection techniques or other forms of information technology.
