SUPPLEMENTARY INFORMATION: The Social Security Act authorizes the DOL to prescribe standard definitions, methods and procedures, and reporting requirements for the collection of information on benefit payment accuracy and the reemployment of unemployment insurance benefit recipients to ensure the verification of these data. The DOL uses information collected on Forms ETA–9128, 9128U, and ETA–9129 to evaluate State performance in terms of service delivery and to report on the REAs, including the number of scheduled in-person reemployment and eligibility assessments, the number of individuals who failed to appear for scheduled assessments, actions taken as a result of individuals not appearing for an assessment (e.g., benefits termination), results of assessments (e.g., referral to reemployment services, found in compliance with program requirements), estimated savings resulting from cessation of benefits, and estimated savings as a result of accelerated reemployment. Information collected on Form ETA–9128U is required by the Middle Class Tax Relief and Job Creation Act of 2012, Public Law 112–96.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if it does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205–0456. The current approval is scheduled to expire on October 31, 2012; however, it should be noted that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review.

For additional information, see the related notice published in the Federal Register on August 13, 2012 (77 FR 48172).

SUPPLEMENTARY INFORMATION: This ICR describes reemployment activities for Unemployment Insurance (UI) claimants in Federal programs to comply with the Middle Class Tax Relief and Job Creation Act of 2012, Public Law 112–96. The basic report format is very similar to reporting Form ETA–9002 (see OMB Control Number 1205–0240), which covers quarterly performance data for the Wagner-Peyser.
Act funded public labor exchange. The ETA has well established reporting instructions, reporting software, reporting formats and reporting logic that are used with existing reemployment service delivery reporting for UI claimants, and this structure also serves UI claimants in Federal programs required by Public Law 112–96.

Announcement Regarding States Triggering “On” and “Off” in the Emergency Unemployment Compensation 2008 (EUC08) Program

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

SUMMARY: Announcement Regarding States Triggering “on” and “off” in the Emergency Unemployment Compensation 2008 (EUC08) Program.

The U.S. Department of Labor (Department) produces trigger notices indicating which states qualify for EUC08 benefits, and provides the beginning and ending dates of payable periods for each qualifying state. The trigger notices covering state eligibility for this program can be found at: http://owas.doleta.gov/unemploy/claims_arch.asp.

The following changes have occurred since the publication of the last notice regarding states’ EUC08 trigger status:

- With the week ending September 22, 2012, Utah had served a full 13 week “off” period in Tier 2 of the EUC08 program. Given that the trigger rate for Utah has been at the 6.0 percent trigger rate threshold, this state met the criteria to resume a payable period in Tier 2 of the EUC08 program. This payable period started with the week beginning September 23, 2012. For claimants establishing new eligibility in Tier 2, the maximum potential entitlement in Tier 2 is the lesser of 54 percent of the maximum regular Unemployment Compensation (UC) entitlement or 14 times the regular UC weekly benefit amount.
- With the week ending September 22, 2012, West Virginia and Wisconsin had both served a full 13 week “off” period in Tier 3 of the EUC08 program. Given that the trigger rate for these states had been at or above the 7.0 percent trigger rate threshold, these states met the criteria to resume a payable period in Tier 3 of the EUC08 program. The payable period for these states started with the week beginning September 23, 2012. For claimants establishing new eligibility in Tier 3, the maximum potential entitlement in Tier 3 is the lesser of 35 percent of the maximum regular UC entitlement or 9 times the regular UC weekly benefit amount.
- With the release of national unemployment data by the Bureau of Labor Statistics on September 21, 2012, the estimated three month average, seasonally adjusted total unemployment rate for Maryland met the 7.0 percent threshold necessary to trigger “on” in Tier 3 of the EUC08 program. For claimants establishing new eligibility in Tier 3, the maximum potential entitlement is the lesser of 35 percent of the maximum regular UC entitlement or 9 times the regular UC weekly benefit amount. The week beginning October 7, 2012, will be the first week in which EUC08 claimants in Maryland who have exhausted Tier 2, and are otherwise eligible, can establish Tier 3 eligibility.
- With the release of national unemployment data by the Bureau of Labor Statistics on September 21, 2012, the estimated three month average, seasonally adjusted total unemployment rate for Michigan met the 9.0 percent threshold necessary to trigger “on” in Tier 4 of the EUC08 program. For claimants establishing new eligibility in Tier 4, the maximum potential entitlement in Tier 4 is the lesser of 24 percent of the maximum regular UC entitlement or 6 times the regular UC weekly benefit amount. The week beginning October 7, 2012, will be the first week in which EUC08 claimants in Michigan who have exhausted Tier 3, and are otherwise eligible, can establish Tier 4 eligibility.
- With the week ending October 6, 2012, Texas will have served a full 13 week “off” period in Tier 3 of the EUC08 program. Given that the trigger rate for Texas is currently at or above the 7.0 percent trigger rate threshold, and no more unemployment rates will be released before October 19, 2012,
